WELCOME

TO HIGH SCHOOL ADMISSIONS

New York City residents have more high school options than students living in any other city in the country. There are over 700 programs at over 400 high schools from which to choose—deciding which ones meet your needs and interests is an exciting step toward your future.

Use this High School Directory to learn how High School Admissions works, what programs and schools interest you, and how to submit your application. Use the Action Steps Checklist on the left to plan out your eighth-grade year—remember to check the exact deadlines with your guidance counselor.

These additional resources will also help in your High School Admissions journey.

Website

nyc.gov/schools/high

Check this site throughout the year to get more information and resources. Some resources of note include:

- High Schools At Glance
- High School Information Session Calendar for Information Session or Open House dates
- Summer Family Workshop dates and materials

Family Welcome Centers

nyc.gov/schools/welcomecenters

Get admissions and enrollment help from a Family Welcome Center staff member. Family Welcome Center locations are listed on the inside back cover of this directory.

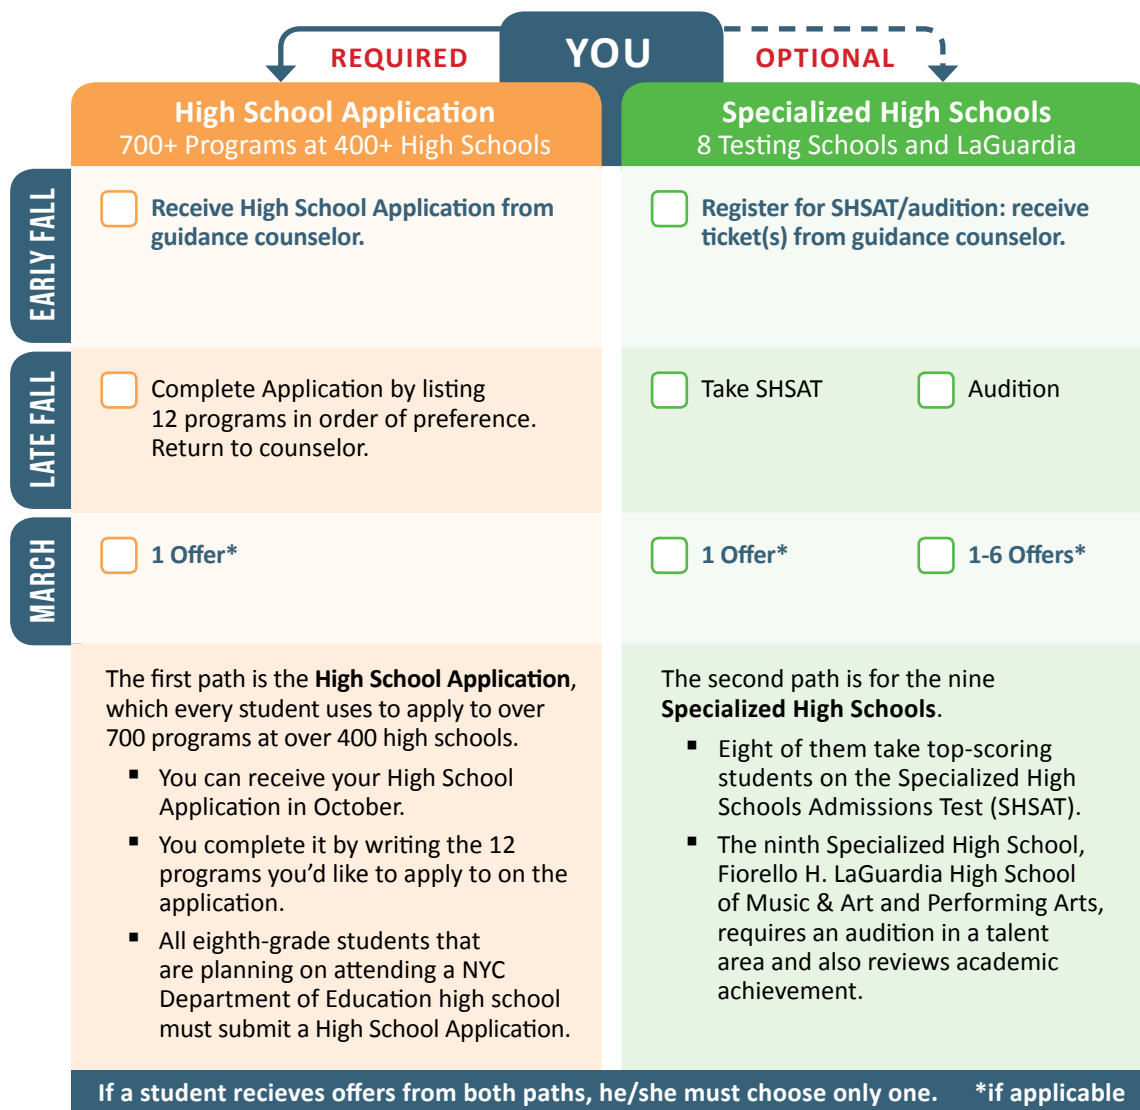

Events

Starting with High School Admissions Family Workshops this July, High School Events are a good way to learn about the High School Admissions process. Learn more about upcoming events by signing up for email updates or visiting our website.

1.0 HOW DO I PARTICIPATE IN HIGH SCHOOL ADMISSIONS?

There are two paths that students may take to receive a high school offer through the High School Admissions process—the first is to over 700 programs at over 400 high schools and the second is to nine Specialized High Schools.

1.1 Who Is Eligible to Participate in High School Admissions?

In order to be eligible to participate in the High School Admissions process, you, as a student, must be a New York City resident during the entire application process. Eighth-grade and first-time ninth-grade New York City residents can participate.

1.2 How Do I Receive and Submit a High School Application?

If you are eligible to participate, you can receive a paper copy of the High School Application in October. Applications are only available from school guidance counselors or a Family Welcome Center. (See Section 7.6 “Family Welcome Centers” or the inside of the back cover for Family Welcome Center locations.)

You must complete this paper application, listing 12 high school programs in order of preference, and return it to your guidance counselor by December 1, 2016. Request an application receipt from your school. (The receipt confirms that all the choices you listed on your application were submitted.) Make sure that the application information on the receipt is correct.

What happens if I am a(n)...

...eighth-grade student at a NYC public (Department of Education or charter) school?

- ☐ Your guidance counselor will give you a High School Application.
- ☐ Your application will come printed with your information and seventh grade academic record. Review that all information is correct. If anything is inaccurate, please tell your guidance counselor immediately.

...first-time ninth-grade student?

- ☐ Tell your guidance counselor you'd like an application.
- ☐ Review this directory to see which schools offer 10th grade seats. Schools that offer 10th grade seats for any program have this icon  on the top of their school pages.
- ☐ Check the "Program Admissions" section on the bottom of the page to learn which programs offer 10th grade seats and how many seats each program offers. Not all programs have 10th grade seats available—if you receive an admissions offer for 10th grade, you have the option of accepting the offer or staying in your current school.

...private or parochial school student?

- ☐ Eighth and first-time ninth-grade private and parochial school students who live in New York City are eligible to participate in High School Admissions.
- ☐ Work with your school guidance counselor to receive a High School Application and to make sure your previous year's report card grades, standardized reading and math test scores, and attendance record are on the application.

...new student?

- ☐ If you recently moved to New York City or transferred to a different New York City school during the High School Application period, speak with your school guidance counselor to make sure that all of your application information (report card grades, standardized test scores, and attendance record from the previous year) has been submitted with your program choices before the deadline.

1.3 How Do I Register for the Specialized High Schools Admissions Test or LaGuardia High School Auditions?

If you are interested in applying to any of the Specialized High Schools, tell your guidance counselor that you want to take the Specialized High Schools Admissions Test (SHSAT) and/or audition for LaGuardia High School. (At the start of the school year, your school may ask you to fill out the "Specialized High Schools Survey" to express your interest in the SHSAT or LaGuardia High School audition). Your counselor should then sign you up, give you a receipt, and then give you a test/audition ticket(s) by mid-October. The test/audition ticket(s) will tell you your test/audition dates, times, and locations. Test and audition dates are during late-October or November.

Taking the test or auditioning means you have applied. Offers to testing Specialized High Schools are made to students based upon their SHSAT scores, how they ranked the Specialized High Schools, and seat availability. Please see the *Specialized High Schools Student Handbook* for more information on applying to the Specialized High Schools.

2.0 HOW DO I USE THE HIGH SCHOOL DIRECTORY?

When looking for schools and programs, it is important to think about what will help you learn and grow. Start exploring by thinking about what matters to you and keep this in mind as you explore schools and programs through this directory.

Chambers Street High School | 99S123

SCHOOL OVERVIEW
Chambers Street High School is committed to academic excellence. We have an innovative program focusing on Science, Technology, Engineering, and Mathematics (STEM), as well as a performing arts program that offers extensive training in acting technique, voice, diction, and dramatic writing. Students at Chambers Street High School have opportunities to visit cultural institutions in New York City, and are regularly accepted into competitive four-year colleges.
Eligibility: Open only to Bronx students or residents.

10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Business, Health Science, Information Technology
- iLearnNYC: Program for expanded online coursework and self-paced learning
- Saturday Academy for tutoring and enrichment
- SAT Preparatory Classes

English Language Learner Programs: English as a New Language (ENL); Transitional Bilingual Education: Spanish
Language Courses: Spanish
Advanced Placement (AP) Courses: Calculus, Computer Science, Environmental Science, U.S. Government and Politics, Spanish
Diploma Endorsements: Arts, CTE, Math, Science

Opportunities to participate in twice-yearly theater productions, and to intern at a variety of New York City theater organizations.									

This directory lists every program you may write on your High School Application.

This sample school page above shows you what a typical High School Directory school page looks like and includes all the information you want to review. Keep reading to learn how to use each section.

2.1 School Overview

Use the **school overview** to learn about a school's vision and what makes it different from other schools. Use the **icons** to the right to learn if the school is a certain type and has unique programs or requirements.

SCHOOL OVERVIEW

Overview

Chambers Street High School is committed to academic excellence. We have an innovative program focusing on Science, Technology, Engineering, and Mathematics (STEM), as well as a performing arts program that offers extensive training in acting technique, voice, diction, and dramatic writing. Students at Chambers Street High School have opportunities to visit cultural institutions in New York City, and are regularly accepted into competitive four-year colleges.

10 10th Grade Seats Also Offered

Icons

Eligibility: Open only to Bronx students or residents.

GLOSSARY

 **Early College:** Early College schools blend a rigorous college-prep curriculum with the opportunity to earn up to two years of college credit while in high school at no cost to students. These schools maintain a partnership with a college to provide academic and social supports to help students develop the knowledge and skills needed to succeed in college.

14 NYC 9-14 School: These early college and career schools, also called NYC P-TECH schools (Pathways in Technology Early College High School), offer a six-year program where students earn a high school diploma, gain valuable work-based learning experiences, and can earn a no-cost Associate's degree (or up to two years of college credits). An NYC P-TECH 9-14 school's curriculum is designed around a specific career theme in collaboration with industry and community college partners. Through these partnerships, students may begin taking tuition-free college degree classes as early as 10th grade in addition to their high school core and CTE classes. They will also have ongoing career awareness, exploration, and preparation activities to develop workplace skills, including hands-on work and internship experiences. Students graduating from NYC P-TECH 9-14 schools will be prepared to go into the workforce and/or continue their postsecondary education with transferable credits.

 **Performance Assessment School:** Graduation requirements for these schools include the successful completion of performance assessments in major subject areas instead of passing certain Regents exams. Typically these assessments involve extensive research projects, presentations, and defense of students' work. Performance Assessment schools have a waiver from the New York State Education Department permitting them to award diplomas to students who earn the required course credits and complete the following assessments:

- Students at schools that are part of the New York Performance Standards Consortium are required to pass the English Language Arts Regents and complete performance assessments in science, social studies, and math.
- Students at other Performance Assessment schools are required to pass the English Language Arts and Math Regents and complete performance assessments in science and social studies.

 **School for New Arrivals:** Before you apply to these schools, review the Admissions Priorities and Selection Criteria. These schools, including schools within the Internationals Network for Public Schools, serve students who are new to the country. All have requirements regarding home language, English proficiency, and/or the amount of time

a student has lived in the United States. If your first language is English or if you speak English fluently, you should not apply to a School for New Arrivals.

Specialized High School: Specialized High Schools offer a broad liberal arts curriculum in addition to courses in their area of specialization. Eight of the nine Specialized High Schools require that students take the Specialized High Schools Admissions Test (SHSAT) for admissions consideration; the other Specialized High School—Fiorello H. LaGuardia High School of Music & Art and Performing Arts (LaGuardia High School)—requires that students audition instead of taking the SHSAT. LaGuardia High School also reviews the prior school year’s academic record and attendance information. The *Specialized High Schools Student Handbook* offers more information about each school and explains how to register for the SHSAT and LaGuardia High School auditions. It also describes LaGuardia High School audition requirements and contains a practice SHSAT. In September 2016, if you are interested in applying to any of the Specialized High Schools, tell your guidance counselor that you want to take the SHSAT and/or audition for LaGuardia High School. Your counselor should then sign you up and give you a test and/or audition ticket, which will indicate your test and/or audition date, time, and location.

Transfer School: If you are 16 to 21 years old and have fallen behind in credits or left school for an extended period of time, there are options to get you back on track toward graduation. Some schools accept students who are 15 years old. To learn more about how to earn your high school diploma at a transfer school or Young Adult Borough Center, or for more information about earning a high school equivalency diploma, please see the Additional Ways to Graduate Directory online at goingforme.org.

10th Grade Seats Also Offered: These schools have 10th grade seats available. First-time ninth-grade students may apply to these seats and are selected using the same Admissions Method as students applying to the ninth grade seats. These seats may only be available at certain programs within a school. Check the “Program Admissions” section at the bottom of the school page to see which programs offer 10th-grade seats. (All high schools offer ninth grade seats.) All first-time ninth-grade students may apply for 10th grade seats at Specialized High Schools.

2.2 School Information

Use the school’s **contact information** to reach the school to ask questions and learn when you can visit an open house. Use the **location information** to think about how you would get to this school every day.

	SCHOOL INFORMATION
Location Information	Neighborhood: Central Bronx Address: 123 City Lane, Bronx NY 99999 Shared Space: No Site Accessibility: Accessible
Contact Information	Phone: 212-555-5555 • Fax: 212-555-5556 Email: example@schools.nyc.gov Website: http://schools.nyc.gov/SchoolPortals/09/S123 Subway: U, V, X to City Lane Bus: Rxx1 Rxx3 Rxx40 Rxx42

GLOSSARY

Site Accessibility: Schools that are marked Accessible are located in a fully or partially accessible building where an individual with mobility impairment may enter and access all relevant programs and services, including the science laboratory, library, cafeteria, and the gymnasium. For more information on accessibility, please see Section 7.1 “Accessibility.”

Location: Location is important for many students' choices for High School. To find the best route from home to school by subway or bus, use the Trip Planner at [mta.info](https://www.mta.info). Type in your address and the school's address to see the route and how long your trip will take at different times of the day.

2.3 Academics

Think about how the **academic opportunities** at this school might help you learn and grow as a student.

Academic
Opportunities

■ ACADEMICS

- CTE program(s) in: Business, Health Science, Information Technology
- iLearnNYC: Program for expanded online coursework and self-paced learning
- Saturday Academy for tutoring and enrichment
- SAT Preparatory Classes

English Language Learner Programs: English as a New Language (ENL); Transitional Bilingual Education: Spanish

Language Courses: Spanish

Advanced Placement (AP) Courses: Calculus, Computer Science, Environmental Science, U.S. Government and Politics, Spanish

Diploma Endorsements: Arts, CTE, Math, Science

GLOSSARY

CTE: Career and Technical Education (CTE) programs combine rigorous academic study with applied skills in a career context. If a school has any CTE programs, they are described in the Academics section. For more information on CTE programs, please visit Section 7.2 “Career and Technical (CTE) Schools.”

English Language Learner (ELL) Programs: The ELL service delivery models offered by this school during the previous school year are listed here. For more information on ELL services, see Section 7.4 “English Language Learners.”

Language Courses: These are the language courses offered by this high school during the previous school year.

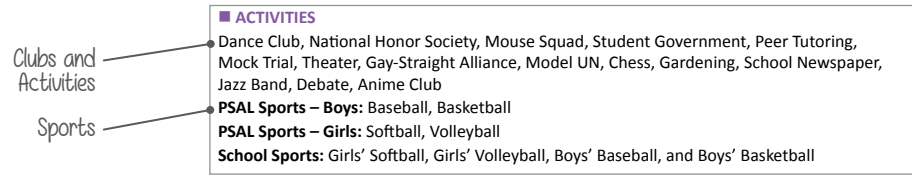

Advanced Placement (AP) Courses: These are college-level courses. Students in these courses are eligible to take college-level AP exams, which might be used for college credit. The AP courses offered at each school during the previous school year are listed in this section.

Diploma Endorsements: Students may earn diploma designations recognizing the successful completion of additional courses and exams. Each school page lists the diploma endorsements graduating students received in the previous school year.

- **Arts endorsement:** Students must complete 10 credits in one art form (visual arts, music, dance, or theater) and pass the corresponding arts assessment.
- **CTE endorsement:** Students in approved CTE programs must meet alternative credit and assessment requirements.
- **Mastery in Math** (Advanced Regents diploma only): Students must score 85 or higher on each of the three required math Regents exams (Algebra I, Geometry, and Algebra II).
- **Mastery in Science** (Advanced Regents diploma only): Students must score 85 or higher on any three science Regents exams.

2.4 Activities

Look at the different **clubs, activities, and sports** and think about what interests you. In this section, you can learn about the different activities that each school offers.

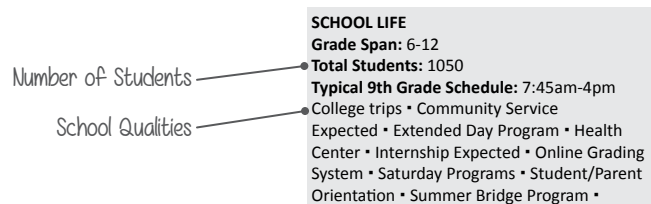

GLOSSARY

PSAL Sports: The Public School Athletic League (PSAL) coordinates interscholastic competition for all New York City Public High Schools. Each school page lists the PSAL sports offered during the previous school year. Participation in PSAL sports may have academic and attendance requirements.

2.5 School Life

Reflect on how the **number of students** and the **school's different qualities** will affect your learning.

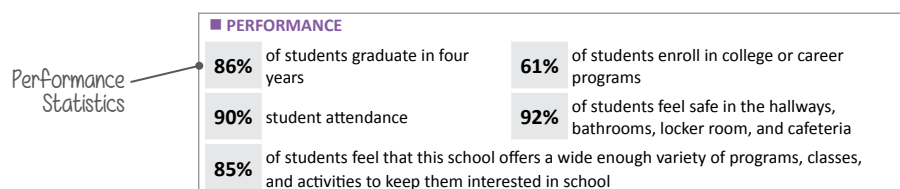

GLOSSARY

Typical 9th Grade Schedule: Each school page lists the hours during which a typical ninth-grade student is in school. When thinking about a school's location, be mindful of when you will need to arrive at and leave the school.

Community Schools: These schools offer an integrated focus on academics, health and mental health services, youth development, expanded learning opportunities (inclusive of afterschool and summer enrichment activities), and family and community supports, to ensure that students are ready and able to learn, to graduate college and to be career-ready. Each community school serves as a hub where parents and family members, community based partners, community members, and school staff come together to coordinate and integrate a range of supports based on the assets and needs of individual students.

2.6 School Performance

Compare the **performance statistics** for each school and think about how they will help you meet your goals.

The New York City Department of Education collects information about school practices and student outcomes, which can help identify each school's strengths and areas for improvement. This directory contains some of this information, which is listed on school pages and explained in more detail below. If you have any questions about this section, please speak to your school's guidance counselor or visit nyc.gov/schools/accountability, where you can find more detailed information on each school's performance in their School Quality Reports.

All citywide and borough averages are for the 2014-2015 school year. Citywide averages are listed below; borough averages are listed at the start of each borough's school pages.

GLOSSARY

Graduation Rate: Percentage of students who earned a diploma four years after entering ninth grade. City Average **70%**

Attendance: Daily attendance rate of the school's students. City Average **89%**

School Offerings: Percentage of students who feel the school offers a wide enough variety of programs, classes, and activities to keep them interested in school as reported on the NYC School Survey. City Average **76%**

College and Career Programs: Percentage of students who graduated from high school four years after they entered ninth grade and then enrolled in college, a vocational program, or a public service program within six months of graduation. City Average **53%**

School Safety: Percentage of students who feel safe in the hallways, bathrooms, locker room, and cafeteria as reported on the NYC School Survey. City Average **84%**

Additionally, the New York State Education Department (NYSED) determines the accountability status of schools based on its own set of measures. For more information about New York State Accountability, visit the NYSED website (data.nysed.gov).

2.7 Program Admissions

Review program information to determine which ones you should list on your application and learn how likely you are to receive an offer to a program.

When you fill out the High School Application, you are not just applying to schools, you are applying to programs.

- You can think of programs as “doorways” through which schools accept students.
- If a school has multiple programs, eligible students may apply to one program or more than one program at that school.
- Programs at the same school may have different Admissions Priorities and Admissions Methods. You may decide to apply to one program over another based on its admissions.

PROGRAM ADMISSIONS				Prior Year Admissions					
Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Science, Technology, Engineering and Mathematics	C52A	STEM	Screened	GE SWD	48 12	N N	336 72	7 6	Yes – 15
Eligibility: Open only to Bronx students or residents. Admissions Priorities: ❶ Priority to continuing 8th graders – 60% of offers went to this group ❷ Then to Bronx students or residents Program Description: Comprehensive CTE program that includes rigorous study in Science, Technology, Engineering, and Mathematics fields. Includes work-based learning experiences with partner organizations, including local hospitals and engineering firms. Selection Criteria <ul style="list-style-type: none"> ▪ Course Grades: English (85-100), Math (80-100), Social Studies (90-100), Science (85-100) ▪ Standardized Test Scores: English Language Arts (2.9-4.5), Math (3.2-4.5) ▪ Attendance and Punctuality 									

Program Information

ACTIVITY

HIGH SCHOOL DIRECTORY SCAVENGER HUNT

Find a school that you are interested in from this directory to complete the scavenger hunt below. Fill in information about that high school.

How many students go to this school? How do I feel about a school this size?

If I'd like to find out how to visit this school, what phone number, email, or website can I use to get information?

What trains and/or buses go to this school? How long will it take me to get there?

What time does a typical day start for ninth graders?

What are two academic opportunities this school has that interest you? Why are you interested in these?

What are two specific courses this school has that interest you? Why are you interested in these?

What are two activities this school has that interest you? Why are you interested in these?

How many programs does this school have? Which ones are you interested in applying to?

GLOSSARY

Code: To apply to a program, you must write this code on your High School Application.

Interest Area: This tells you about the types of classes and opportunities you may have in this program.

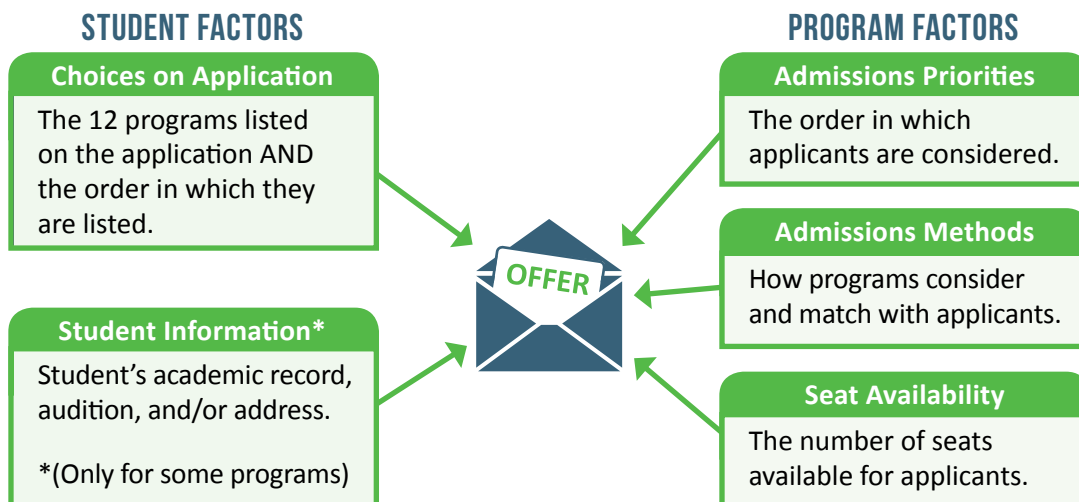

To learn about program admissions and how offers are determined (including seats, Admissions Methods, and Admissions Priorities), please visit Section 3.0 “How Are High School Offers Determined?”

Stop & Learn This is the end of Section 2.0 “How Do I Use the High School Directory?” Complete the activity “High School Directory Scavenger Hunt” before you move on to the next section.

3.0 HOW ARE HIGH SCHOOL OFFERS DETERMINED?

Information on each of these factors that determine high school offers can be found in the “Program Admissions” section of each school page. Read this section to learn about each of these factors and to get tips on how to apply.

Students should list 12 programs on their application.

- Listing fewer than 12 programs works against you by making it less likely that you will receive an offer from your application.
- Listing fewer than 12 programs does not increase your chance of matching with a top choice.
- 97% of students who listed 12 programs on their application received an offer to a choice on their application.

1.0

2.0

3.0

4.0

5.0

6.0

7.0

Students should list programs on their application in their true order of preference starting with their top choice.

- High Schools cannot see where you list them.
- Where you list a school on your application does not affect your chances of being considered.

HIGH SCHOOL PROGRAM CHOICES
In your priority order, write down the program code, program name and school name for up to 12 choices.

Choice Order	Program Code	Program Name	School Name
1	5 3 4 A	Science, Technology, Engineering and Mathematics	Chambers Street High School
2			
3			
4			
5			
6			
7			
8			
9			
10			
11			
12			

3.1 Admissions Priorities

Admissions Priorities determine the order that applicants are considered for placement for each program. This means students are considered in groups. All students in the first priority group will be considered first. If seats are available, students in the second priority group will be considered next, and so on.

PRIORITY GROUP 1

PRIORITY GROUP 2

(if applicable)

PRIORITY GROUP 3

(if applicable)

Let's review an example of Admissions Priorities from a school page.

PROGRAM ADMISSIONS				Prior Year Admissions					
Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Science, Technology, Engineering and Mathematics	C52A	STEM	Screened	GE SWD	48 12	N N	336 72	7 6	Yes – 15
Eligibility: Open only to Bronx students or residents. Admissions Priorities: ❶ Priority to continuing 8th graders – 60% of offers went to this group ❷ Then to Bronx students or residents Program Description: Comprehensive CTE program that includes rigorous study in Science, Technology, Engineering, and Mathematics fields. Includes work-based learning experiences with partner organizations, including local hospitals and engineering firms. Selection Criteria <ul style="list-style-type: none"> Course Grades: English (85-100), Math (80-100), Social Studies (90-100), Science (85-100) Standardized Test Scores: English Language Arts (2.9-4.5), Math (3.2-4.5) Attendance and Punctuality 									

Admissions Priorities

This means that priority group 1 is all continuing eighth graders that listed S34A (Science, Technology, Engineering and Mathematics) on their application. These students will be considered before priority group 2, which is all Bronx students or residents who listed this program on their application. This also tells us that 60% of offers during the previous year went to continuing eighth graders.

Here are common Admissions Priorities used to determine offers.

What is in the directory	What it means
"Priority to continuing 8th graders"	Continuing Eighth Graders Priority: This is for students that are at a 6-12 or K-12 school. Continuing eighth grade students are in the first priority group for the high school and are guaranteed to match if they do not match to anything ranked higher on their application. Check your application to see if you have a continuing school.
"Priority to Bronx students or residents" or "Priority to District 32 students or residents"	Geographic Priority: Students may have priority based on the district, borough, or geographic area in which they live and/or go to school. If a student lives and goes to school in different boroughs or districts, that student has priority in both places.
"Priority to New York City residents who attend an information session"	Limited Unscreened Priority: Students who signed in at a program's open house or at the school's table at a fair are moved to a higher priority group. This happens with programs that use a Limited Unscreened Admissions Method.
"Priority to students who apply and live in the zoned area"	Zoned Priority: Students who live in a certain area will have priority. To find out if you live in a zoned area, check your application or visit schools.nyc.gov/SchoolSearch .

3.2 Eligibility

Some programs are only open to certain students. You must meet the eligibility requirements in order to apply. Eligibility requirements might be based on where you live, your gender, your home language, or other factors. Eligibility requirements are listed in the "Program Admission" section for each program and also underneath the school overview.

PROGRAM ADMISSIONS				Prior Year Admissions					
Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Science, Technology, Engineering and Mathematics	C52A	STEM	Screened	GE SWD	48 12	N N	336 72	7 6	Yes – 15
Eligibility: Open only to Bronx students or residents. Admissions Priorities: ❶ Priority to continuing 8th graders – 60% of offers went to this group ❷ Then to Bronx students or residents Program Description: Comprehensive CTE program that includes rigorous study in Science, Technology, Engineering, and Mathematics fields. Includes work-based learning experiences with partner organizations, including local hospitals and engineering firms. Selection Criteria <ul style="list-style-type: none"> Course Grades: English (85-100), Math (80-100), Social Studies (90-100), Science (85-100) Standardized Test Scores: English Language Arts (2.9-4.5), Math (3.2-4.5) Attendance and Punctuality 									

Eligibility

3.3 Seats

Review the number of available seats in a program and the number of applicants for those seats. The number of applicants per seat will affect your chance of being matched.

PROGRAM ADMISSIONS				Prior Year Admissions					
Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Science, Technology, Engineering and Mathematics	C52A	STEM	Screened	GE	48	N	336	7	Yes – 15
				SWD	12	N	72	6	
Eligibility: Open only to Bronx students or residents.									
Admissions Priorities: ❶ Priority to continuing 8th graders – 60% of offers went to this group ❷ Then to Bronx students or residents									
Program Description: Comprehensive CTE program that includes rigorous study in Science, Technology, Engineering, and Mathematics fields. Includes work-based learning experiences with partner organizations, including local hospitals and engineering firms.									
Selection Criteria									
▪ Course Grades: English (85-100), Math (80-100), Social Studies (90-100), Science (85-100)									
▪ Standardized Test Scores: English Language Arts (2.9-4.5), Math (3.2-4.5)									
▪ Attendance and Punctuality									

Each high school program has a specific number of seats available for incoming students. Available seats are divided into two groups.

- One group of seats is reserved for students who are part of the general education population and students who receive special education instructional programming for 20% or less of their academic program (GE).
- The second group of seats is for students who receive special education instructional programming for more than 20% of their academic program (SWD).

Student applications will be automatically assigned to one group of seats. For students with disabilities, this is based on their current Individualized Education Program (IEP). The number of seats in each group is based on the percentage of students with disabilities in that school's borough.

Seats groupings are used for admissions purposes only—all students with IEPs will receive services. The number of available seats for each group of students in the prior year is shown next to each program.

Programs that filled all seats in Round 1 of the prior year admissions are marked with a “Y” in the Program Admissions section.

TIP List some programs with six or fewer applicants per seat to increase your chances of receiving an offer from your application.

3.4 Admissions Methods

Admissions Methods determine the way students are selected to receive an offer to a particular high school program. Keep reading for a list of all methods and note that Admissions Methods change by program, so a school with more than one program may have different admissions methods for each program. Each program's Admissions Method can be found on the school page in the “Program Admissions” section.

PROGRAM ADMISSIONS				Prior Year Admissions					
Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Science, Technology, Engineering and Mathematics	C52A	STEM	Screened	GE SWD	48 12	N N	336 72	7 6	Yes – 15

Eligibility: Open only to Bronx students or residents.

Admissions Priorities: ❶ Priority to continuing 8th graders – 60% of offers went to this group ❷ Then to Bronx students or residents

Program Description: Comprehensive CTE program that includes rigorous study in Science, Technology, Engineering, and Mathematics fields. Includes work-based learning experiences with partner organizations, including local hospitals and engineering firms.

Selection Criteria

- Course Grades: English (85-100), Math (80-100), Social Studies (90-100), Science (85-100)
- Standardized Test Scores: English Language Arts (2.9-4.5), Math (3.2-4.5)
- Attendance and Punctuality

Admissions Method

Audition: These programs rank students based on their performance in an audition that evaluates how strong they are in a specific performing arts and/or visual arts area. Audition requirements, dates, and times are included on the school pages. Some Audition programs may also consider students' academic performance and attendance from the prior school year.

Educational Option (Ed. Opt.): Educational Option programs are meant to serve students having a wide range of academic levels. These programs admit students who have high, middle, and low reading levels. Half of the students in each reading level group will be selected based on their rankings from the school using multiple criteria. The other half will be selected randomly from the remaining applicants.

Limited Unscreened: Limited Unscreened programs give priority to students who demonstrate interest in the school by attending a school's information session(s), open house event(s), or by visiting the school's table at any one of the High School Fairs. You must sign in at these events to receive priority to the school's Limited Unscreened program(s). Within priority groups, students are randomly selected.

Screened: These programs rank students based on criteria that may include final report card grades, ELA and math standardized test scores, and attendance and punctuality from the prior school year. Each Screened program may also list additional requirements that are considered, such as an interview, essay, on-site exam, or demonstrated interest in the school (such as attendance at an Open House or other school visit) in the selection criteria section of the directory.

Screened: Language: These programs provide services for students with a minimum level of English language acquisition. Admission is based on a student's level of knowledge of the English language and, in some cases, on home language. English Language Learners have priority for these programs.

Screened: Language & Academics: Programs listed as Screened: Language & Academics are similar to Screened: Language programs but also review final report card grades and standardized test scores.

Test: Test programs require students to take the Specialized High Schools Admissions Test (SHSAT) for entrance. Eight of the Specialized High Schools are the only schools that require the SHSAT. For more information, please review the *Specialized High Schools Student Handbook* or see Section 1.3 "How Do I Register for the Specialized High Schools Admissions Test or LaGuardia High School Auditions?"

Unscreened: Students who apply to Unscreened programs are randomly selected from the entire applicant pool.

Zoned: Zoned programs admit students who live in a geographically designated area. To determine if you are zoned to a high school, enter your address in the School Search tool at nyc.gov/schools/SchoolSearch or call 311. There are two types of zoned programs:

1.0

2.0

3.0

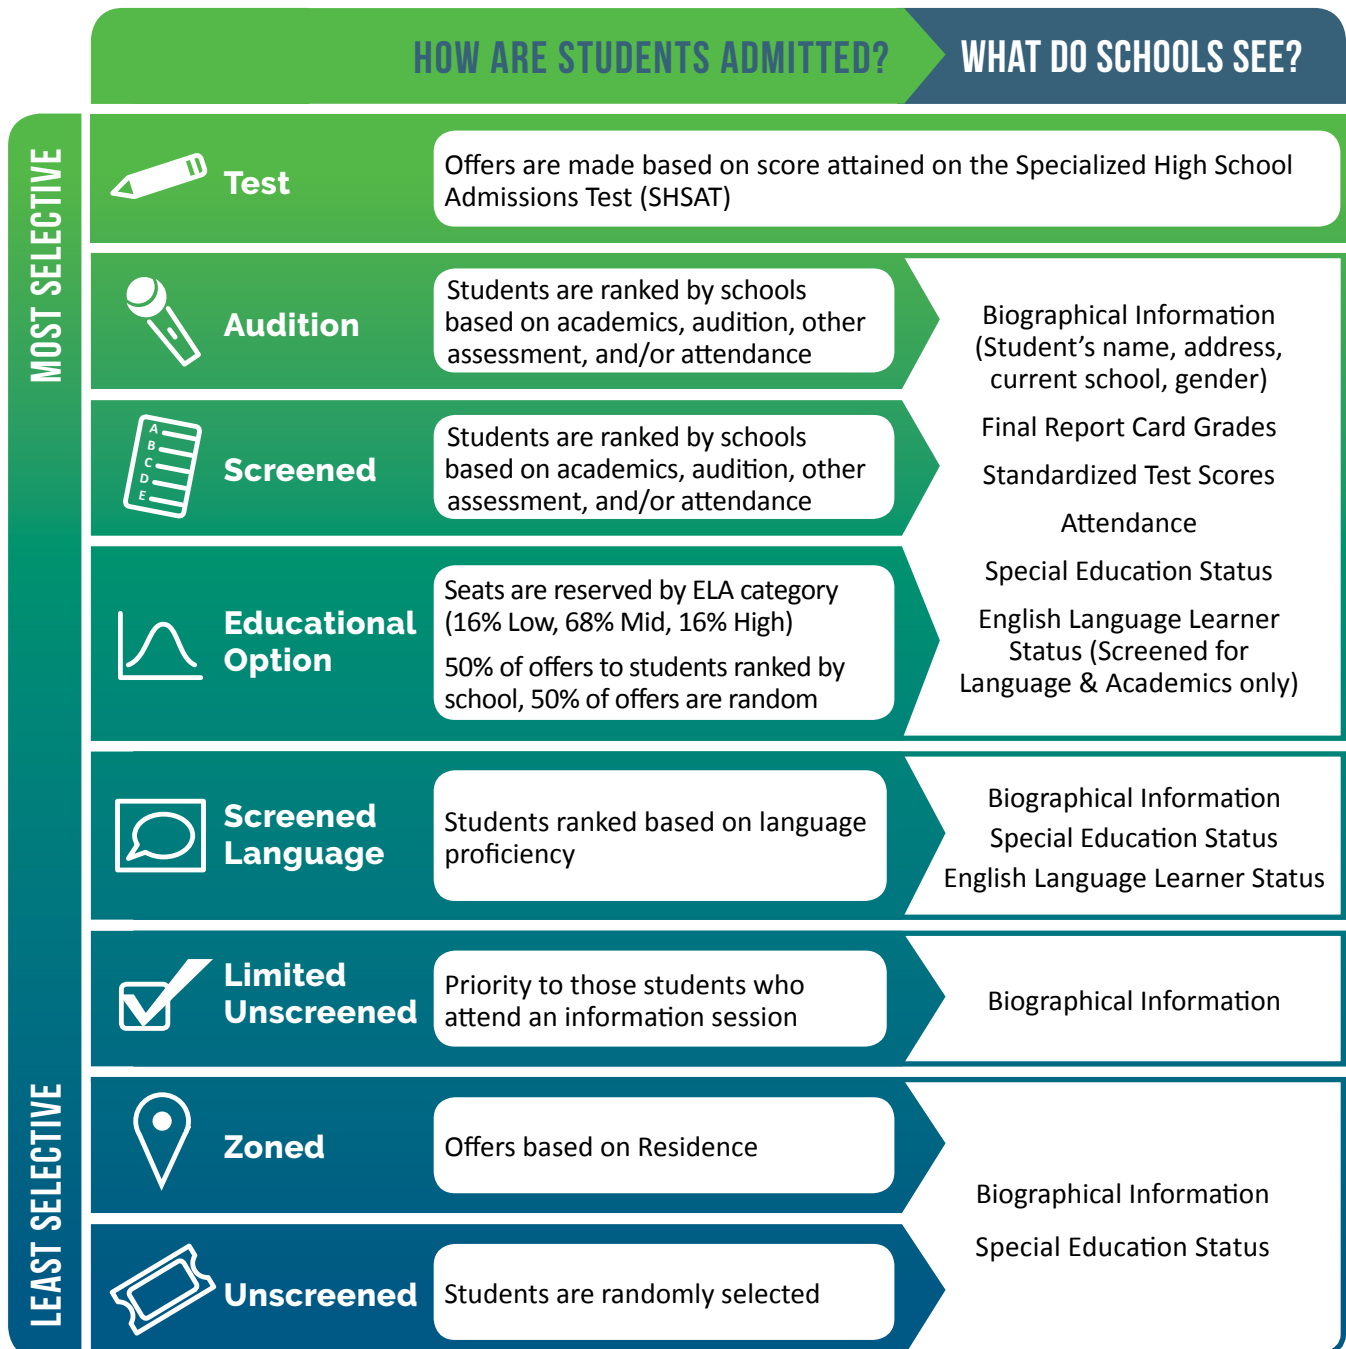

4.0

5.0

6.0

7.0

The Types of HIGH SCHOOL ADMISSION METHODS

- **Zoned Priority:** Programs that give priority to students who apply and live in the zoned area of the school. Admission to these programs is based on seats. This means that even if you are zoned to this school, you may not be matched there if there are more applicants than available seats.
- **Zoned Guarantee:** Programs that guarantee admission to students who apply and live in the zoned area of the high school. Admission to these programs is granted if the applicant does not match to any of the programs listed above it on his or her application.

Guaranteed Offers: Students who are eligible for a Zoned Guarantee program or a continuing school are guaranteed to receive an offer from that program if they do not match to anything higher on their application. You should rank a guaranteed program *after* any other program you prefer. To see if you have a guaranteed program, check your High School Application.

7.0

3.5 Selection Criteria

Selection criteria are what Screened, Audition, and Ed. Opt. programs look at when considering students. Some schools might list additional requirements, such as an interview.

Programs that consider course grades and state exams will show the ranges for students who received offers in recent years. These ranges are for students who received offers to ninth-grade seats, and who were part of the general education (GE) seat group. Ranges for students who received offers and were part of the students with disabilities (SWD) seat group may be different. Ranges may vary from year-to-year, depending on the applicants to each program. (Note that programs with small incoming classes may not display ranges.)

- Programs with a Screened, Audition, or Ed. Opt. Admissions Method use rubrics to determine how to rank students. These rubrics explain how schools review each of the selection criteria components and can include more specific information about requirements such as demonstrated interest. Reading through these rubrics can help you understand the expectations that screened programs have for students, and your chances of being ranked by the school. Reach out to a school directly to learn about its rubric.
- If there are not enough applicants who meet a school's published selection criteria, or if a school does not rank enough applicants to fill their seats, the Office of Student Enrollment may make additional offers to students based on academic performance and other criteria relevant to the program.
- For any program with an academic screen, New York State ELA and math test results will not be the sole, primary, or major factor in admissions decisions, consistent with New York State law. Instead, multiple measures, which may include State test results, will be used to make admissions decisions for Screened, Audition, or Ed. Opt. programs. Students without test scores are eligible to apply to these programs, and schools have been instructed to develop policies around how to treat these students in admissions decisions. Please reach out to schools directly to learn more about their individual policies.

PROGRAM ADMISSIONS				Prior Year Admissions

ACTIVITY

Admissions Priorities

Here are the program admissions for the “Adams Street School.” This school is a continuing school with grades 6-12. Students that currently attend this school for 8th grade are considered continuing 8th graders.

PROGRAM ADMISSIONS				Prior Year Admissions					
Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Adams Street School	S38G	Humanities & Interdisciplinary	Ed. Opt.	GE	108	N	638	6	Yes - 10
				SWD	10	Y	58	6	
Admissions Priorities: ❶ Priority to Continuing 8 th graders – 40% of offers went to this group ❷ Then to Brooklyn students or residents ❸ Then to New York City residents									

Here are three 8th grade students who are applying to high school this fall. Use the information about the students to answer the questions below. (*Hint: look at Admissions Priorities*)

	Jacob	Carmen	Julia
The borough this student lives and goes to school in:	Brooklyn	Brooklyn	Queens
This student goes to “Adams Street School” for 8th grade:	No	Yes	No

1) Which of these students are eligible for the Adams Street High School Program? Why?

2) Which of these students is in the first priority group? Why?

3) Which of these students is in the second priority group? Why?

4) Which of these students is in the third priority group? Why?

Thinking about MY application!

What borough(s) do I have priority in? (The borough I live in and the borough I go to school in.):

What district(s) do I have priority in? (The district I live in and the district I go to school in.):

Yes or No: do I have a **continuing school**? If yes, what is my continuing school?

Answers:

1) Jacob, Carmen, and Julia are all eligible for this school, because Admissions Priorities include “New York City students and residents.”

2) Carmen, because she is a continuing 8th grader.

3) Jacob, because he is not a continuing 8th grader but lives and goes to school in Brooklyn.

4) Julia, because she is not continuing 8th grader and does not live or go to school in Brooklyn.

The table below summarizes the common audition components for each type of arts program. Additional information may be found on each school's directory page.

Program	Common Audition Requirements
Visual Arts	Prepare and present a portfolio with 8-15 pieces of original artwork with a diversity of subject matter and use of media. Three dimensional pieces may be photographed and included in the portfolio. Complete up to three drawing assignments at the audition. Drawing assignments may include: the human figure, and drawing from observation or imagination. Check school's website for examples.
Dance	Participate in both a ballet class and a modern dance class. Female applicants must wear a leotard, footless or convertible tights, and ballet shoes. Males should wear a fitted t-shirt, black leggings, fitted black sweatpants or black tights, and ballet shoes. Refer to school's directory page or website to see if a prepared solo is necessary.
Instrumental Music	You may audition on more than one instrument. Perform a prepared solo selection. Bring your own instrument(s) (except piano, tuba, double bass, harp, percussion and guitar amplifiers, which are provided by the school). Audition includes on-site music tasks (may include singing back melodic patterns, tapping back rhythmic patterns, play selected scales, or completing a sight reading, music theory or improvisation task).
Vocal Music	Perform a song in a medium key that you have prepared and bring the sheet music. Song recommendations may also be listed on schools' websites. Vocal singers will also be asked to repeat vocal phrases to test rhythm, tonal memory, and basic vocal technique. Ability to incorporate directions from teacher will be considered.
Drama / Theater Arts / Performing Arts	Perform two contrasting monologues (one minute each). Perform an on-demand dramatic or movement activity (e.g. impromptu reading from provided script or improvisation). Wear attire that allows free movement.
Film	Portfolio including two storyboards (each a minimum of ten frames each) depicting a scene from imagination and a 250-word essay describing your interest in filmmaking. At the audition, students will be given a description of a short action and will be asked to draw a storyboard on the spot. Optional: Submit a sample of any film or films you have participated in. Films should be submitted on a USB thumb drive, in .mov or .mp4 format. Describe your role in the making of the film on in an accompanying written statement.

Programs may have different "tests" that they offer on-site, including an interview, or on-demand writing sample, which may impact your preparation. Please read each school's directory page or school webpage, or contact the school directly for more details.

Stop & Learn This is the end of Section 3.0 "How Are High School Offers Determined?" Complete the activity "Admissions Priorities" before you move on to the next section.

ACTIVITY

Asking Questions at High School Events

When you speak with a school representative at a fair or open house, try to ask one question from each box. Create your own questions to learn more about a school.

School Culture

How do you support students looking for extra help with their classes?
Are there opportunities to volunteer or be involved in the community?

My Question: _____

Typical Ninth-Grade Program

What time does the day start and end?
What time do students usually finish their clubs and activities?
Are there classes or activities specifically for ninth graders?
How does your school communicate with new students the summer before ninth grade?

My Question: _____

Courses

What are some examples of courses students can take?
What are your most popular courses?
What language courses do you offer?
What makes your school's courses different from other schools?

My Question: _____

College and Career Readiness

How do you support students towards college?
What colleges do students from your school usually go to? Why?
What CTE certification programs does your school offer?

My Question: _____

Admissions

If you have a screened program, what are your selection criteria?
Are there any special steps I should take to be considered?
What are your admissions priorities?

My Question: _____

4.0 HOW DO I LEARN MORE ABOUT SCHOOLS AND PROGRAMS?

After you've explored schools and programs using the High School Directory, start planning your visits to high school fairs and open houses.

4.1 Citywide and Borough Fairs

Citywide High School Fair

Borough High School Fairs

Attend the High School Fairs in the fall. At these events, you can meet with representatives from different schools on the same day, in the same place. Visit nyc.gov/schools/high for the latest news on fair dates and locations. Remember to sign-in at the table of each school you talk with; signing in will increase your chance of receiving an offer from schools with a "Limited Unscreened" Admissions Method.

4.2 School Visits

Make time to visit schools! Contact schools directly to find out if they have special events, open houses, or student-guided tours. Talk to the principal, teachers, and current students and test the commute. Use our Information Session Calendar at nyc.gov/schools/high to see school Information Session or Open House dates. (If you don't see a school on the Information Session Calendar, be sure reach out to the school directly.)

You can visit schools with your parents/guardian, older siblings, or family friends. Talk with your guidance counselor to learn about opportunities to visit schools. If other students at your school are interested in visiting the same high school, visit together and compare notes later.

TIP

School Visits: When visiting schools, always: 1. Sign in clearly, because some programs will use this to move you to a higher priority group 2. Ask questions.

Stop & Learn This is the end of Section 4.0 "How Do I Learn More About Schools and Programs?" Complete the activity "Asking Questions at High School Events" before you move on to the next section.

1.0

2.0

3.0

4.0

5.0

6.0

7.0

5.0 WHAT MAKES A GOOD HIGH SCHOOL APPLICATION?

Applications are due to guidance counselors by December 1, 2016. Make sure you have carefully and correctly entered all program codes and that your parent or guardian has signed the application. Request a receipt from your guidance counselor, and make sure all information on it is correct.

- ☐ **You should rank programs that you believe will help you learn and grow.**
 - Think about your interests, your learning needs, and how you'd get to and from the school.
 - Talk with your family, guidance counselor, and teachers about your application choices.
- ☐ **You should rank 12 programs on your application.**
 - Listing fewer than 12 works against you by making it less likely you receive an offer from your application.
- ☐ **You should list programs in your true order of preference starting with your top choice.**
 - High Schools cannot see where you list them.
 - High Schools should not ask where you've listed them, or insist that you list them first.
 - If you are not matched with a top-choice school, you are at no disadvantage when being considered by a school lower on your application.
- ☐ **If you are applying to "reach" programs, be sure to include "target" or "likely-match" programs on your application.**
 - If you have a guaranteed program, you should strongly consider putting it on your application after other programs you'd prefer.

6.0 WHEN DO I RECEIVE MY HIGH SCHOOL OFFER?

High School Admissions has two rounds. In March 2017, the Department of Education will send each student a letter with their offer from the High School Application and any offers from a testing Specialized High School and/or any of the studios at LaGuardia High School. If you receive multiple offers, you must choose one. These letters mark the end of Round 1.

Round 2 takes place in March 2017 after Round 1 results letters are given out. In Round 2, you can only apply to programs that have availability.

The following students should apply in Round 2:

- Students who didn't apply in Round 1.
- Students who didn't receive an offer in Round 1.
- Students who prefer a program with Round 2 availability over their Round 1 offer.
- **Students will receive or can request a Round 2 application and program list from their guidance counselor in March 2017.**
- **Choose up to 12 programs from the Round 2 program list and submit a new application.**

A Round 2 offer replaces a Round 1 Offer. Students will not be able to choose between offers. All eligible students are placed by the end of Round 2.

Stop & Learn This is the end of Section 6.0 "When Do I Receive My High School Offer?" Complete the activity "Admissions True or False?" before you move onto the next section.

ACTIVITY

Admissions True or False?

Read each statement about applying to high school. Circle if the statement is true or false.

1) I should list 12 programs on my High School Application.	True	False
2) If I sign in while visiting a program that uses a "Limited Unscreened" Admissions Method, I'm more likely to receive an offer from that program.	True	False
3) I can apply to high schools outside my neighborhood and district.	True	False
4) I'll get offers from several programs I listed on my High School Application.	True	False
5) If a high school has multiple programs, I can list more than one of them on my application.	True	False
6) The High School Application I'm filling out this fall is the best opportunity I'll have to apply to high schools in NYC.	True	False
7) If I'm happy with my Round 1 offer I should apply to Round 2.	True	False

Answers:

- 1) True – 97% of students who listed 12 programs received an offer to one of the programs on their High School Application.
- 2) True – Programs with a "Limited Unscreened" Admissions Method move students who have signed in to a higher priority group.
- 3) True – You can apply to high schools throughout New York City. Check the school's eligibility to make sure you can apply; learn and think about how long it will take you to get to school each day before you apply.
- 4) False – You will receive only one offer from your High School Application; rank programs in your true order of preference to increase your chances of receiving an offer to a top choice.
- 5) True – You can list as many programs from a school as you are eligible for; think about the different Admissions Methods and interest areas of each program at a school before applying.
- 6) True – Round 1 is your only opportunity to apply to schools when there is complete availability; spend time to explore your options and complete a thoughtful application.
- 7) False – You should only apply in Round 2 if you don't have a Round 1 offer or if you prefer a program with Round 2 availability over your Round 1 offer.

7.0 ADDITIONAL HIGH SCHOOL ADMISSIONS INFORMATION

7.1 Accessibility

The Department of Education is committed to ensuring that its programs, services, and activities are accessible to staff, members of the school community, students, and family members with disabilities. The Department of Education assesses its buildings on a continuing basis to determine which schools are accessible to individuals with disabilities.

Accessible Schools are located in a fully or partially accessible building where an individual with mobility impairment may enter and access all relevant programs and services, including the science laboratory, library, cafeteria, and the gymnasium; in some cases school programs may need to be re-located to accommodate access. At least one restroom is accessible. For the most up-to-date information on the accessibility of each school, please contact the school directly. Families are encouraged to visit schools to learn about the level of accessibility. For more information, please visit <http://schools.nyc.gov/Offices/OSP/Accessibility>.

7.2 Career and Technical Education (CTE) Schools

Career and Technical Education (CTE) programs and schools provide students with rigorous academic course work with a sequence of applied skills in a career pathway. CTE programs offer a wide range of industry options for students leading to potential postsecondary and career opportunities. CTE students have the opportunity to earn Advanced Regents diplomas, pursue industry-recognized credentials and additional industry training, and/or receive support entering the workforce.

CTE programs also support progress into employment and/or postsecondary education by offering a final assessment that signifies to employers and educational institutions a mastery of related concepts and skills. Outside of the classroom, students can take part in internships, receive mentoring, and participate in job shadowing and other real life experiences.

Many schools offer dedicated CTE programs. To determine if a school offers a CTE program, refer to the Academics section of a school's page.

Please visit nyc.gov/schools/ChoicesEnrollment/SpecialPrograms/CTE for a comprehensive list of CTE programs of study or ask schools directly whether they offer any CTE programs. You may also visit www.cte.nyc for additional information.

7.3 Charter Schools

Charter schools, which are founded by not-for-profit Boards of Trustees, are independent public schools that operate under a contract or "charter" of up to five years. Many charter schools have unique educational approaches that may include longer school days, a longer school year, and/or thematic programs. Themes are diverse and can range from special language instruction to an emphasis on arts or science. Any student eligible for admission to a New York City public school is eligible for admission to a public charter school. Interested students or families should contact each charter school directly to receive specific information about the school's application process. For a list of charter schools, please refer to the back of this directory. Visit schools.nyc.gov/community/charters/information/directory.htm or call **212-374-5419** for more information about charter schools in New York City. For information about specific charter schools, contact the schools directly.

7.4 English Language Learners

English Language Learners (ELLs) may apply to any of the programs listed in this directory as all New York City Department of Education schools provide a range of supports and services for ELL students to develop their English proficiency and prepare them for success in school, college, and/or careers. No school may deny admission, registration or enrollment, to a student based on the student's ELL or perceived ELL status or an ELL student's ELL proficiency level (as determined by a formal assessment test). There are three different ELL service delivery models offered in New York City public high schools:

Program	Definition
English as a New Language (ENL)	English as a New Language programs, which used to be called English as a Second Language or ESL, provide instruction in English with support in the students' home language so that they can learn to read, write, and speak English. Students in this program can come from many different language backgrounds, and English may be the only common language among them.
Transitional Bilingual Education (TBE)	Transitional Bilingual Education programs provide reading, writing, and other classes in English and in your child's home language. As students' English improves, time spent learning in English increases and time spent learning in the home language decreases. Once your child is no longer identified as an English Language Learner, he or she will exit the program.
Dual Language (DL)	In Dual Language programs, students are taught in two languages: English and their home language, such as Spanish, Chinese, or French, among others. The goal of this program is for students to be able to read, write, and speak in both English and their home language. In Dual Language classes, the home language and English are used equally.

7.5 Special Education Services

Students with disabilities may apply to any high school program listed in this directory. These students should follow the same steps outlined in this directory as their non-disabled peers in order to participate in High School Admissions. They may take the Specialized High Schools Admissions Test (SHSAT) and apply for all screened and audition programs, as well as any other high school programs of interest. If a student's IEP shows that s/he receives testing accommodations, the accommodations (as long as they do not change what the test or task is measuring) will be provided during the SHSAT administration, school-based screening activities, and auditions. For more information, see this FAQ and presentation on testing accommodations: schools.nyc.gov/Academics/SpecialEducation/Classroom/instruction/accommodations.

Every high school participating in High School Admissions is expected to welcome and serve students with disabilities in accordance with their Individualized Education Programs (IEPs). The IEP team at the high school will review the IEP to ensure that all services and supports are in place. In some cases, the IEP team may meet to refine the IEP to better meet student needs.

High School programs have a group of seats for students whose IEPs specify special education instructional programming for more than 20% of their academic program. Special education instructional programming includes Integrated Co-Teaching (ICT) classes, Special Class (SC), and Special Education Teacher Support Services (SETSS). Related Services, such as speech, occupational therapy (OT), and physical therapy (PT), are not considered special education instructional programming for the purposes of High School Admissions. Seats are used for admissions purposes only; all students with IEPs will receive services.

4.0

5.0

6.0

7.0

Students with disabilities who are recommended for and have attended a District 75 program and are considering a high school outside of District 75 should work with their IEP team to determine whether the recommendation for District 75 for high school is still appropriate. If the student's IEP team determines that the student no longer needs District 75, then the student participates in High School Admissions through the current District 75 school. (See Section 1.0 "How do I Participate in High School Admissions?") If a student's IEP currently recommends a District 75 program and the IEP team determines that the student will continue in District 75 for high school, the District 75 Placement Office will notify the student of his or her District 75 high school placement in May or June. For more information, visit nyc.gov/schools/Academics/SpecialEducation.

7.6 Family Welcome Centers

Family Welcome Center staff members are available to assist New York City families with enrollment in pre-Kindergarten through high school. Family Welcome Centers are open 8am to 3pm, Monday through Friday. Visit nyc.gov/schools/welcomecenters for more information. If you are new to New York City or moving to the city soon, visit the New Students page to learn about how to register and what documents to bring.

SCHOOL OVERVIEW

The Academy for Language and Technology (ALT) nurtures inquiry learning, character development, and community building. Our focus is to prepare students to compete in the global economy. Students connect technology to real-world experiences via internships and they develop literacy in both Spanish and English. Ninth graders enter one of our three technology-focused programs: media communications, computer networking, or computer technology. Our school environment—built on community, leadership, and social activism—encourages our students to grow into articulate, responsible citizens.

 School for New Arrivals

Eligibility: Open only to New York City residents who have lived in the United States four years or fewer, whose home language is Spanish, and are of limited English proficiency.

ACADEMICS

- CTE program(s) in: Information Technology
- iLearnNYC: Program for expanded online coursework and self-paced learning
- Saturday Academy
- Academic Intervention Services
- Regents Preparatory Classes, SAT Preparatory Classes, AP Courses and Exam Preparation

English Language Learner Programs: English as a New Language; Transitional Bilingual Education: Spanish

Language Courses: Spanish

Advanced Placement (AP) Courses: Environmental Science, US Government and Politics

ACTIVITIES

Adobe Photoshop, ALT Community Service Committee, ALT News, Dance Club, Leadership, Microsoft Applications, National Honor Society, MOUSE Squad, Y-PLAN, Student Government

PSAL Sports—Boys: Baseball, Basketball

PSAL Sports—Girls: Softball, Volleyball

School Sports: Girls Softball, Girls Volleyball, Boys Baseball, and Boys Basketball

Program Description: This program offers proficiency in Cisco to take the Cisco Certified Networking Associate Exam (CCNA). Successful completion of this program prepares students to install computer connections, program routers, and maintain computer networks.									

SCHOOL OVERVIEW

The Academy for Scholarship and Entrepreneurship is a small high school that combines a challenging academic curriculum with a demanding business and STEM education program. Our students are inspired to set the highest academic standards and career goals for themselves. They learn to think critically, communicate effectively, and be open to a wide range of ideas and experiences. A welcoming environment is a hallmark of the school.

SCHOOL OVERVIEW

Students can earn both an academic Regents diploma as well as a state-approved technical endorsement in the automotive trades. The ninth grade program is specifically designed to transition students into high school by providing additional academic support in both English Language Arts and Math. Students immediately begin their career sequence in ninth grade with hands-on classes in their CTE program. Our College and Career Center counsels students as they develop their post-secondary plans by offering frequent college trips, career interest workshops, and mentoring and internship opportunities.

ACADEMICS

- CTE program(s) in: Arts, A/V Technology & Communication, Transportation, Distribution & Logistics
- CTE endorsement in the following areas: Automotive Technology, Automotive Auto Body Collision Repair, Computer Graphics Technology
- Summer Internships
- All programs end with state-approved certifications.

SCHOOL OVERVIEW

Antonia Pantoja Preparatory Academy (APPA) is a college preparatory school offering a continuum of instruction from middle school through high school, with a focus on preparing students to compete and succeed in a global workforce. Our program develops fully multilingual and biliterate students through an integration of social learning experiences. Students participate in programs designed to enhance their understanding of the real world in order to develop critical thinking and problem solving skills, so that they may become productive members of society.

SCHOOL OVERVIEW

Our school provides a challenging and innovative education focused on math, science, and the integration of technology into all subject areas. Our classes feature inquiry- and project-based curricula and the use of remote response systems. Our non-traditional physical education classes expose students to new experiences that they otherwise might never have. Our students are grouped into four Houses which are divided into smaller single-gender advisory groups led by a faculty member. Although classes change, students remain with their House and advisor until graduation. Our students graduate with the knowledge of math, science, and technology applications they need in order to succeed in today's digital society.

ACADEMICS

- Syracuse University Project Advance offers Grade 11 and 12 students college credit in Biology, Statistics & Probability, Psychology & Forensic Science
- College courses also available through partnerships with Monroe College Jumpstart Program and CUNY College Now
- Full Catalog of Apex Online Courses available
- Integrated use of technology in all disciplines

English Language Learner Programs: English as a New Language

Language Courses: Spanish

ACTIVITIES

After-School Tutoring, Book Club, Hip-Hop Dance, Peer Mediation, Robotics, Saturday Academy, Science Olympiad, Student Council, Talent Show, Youth & Government

PSAL Sports—Boys: Baseball, Basketball, Cross Country, Fencing

SCHOOL OVERVIEW

We are dedicated to supporting the growth of young adults through an emphasis on academic performance specifically in science, mathematics, and technology, achieved through our four-year study sequence. In partnership with Lehman College, we offer small classes and challenging electives. We provide our students with a well-rounded, diverse science and mathematics curriculum that instills a strong educational foundation, fostering and promoting post-secondary success. By forming real partnerships among students, teachers, and parents/guardians, we help our students become creative, inspirational individuals who value commitment and integrity.

SCHOOL OVERVIEW

We are a small high school that focuses on building strong, positive relationships to support student growth and achievement. Individual experiences and different learning styles are valued in our school community. Our mission is to prepare all students to be successful in the 21st century through collaboration, community involvement and college and career readiness. We accomplish this by offering a rigorous Regents, Common Core, and College Preparatory curriculum to all students, using and building partnerships within the community and offering advanced coursework for students who are academically high performers.

Program Description: This early college awareness program helps students understand this transition at an early age and inform them of the academic, social, financial, and personal rewards of college, addressing their areas of concern and building on their strengths.

Selection Criteria (prior year ranges—learn more in the introduction):

Please contact the school about the on-site requirement.

- Standardized Test Scores: English Language Arts (1.8-4.5), Math (1.7-4.5)
- Attendance
- Demonstrated Interest: School Visit
- Writing Exercise

SCHOOL OVERVIEW

Bronx Academy for Software Engineering (BASE) is a CTE high school preparing students to work and play in the world of software design and programming. Classes such as Mobile App Design use the tools of software engineering to focus on real-world problem solving. Internships with industry leaders give students experience with cutting-edge technology. Seminar classes help students make connections across their academic classes, get to know each other, and develop post-graduation plans. BASE graduates are prepared to develop their skills in college, enter the software industry as programmers or website designers, and understand and help the communities they live in.

ACADEMICS

- CTE program(s) in: Scientific Research and Engineering
- Internships with industry partners; Advisory Class
- Classes in software design, computer programming, and app development
- Individual academic and career planning
- Project-based learning; Project-based activities in Science and Math

English Language Learner Programs: English as a New Language

Language Courses: Italian

Advanced Placement (AP) Courses: Computer Science

ACTIVITIES

After-School Program, Chess, Dance (Competitive), Digital Documentaries, Drama, Girls Talk, Granting Early Awareness and Readiness for Undergraduate Programs (GEAR UP), Intensive Instructional Support, Multimedia Club, Student Government, Video Yearbook

SCHOOL OVERVIEW

We prepare students for a variety of health professions including medicine, medical technology, nursing, pharmacology, and physical therapy. We familiarize our students with the habits, practices, and educational requirements needed to become a health professional, and provide them with opportunities to volunteer and intern in local healthcare institutions. Students study four years of science and math and become well prepared to meet the challenges of a college education in healthcare. We collaborate with colleges to offer our students an opportunity to take college-level, credit-bearing courses at no cost. Our staff works with parents to ensure students receive the support they need to succeed.

SCHOOL OVERVIEW

Bronx Aerospace High School (BAHS) is a college preparatory school. All students must wear a uniform. BAHS teaches the necessary skills to not only be accepted into a 4 year university, but to successfully earn a college degree. Students have access to SAT prep, literacy building and AP Courses. Qualified students enroll in our Aviation Program. These students attend Vaughn College to learn the principles of the aerodynamics behind flying aircrafts. Students will work towards passing the FAA Written Exam and graduate having logged flight hours. Students in this program will learn and practice using the FMX Redbird Simulator. This program is designed for those interested in the engineering field of Aviation or becoming pilots.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Our school is designed for English Language Learners, including students whose native language is Bengali, Arabic, French or Spanish. At Bronx Bridges High School, all teachers and staff work closely with students to achieve their academic goals and explore their interests and passions. Our students' cultural and linguistic backgrounds are an integral part of their academic work. We are committed to assisting students in maintaining the richness of their personal histories and providing them with a sense of their place in the greater community. Capstone Projects are an integral part of our curricula. Our graduates are prepared to meet the challenging demands of a college education and ready to succeed in a 21st century workplace.

Eligibility: Open only to New York City residents who are English Language Learners (ELL).

ACADEMICS

- College Now courses through Monroe College and Bronx Community College; Geriatric Career Development
- Small advisory groups led by a faculty mentor
- Supportive classroom environments with a focus on language acquisition
- Academic and career planning starting in the ninth grade

SCHOOL OVERVIEW

Our school couples relevant internship experiences with rigorous academic learning. Students learn to be prompt, prepared, positive, and productive and strive to embody our core principles as they develop responsibility, teamwork, and the resiliency needed to enter college and to exceed academic and industry-based standards. We provide our students small class size, advisory, internships, and quality college and career readiness instruction and training to ensure that 100% of students graduate prepared for college and careers. There is a strong culture that mirrors college and employment where students respect teachers, work hard, and arrive on time. We ensure that each student is cognitively engaged, fully valued, and fully heard.

SCHOOL OVERVIEW

The Bronx Center for Science and Mathematics offers a challenging academic program with a concentration in science and mathematics supported by the study of humanities and the integration of technology across the curriculum. Our school meets the emotional, intellectual, and social needs of all students through a strategic support structure consisting of faculty, students, parents, and the community. We prepare our students for the world of work and/or college through collaboration with our partners. The foundation of our school rests on Seven Core Virtues that prepare our students for citizenship: Respect, Integrity, Honor, Excellence, Commitment, Perseverance, and Service.

SCHOOL OVERVIEW

Bronx Collaborative students are academic detectives, bringing New York City's unique resources and rich history into the classroom to investigate and solve real-world challenges. Teachers connect students with community leaders, organizations, and professionals to collaborate on exciting projects. These real-world teamwork experiences offer students feedback that prepares them for success in college and careers. Teachers and counselors know our families, recognize students' talents, and support their needs from the first day of school to graduation. We prepare students for success after high school with special attention to preparing for four-year colleges. Restorative practices and social justice are key features of the school activities.

 Performance Assessment School

 10th Grade Seats Also Offered

ACADEMICS

- Students complete Performance-based Assessment Tasks (PBATs) as a replacement for some Regents Exams.
- Eligible students take free college classes through the CUNY College Now program on-site at Lehman College and receive mentoring support to succeed.
- Faculty create custom courses such as Food Chemistry and Sports Algebra in all core subjects based on personal expertise and hands-on experience.
- Student Choice offers students in grades 10, 11, and 12 the chance to pick major courses from several options at each level, as happens in college.
- A daily specialized advanced elective course provides specialized athletic, creative arts, and subject-specific courses to enhance students' learning.

SCHOOL OVERVIEW

Game Design. Art. Music Production/Sound Engineering. Software Engineering. We do school differently. We provide a personalized and technology-infused program that challenges students to design, create, and publish masterful work products using the latest technology. Beyond our college-readiness coursework, students have opportunities to learn from real world experts and award winning teachers. Whether you are an aspiring entertainer or you plan to be a software entrepreneur someday, you will enjoy working with your classmates to create original movies, graphic designs, albums, video games, and apps. Our graduates are masterful, insightful problem solvers ready to take on the world.

SCHOOL OVERVIEW

Bronx Design & Construction Academy is a CTE school that prepares students for direct entry into the design and construction field and/or entry to a four-year college. BDCA offers Carpentry, Plumbing, HVAC, Electric, and Architectural Drafting/Pre-engineering as CTE programs. All students receive a rigorous four-year liberal arts education alongside their CTE training. We provide a challenging interdisciplinary program that ties academic skills and discipline with CTE coursework. By focusing on a skills-based approach, we help students make connections between their coursework and real-world problems so that they may find unique and tenable solutions to any problem they wish to solve.

ACADEMICS

- CTE program(s) in: Architecture and Construction, Scientific Research and Engineering
- Career and College Counseling
- Interdisciplinary Curriculum

SCHOOL OVERVIEW

Bronx Early College Academy (BECA) is an International Baccalaureate (IB) World school offering the IB Diploma Programme. Our curriculum meets the needs of highly motivated students through thought-provoking instruction in a caring and inclusive school environment. In addition to traditional academics, students participate in a range of educational activities including community service, international and college trips, project-based learning intensives, a film program, and computer science program. A full-time Director of College Counseling offers intensive support for both students and families towards college readiness, application, and financial aid process. Our goal is to prepare students to access superior post-secondary experiences.

SCHOOL OVERVIEW

Bronx Envision Academy (BEA) empowers students by emphasizing artistic and academic achievement. At BEA, the learning process in all academic disciplines mirrors the artistic process and we believe students learn best by doing—imagination is the key to success. We promote student success in partnership with teaching artists, arts organizations, and local businesses. Through our partnership with the College Bound Initiative, our students research colleges and tour colleges beginning in ninth grade. Dedicated to providing students with the resources necessary for their success, BEA enables students to master challenging coursework to graduate as creative and analytical thinkers ready for college and beyond.

SCHOOL OVERVIEW

We capture the energy and interests of young people by providing apprenticeships. Students give public presentations each quarter on their learning. Each student’s curriculum is determined by his or her unique interests, background, and learning style. Each teacher is responsible for only fifteen children. Learning Through Apprenticeship (LTA) is the center of the Bronx Guild curriculum. At the worksites, students take on real-world tasks and projects under the supervision of a mentor. Back at school, the students work with their crew leaders building and reinforcing the skills and knowledge needed to complete those projects. Our very successful program has placed students in over 300 apprenticeships since opening our doors in 2002.

SCHOOL OVERVIEW

This school is designed for students to explore the health sciences and related health career opportunities. Our young adults are equipped with the necessary literacy and scientific problem solving skills that enable them to become life-long learners while gaining a sense of personal and community responsibility. We emphasize literacy, character development, sensitivity, tolerance, and leadership as crucial components. Through partnerships with Lehman College and Council for Unity, students are exposed to special programs and resources. Academic requirements include the completion of four years of science, math, health sciences, community service, internships, and a portfolio assessment.

ACADEMICS

- Academic Portfolio required
- Health-related Research, Literacy, Externships
- Problem-based and Project-based Interdisciplinary Learning and Research, Hospital Volunteer, Health Occupations Students of America (HOSA)

SCHOOL OVERVIEW

Our mission at Bronx High School for Law and Community Service is to support self-motivation, intellectual curiosity, and integrity. Graduates successfully achieve their goals in college, career, and beyond. We are a small high school with a four-year college and career plan focused on law enforcement and service to those in need. It is our belief that all people, regardless of their socioeconomic status or ethnic background, can make meaningful contributions to humanity by serving others. With the help of our partners, students are offered meaningful experiences in their chosen area of interest.

ACADEMICS

- CTE program(s) in: Law and Public Safety
- CUNY College Now, SAT preparation, AP and Honors courses are included alongside forensic science, mock trial, moot court, criminology, and swimming
- Capital One Bank, The Opportunity Network, Liberty Partnership
- Futures and Options, Urban Ambassadors, Literacy Leaders, SEO Scholars, Fordham University

SCHOOL OVERVIEW

Our school offers a small academically challenging high school experience to students who wish to enter the fields of medical science and health. Science courses are embedded into all curricular areas. At our school, the first three years of study are devoted to the completion of all requirements for graduation, while the last year is devoted to CUNY College Now coursework. Over the course of their high school experience, students become ‘resident experts’ in a topic of their choice and are required to compile a variety of reports, experiments, and artifacts culminating in a senior year presentation to their peers.

10 10th Grade Seats Also Offered

ACADEMICS

- Students have the opportunity to shadow health care professionals during the school day, after school, on weekends and in the summer
- Students apply to a competitive program and conduct research under the supervision of trained personnel in various areas
- CUNY College Now

- Standardized Test Scores: English Language Arts (1.9-4.5), Math (1.9-4.5)
- Attendance and Punctuality

SCHOOL OVERVIEW

Our school values academics, college and career preparation, and participation in extracurricular activities. We offer academic support such as lunch and learns, after-school and Saturday tutoring, advisory periods during which students engage in college and career exploration beginning in the ninth grade. We are a community of writers. Students compose poetry, drama, fiction, non-fiction, and songs. They write for school publications, participate in poetry slams, act in school plays, make films, and create artwork with professional writers, actors, and artists from our leading partners Epic Theatre Ensemble and Community-Word Project. We encourage all students to take part in extracurricular activities throughout their high school tenure.

SCHOOL OVERVIEW

We offer a challenging, sequential, four-year pre-professional art program and an interdisciplinary academic curriculum within a close-knit school community. We offer two visual arts programs: one focuses on developing general knowledge, while the other prepares students to become professional graphic designers. Both programs emphasize skill-building, student creativity, interests, and community contributions. Our cultural partners provide learning experiences and additional resources for students and their families. Our small class size and project-based, student-centered curriculum provide individualized attention and prepare students for college and careers in the arts.

SCHOOL OVERVIEW

The mission of the Bronx International High School is to empower our students to become active participants in today's interdependent and diverse world. We accomplish this by helping enhance our students' cultural awareness, English and native language proficiencies, and intellectual and collaborative abilities. We are dedicated to serving the academic and social needs of recently immigrated young people and their families. By critically analyzing and responding to complex world issues, students achieve academic, personal, and professional success as they become advocates for themselves and their communities.

SCHOOL OVERVIEW

Founded on the principles of the Coalition of Essential Schools, this school offers a personalized learning community in which teachers and students develop trust and high expectations. Our courses are inquiry-based and help students develop critical thinking, research, and analytical skills. Our four-year advisory curriculum focuses on the academic development, skills, and knowledge necessary for college. In our Office of College Placement, students work with full-time counselors to explore post-secondary goals and complete college and scholarship applications. Since 2008, our graduates have gone on to succeed in city, state, and private colleges, and are pursuing careers in business, media, social work, education, and technical fields.

SCHOOL OVERVIEW

Rooted in its commitment to the community and grounded in the love of learning, the Bronx Latin School is for students in grades six through twelve. We offer a challenging program of arts and sciences and encourage serious scholarship, independent thought, and clarity of expression. This college preparatory school offers a challenging curriculum that is highly student centered to meet the needs of the overall population. Bronx Latin seeks to ground its students in a contemporary, classical education as preparation for successful college studies, responsible and engaged citizenship, and a rewarding life. A culture of high expectations and “no excuses” permeates all classrooms, in all disciplines, across all grades.

Admissions Priorities: ❶ Priority to Bronx students or residents—99% of offers went to this group ❷ Then to New York City residents

Program Description: The BLA Law Institute seeks to develop the critical-thinking skills of our students and expose them to issues involving ethics, justice and morality. We partner with the Justice Resource Center and law firms around the city to expand opportunities for our students to gain exposure to the legal profession (e.g., Moot Court competitions, Mock Trial competitions, law firm and court visits), and for scholarship opportunities.

Selection Criteria:

- Demonstrated Interest: School Visit

SCHOOL OVERVIEW

Our school motto is: ‘Engage Minds, Develop Leaders, Explore Possibilities.’ Our goal is to meet students at their level and prepare them academically for career and college by graduation. We want our students to find a sense of purpose and place in the world, and to see the connection between school and the real world. We aim to build relationships that develop our students into leaders able to achieve their potential in college and careers. Note: In order to model the professionalism we believe essential for our students’ success, all students at BLA II wear a school uniform.

10 10th Grade Seats Also Offered

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- All students study four years of math and science
- College & Career Seminar, English classes in which students complete at least one annual research paper

SCHOOL OVERVIEW

To create an exceptional school, we offer the following programs and services: 1) Advisory: All students have the same Teacher Advisor for their entire high school career. Advisories meet every day in 9th grade, and twice a week thereafter, 2) Blue Engine: We are partnered with Blue Engine, who recruits recent college graduates from top universities across the country to serve as Teaching Assistants in all of our ELA and Math classrooms. We currently have 16 Teaching Assistants who facilitate small-group instruction as well as lunchtime and after-school tutoring every day, 3) College Prep: All students take College Prep classes in junior and senior year, where we guide students through the entire college application process.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

The Bronx School for Law, Government and Justice (LGJ) is an educational community that believes learning is a product of thinking. Students are engaged in “hands-on, minds-on” learning in their core classes, as well as through the law curriculum, mentoring, internships, advisory, and extracurricular activities. LGJ is unique in that students have the opportunity to experience our stand-alone law curriculum while sharing a campus with the Bronx Court complex.

SCHOOL OVERVIEW

Our mission is to provide students of all academic abilities with the intellectual and social tools to lead alert, literacy-rich lives. Our project-based curriculum is designed to prepare students to become globally-minded activists with a sophisticated understanding of the political, cultural, economic and social forces that have shaped their communities and the world around them. Our faculty and partners work tirelessly to ensure that our school is a learning environment open to all students, regardless of academic ability, and that every student is prepared for college and the world beyond. We value academic challenge, social justice, individualization, and high-quality teaching.

ACADEMICS

- Advisory, Leadership Classes
- Electives in Literature, Creative Writing, Journalism, Theater, Art, Dance, Sports Nutrition, and Forensics
- Academic requirements include a final student exit project and presentation in each subject
- All students take writing and art classes and every ninth grader is expected to take a dance class.

SCHOOL OVERVIEW

We offer students the opportunity to earn a Regents diploma with an arts endorsement by adopting the model of a theatre company. Our students stage plays, musicals, and their own original works to explore the universal themes of the human experience and acquire skills and knowledge to meet the Learning Standards outlined by the NY State Board of Regents. We utilize project-based learning and engage students as artists-at-work. Our program provides the college and career readiness skills for students to succeed in a post-secondary setting. Teaching artists work with teachers to create an ensemble for students to work together, learn together, and become strong contributors to society.

SCHOOL OVERVIEW

Our school fosters a realistic, relevant, and hands-on educational experience for students. We use collaborative approaches that benefit students by teaching them skills they will need beyond high school, such as the ability to work in teams, solve multi-faceted problems, and apply what they learn in various settings. Our class sizes are approximately twenty-two students per academic course, and core courses are ninety minutes long on alternating days. We have planned an extended school day to provide structured time, individual attention, and other supports students may need to succeed. Bronxdale High School helps each child develop the critical thinking skills and habits of work necessary for post-secondary success.

SCHOOL OVERVIEW

The Cinema School offers a rich liberal arts education grounded in creative activity. Filmmaking serves as the core of a strong academic program that prepares students for a wide range of careers. All students take the required courses for an Advanced Regents Diploma which will prepare them for admissions to competitive four-year universities. Competitive colleges love our students! In addition to providing students with essential creative and technological skills, filmmaking also deepens learning by building confidence, responsibility, teamwork, and leadership. We offer a supportive small school community and individualized attention.

10 10th Grade Seats Also Offered

ACADEMICS

- Mid-year Animation & Movie Institute where students develop film projects, shoot on location, and work with prominent resident and guest artists
- Four-year Cinema Studies curriculum in filmmaking, storytelling, and media criticism
- Studio art class offered
- Partnership with CUNY College Now at Lehman College

English Language Learner Programs: English as a New Language

Language Courses: French

Selection Criteria (prior year ranges—learn more in the introduction):

- Course Grades: English (74-100), Math (68-100), Social Studies (71-100), Science (73-100)
- Standardized Test Scores: English Language Arts (1.9-4.5), Math (1.9-4.5)
- Attendance and Punctuality

SCHOOL OVERVIEW

The mission of Claremont International High School is to build upon the diverse linguistic and cultural backgrounds of English Language Learners (ELLs) in New York City to create an academically stimulating and nurturing learning community that prepares students for success in college and beyond. Our students cultivate intellectual curiosity, advance critical thinking skills, and develop empathy as global citizens through the integration of language and the arts in all classes. Students complete an internship during their junior year and have the opportunity to participate in CUNY College Now courses.

Eligibility: Open only to New York City residents living in the United States four years or fewer who are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

SCHOOL OVERVIEW

Community School for Social Justice (CSSJ) is an active and caring learning community where young people create and develop the intellectual and social skills to become thoughtful and engaged community members. We honor our students' heritage and values. We embrace a climate of social activism in which students are confident about addressing issues that affect their lives. We provide the emotional and academic supports they need to graduate and succeed in life. Our students learn how to ask questions and examine real-life problems. We guide them toward a sense of power and personal discovery to make change for themselves, their futures, and the world in which they live.

 Performance Assessment School

 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Our mission is to partner with families and local organizations to serve English Language Learners who have recently immigrated to the United States from countries around the globe. Our graduates are prepared for success both in college and in careers in Media & Communications. Our school and classes are small; every student is known and supported to achieve. Staff and students work and learn collaboratively in heterogeneous groups. Students develop English language literacy and critical thinking skills by engaging in classroom projects, service learning, and internship programs. They learn to advocate for themselves and their families and to become active leaders in their communities.

SCHOOL OVERVIEW

DeWitt Clinton High School has a rich history of educating students in the Bronx for over 100 years. This comprehensive high school offers a wide variety of programs to fit every student's needs. These programs are structured as small learning communities (SLCs) where students choose their program of interest. The SLCs offer a personalized, safe, nurturing environment for learning with its own Assistant Principal, guidance counselor, and support staff. Students benefit from the caring of a small school setting within a large school environment and from the range of instructional programs and activities that only a large school can offer. All students receive a core curriculum and begin their SLC specialty in the ninth grade.

PROGRAM ADMISSIONS

Program Name	Code	Interest Area	Admissions Method	Prior Year Admissions				Applicants Per Seat	10 th Grade Seats Offered				
				Type	Seats	Filled	Applicants						
Medical Professions	X10A	Science & Math	Ed. Opt.	GE	144	N	457	3	Yes – 10				
				SWD	36	N	90	3					
Admissions Priorities: ❶ Priority to Bronx students or residents—98% of offers went to this group ❷ Then to New York City residents													
Program Description: Students explore the numerous career pathways available in the health professions. With rigorous courses and unique learning opportunities, students acquire background knowledge to continue their studies in health careers after high school. Some potential careers include medical technologists and assistants, nursing, patient care, medical billing, and veterinary studies.													

				Prior Year Admissions					
Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Newcomers’-Global Community	X10H	Humanities & Interdisciplinary	Screened: Language	GE	67	N	62	1	Yes – 10
				SWD	17	N	12	1	
Admissions Priorities: ❶ Priority to Bronx students or residents—100% of offers went to this group ❷ Then to New York City residents									
Program Description: This program is for students who have been in the country for less than three years and are English Language Learners. The curriculum is designed to develop the students’ conversational language and writing skills using ESL strategies. After completing one full year of ELA instruction in the Newcomers’-Global Community, students will transition into one of our theme-based SLCs.									
Macy Honors Communities	X10J	Science & Math	Screened	GE	96	N	366	4	Yes – 10
				SWD	24	N	25	1	
Admissions Priorities: ❶ Priority to Bronx students or residents—99% of offers went to this group ❷ Then to New York City residents									
Program Description: Students are challenged to excel academically and encouraged to develop leadership qualities and take advantage of many internship programs, summer programs, and partnership opportunities. Students take honors-level core subjects that emphasize math and science as well as AP and college courses. A strong academic foundation coupled with enrichment opportunities help to develop a well-rounded student who is prepared for higher education: a productive citizen able to continue our school’s legacy.									
Selection Criteria (prior year ranges—learn more in the introduction):									
<ul style="list-style-type: none">▪ Course Grades: English (70-100), Math (70-100), Social Studies (65-100), Science (69-100)▪ Standardized Test Scores: English Language Arts (1.9-4.5), Math (1.8-4.5)▪ Attendance									
STEM	X10K	Science & Math	Ed. Opt.	GE	96	N	273	3	Yes – 10
				SWD	24	N	71	3	
Admissions Priorities: ❶ Priority to Bronx students or residents—100% of offers went to this group ❷ Then to New York City residents									
Program Description: Students develop 21st century skills as they deepen their exploration in fields of science, technology, engineering, and mathematics. Specifically, students will learn coding, computer programming, mechanical design, and how they relate to areas such as robotics. In addition, students will learn about environmental engineering with a focus in agriculture and sustainability.									
Humanities and the Arts	X10L	Humanities & Interdisciplinary	Ed. Opt.	GE	96	N	249	3	Yes – 10
				SWD	24	N	76	3	
Admissions Priorities: ❶ Priority to Bronx students or residents—98% of offers went to this group ❷ Then to New York City residents									
Program Description: Students learn about the arts through hands-on experience, written work, and art creation. Field trips take advantage of the rich cultural environment of New York City. Students visit art galleries and museums and attend dramatic productions both on and off Broadway. Students also learn the business end of promoting music, drama, creative writing, and visual arts through direct involvement in hands-on projects taking place at concerts, art galleries, poetry slams, and play productions.									

SCHOOL OVERVIEW

At Discovery, students are prepared for college and life after high school. Students learn how to reflect upon their own thinking and acquire the skills they need to be successful in the world of tomorrow. At our school, every student discovers and explores his or her potential. In addition to the strong emphasis on academics and preparation for college, Discovery emphasizes the importance of developing family-like bonds, both between the teachers and their students, and between the students themselves. Discovery strives to create a nurturing culture in which students enjoy learning and can be creative while maintaining healthy social bonds and relationships.

Program Description: Arts-integrated academic program with a concentration in the creative and technical arts									

SCHOOL OVERVIEW

Our school meets students' individual needs and prepares students for meaningful careers and admission to college. All students will declare an Arts Major in their junior and senior years. We promote community-building by using Restorative Justice to address social-emotional challenges and Circles to address conflict. Teaching artists, in collaboration with classroom teachers, develop arts-integrated projects throughout the year. Students have opportunities in their junior year to spend time on college campuses in the summer, and we conduct college visits starting in 9th grade. Our arts electives and majors include visual art, dance, digital media, choral music, theatre, and musical theatre.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

The mission of The Eagle Academy for Young Men is to develop young men committed to the pursuit of academic excellence, strong character, and responsible leadership. We are focused and committed to the school’s guiding principles of: Academic Excellence, Mentoring, Leadership, Integrity, Character Development and Community Service. The Eagle Academy prepares its students to join the ranks of future leaders in society. Professionals from a wide array of careers act as mentors to provide scholarship and internship opportunities; they are successful male role models who partner with students in their development inside and outside of the classroom environment.

Eligibility: Open only to male students.

SCHOOL OVERVIEW

East Bronx Academy for the Future is a technology-based school for students in grades six through twelve. Our students learn the content and skills required by the New York State Board of Regents combined with project-based learning and a focus on using technology in the classroom. Students learn in small classes, using computers and completing hands-on projects. Accelerated students take college courses in partnership with Lehman College. East Bronx Academy students graduate from high school ready for college and the world of work. Our graduates are linked to careers that employ technology, such as journalism, the arts, engineering, architecture, and urban planning.

ACADEMICS

SCHOOL OVERVIEW

Eximius College Preparatory Academy is dedicated to developing high-achieving students of good character who use academic, technological and social skills to inspire others and contribute to their community. Our values are academic excellence, community citizenship, self-determination, compassion, integrity, reflective living, and unity of being. Students must aspire to personal excellence to be successful and we help them master the challenges of a college preparatory curriculum, guide them through the college entrance process, and prepare them for success. Our coursework is designed to give students the knowledge, skills, and strategies to pass the Regents, excel on the SAT, and succeed in college and life.

SCHOOL OVERVIEW

Since 1994, our graduates have gone on to succeed in city, state, and private colleges and pursue careers in business, media, social work, education, and technical fields. Through college classes, internships, and digital courses, we provide a broad range of learning opportunities and we leverage technology to maximize individualization, independence, and depth of learning. Our four-year Advisory curriculum focuses on the academic development, knowledge, as well as the critical thinking, research, and analytical skills necessary for college. At the Children’s Aid Society Student Success Center, students work with a team of full-time counselors to explore college and career goals and complete college and scholarship applications.

Performance Assessment School

10th Grade Seats Also Offered

ACADEMICS

- Our school requires an Academic Portfolio for graduation: all students must complete seven portfolios
- Students create a portfolio of rich, personal work in seven areas: Literature, Math, Social Studies, Science, Social Issues, Art, and electives
- Online courses are available for students wishing to register for courses not offered at the school
- CUNY College Now and NYU Partnership college courses; Community Outreach program

W.E.B. Du Bois Writing Institute	X65A	Humanities & Interdisciplinary	Limited Unscreened	GE SWD	24 6	N N	46 10	2 2	Yes – New
Admissions Priorities: ❶ Priority to Bronx students or residents who attend an information session—100% of offers went to this group ❷ Then to New York City residents who attend an information session ❸ Then to Bronx students or residents ❹ Then to New York City residents									
Program Description: The W.E.B. DuBois Writing Institute is an interdisciplinary program that applies the skills and content areas of the humanities. Instruction includes activities that require all students to think, problem solve, and defend their opinions. Students will be required to participate and lead school wide activities such as community service, peer tutoring and internships. They will complete college courses, pursue an Advanced Regents Diploma and complete three years of a foreign language.									
The Felisa Rincón de Gautier Institute for Law and Public Policy	X65R	Law & Government	Limited Unscreened	GE SWD	86 22	N N	86 23	1 1	Yes – 15
Admissions Priorities: ❶ Priority to Bronx students or residents who attend an information session—100% of offers went to this group ❷ Then to New York City residents who attend an information session ❸ Then to Bronx students or residents ❹ Then to New York City residents									
Program Description: This program helps students explore careers in the legal and political fields while strengthening their reading, writing and public speaking skills. Our Law Academy program creates a learning environment committed to community and character development.									

SCHOOL OVERVIEW

Recognizing the needs of artistically talented students to attend a local high school, Fordham High School for the Arts (FHSA) was created to offer an instructional program in Instrumental Music, Vocal Music, Drama, the Visual Arts, and Dance. A partnership with practicing artists will afford students the opportunity to explore and develop their talents in various mediums of artistic expression.

10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Arts, A/V Technology & Communication
- Project Student Opportunities for Academic Reinforcement (Project SOAR), Tutoring, Counseling, SAT Prep, CUNY College Now
- STRIVE for College with the Dorothy Day Center for Service, and Justice at Fordham University

PROGRAM ADMISSIONS				Prior Year Admissions					
Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Fordham High School for the Arts	X51A	Performing Arts	Audition	GE	86	Y	558	6	Yes – 10
				SWD	22	N	138	6	
Admissions Priorities: ❶ Priority to Bronx students or residents—100% of offers went to this group ❷ Then to New York City residents									
Selection Criteria (prior year ranges—learn more in the introduction):									
<ul style="list-style-type: none">Standardized Test Scores: English Language Arts (1.8-4.5), Math (1.8-4.5)AttendanceAudition									
Audition Information: Students are required to audition in their interest area of study which includes a writing prompt.									
Dance: Come dressed in proper dance attire consisting of leotard, tights, and ballet shoes with hair placed in a bun (girls) or black jazz pants and white tee shirt (boys). Auditioning students will take a ballet barre led by the teacher. Auditioning students will have the opportunity to present a short one minute dance of your choice and bring your own music.									
Drama: Prepare two contrasting memorized monologues from a play, movie or novel, each one minute long. You may be asked to participate in a group theater game.									
Instrumental Music: This program offers a jazz curriculum for students who play band and rhythm section instruments. We do not have a string program. Students must bring their own instrument, sticks and music to the audition. Be prepared to play a scale and selection of music from a book or solo of your own choice, and sight-read. You will complete a questionnaire, interview, and take a simple test for musical aptitude.									
Vocal Music: Perform a prepared song without CD/piano accompaniment from the following list: Amazing Grace, Simple Gifts, The National Anthem (Star Spangled Banner), My Favorite Things, God Bless America, Happy Birthday and Somewhere. Students should avoid Top 40 or Pop music when at all possible. Applicants will also be evaluated on tonal memory, rhythmic and aural skills, and vocal technique through teacher-led vocal exercises.									
Visual Art: Prepare and present a professional portfolio (work completed on drawing paper, canvas or photographed) of at least five pieces of original work drawn from real-life observations (including one self-portrait, one still-life and one landscape). The portfolio needs to show a range of style. Sketchbooks are welcomed as extra drawings. Auditioning students will be required to complete one detailed, shaded, and colored drawing from observation during the audition.									

2016-2017 AUDITION INFORMATION			
Audition Groups	Registration Information	Date	Arrival Time
All groups	Pre-registration is required; deadline to register is October 27, 2016	Thursday, November 3, 2016	4pm prompt start. Students arriving past 4:15 pm will be asked to attend the following audition session. Please be prepared to stay later if necessary.

Program Description: This is a college preparatory program that focuses on preparing students to become leaders in the fields of Science and Mathematics and the Humanities via our sequence of academically rigorous and college bound (college credit bearing) courses. In addition to SUNY and AP courses, our students will receive opportunities for on-site and off-site College Now courses, internships (some paid), and leadership instruction beginning in the 9th grade.									

SCHOOL OVERVIEW

Frederick Douglass Academy III is built on Dr. Lorraine Monroe's vision of academic and personal excellence for all Scholars. The emphasis on college preparation is supported by a challenging academic program, social, and emotional development and cultural enrichment. Through the Core Values – Respect, Education, Professionalism, and Community Awareness – Scholars evolve as they matriculate at Frederick Douglass Academy III. Our warm, supportive environment fosters the growth and development of our youngsters. Over the course of four years, Scholars graduate from our school prepared to enter the college or university of their choice.

ACADEMICS

- Personalized approach to educating every Scholar
- Partnerships with community-based organizations
- Bridge program which supports transition to high school
- International travel program, after-school offerings, parent support
- College preparation and advising, advanced coursework, and student leadership opportunities.

■ SCHOOL OVERVIEW

At HERO High, students learn how to save lives and serve their communities by preparing for a career as a registered nurse or community health worker. Students take college classes starting in tenth grade and can earn a two-year Associates Degree with help from a small school environment. Our academic program will prepare every student to succeed in college and their career through hands-on, real-world problem solving, advanced work in math and science, and challenging reading and writing tasks in every class. Start your technical training early through internships in clinical nursing and community health work. Sometimes even heroes need extra help, so we offer tutoring in every subject area.

SCHOOL OVERVIEW

Our school is writing a new chapter in our history as the best-kept secret in the Bronx. We have taken the small school feeling and combined it with the variety of courses, diverse student body, and world-class facilities that you can only get in a large high school environment. Our students take core academic courses and commit to one of six career academies. Our 12th graders earn millions of dollars in scholarships every year to attend universities like Fordham, NYU, St. John's, and Penn State. Students ask 'Why would I go anywhere else?' It is a class-leading education, close to home. If it sounds too good to be true, come and visit for yourself.

SCHOOL OVERVIEW

We are committed to preparing a diverse community of students to become life-long learners and providers of excellent health care. Our curriculum is embedded with health-related themes while focused on the sciences. Students may earn college credits through our partnerships with Hostos Community Colleges and Lehman College. All students are required to complete 120 hours of fieldwork in one of our many health-related internships. Preparing students for college and the world of work is a necessity, so we employ a full-time College Bound Initiative counselor and various staff from community-based organizations (Liberty Partnership, Morris Heights Center) to support us in reaching that goal.

SCHOOL OVERVIEW

Our school combines the curricular and extracurricular diversity of a large comprehensive high school with the supports and resources of smaller theme-based academies. Each of our students receives a personalized, nurturing educational experience within the theme-based academies, each of which heavily emphasizes both college and career readiness and social and emotional growth. Each academy has an assistant principal, teachers, guidance counselors, and support staff who are dedicated to improving student performance. Our current academies include the Technology Academy, Law and Public Service Academy, and the Anne Hutchinson Academy for Engineering (a screened program).

Eligibility: Open only to Bronx students or residents.

SCHOOL OVERVIEW

We are a collaborative learning community that combines a challenging curriculum consisting of humanities, science, and math with an intensive arts training program. We use state-of-the-art media technology. The Arts Studios bring together study in the traditional arts (dance, theatre, fine arts, and music) with contemporary arts (film, video/sound production, multimedia graphic design, and animation). Through our partnerships our students gain special residencies both within and outside the school. Our students have the opportunity to participate in special programs, performances, exhibitions, mentorships, and internships. The entire school is actively involved in the process of building a democratic, self-governing community.

SCHOOL OVERVIEW

The High School for Energy and Technology is committed to fostering a safe and nurturing culture of learning in a practical program that prepares students for professional careers in engineering and building technology. Students are supported as they move through our college and career preparatory sequence. We balance our challenging academic program with hands-on, project-based learning. Our graduates have both college and career options based on the values of sustainability. We offer local and national partnerships that provide students with the tools they need to succeed in the engineering and technical fields.

ACADEMICS

- CTE program(s) in: Architecture and Construction
- CTE Programs in Building Operations and Technology, Advisory, Cooperative Learning Groups, Project-based Learning
- College Trips, College and Career Counseling
- Academic program prepares students to enter college in fields of mechanical engineering, electrical engineering, or control engineering

English Language Learner Programs: English as a New Language

SCHOOL OVERVIEW

The High School for Violin and Dance (HSVD) is one of four schools on the Morris Educational Campus. HSVD offers every student classes in violin and modern dance. No prior experience is necessary, but students are expected to have a serious interest in the two performing arts and be ready to participate in intensive training in daily classes. With consistent practice, our students achieve competence, confidence, good citizenship, and maturity—qualities that are the foundation for success in high school. There are culminating violin and dance performances at the end of the school year.

ACADEMICS

- Our students are required to take four years of violin and/or dance
- CUNY College Now
- National Academy for Excellent Teaching (NAFET)
- Leadership Program

English Language Learner Programs: English as a New Language

Program Description: Students take 55-minute group lessons in violin and dance three to five times a week. In dance, students learn the fundamental positions and movements of classical and modern dance. In violin, students learn the foundations of music theory and technique.

SCHOOL OVERVIEW

Our school emphasizes the study of American history and offers students a well-rounded academic program that aims to prepare students for admission to highly competitive colleges and for a wide range of careers in politics, law, journalism, business, science, mathematics, and the arts. All students engage in a three-year chronological study of American History. Through our collaboration with Lehman College, students have access to its campus library and athletic facilities, and take credit-bearing college classes and seminars in their junior and senior years. In all endeavors, we seek to encourage in our students a love for learning and an inquisitive spirit.

SCHOOL OVERVIEW

The High School of Language and Innovation seeks students who have big ideas, enjoy working in teams, and love learning languages. We teach many students who are new to the country. For this reason, our school's student body speaks languages including Spanish, Arabic, Urdu, Bengali, French, Albanian, Wolof, and more! Students learn self-discipline, responsibility, and respect in every class. They are encouraged to speak up, challenge each other, and study at a college level.

SCHOOL OVERVIEW

Our motto is “Children First—No Excuses—High Standards.” The ENL, Dual Language, and CTE Culinary Arts instructional programs enrich students’ life skills. We build on students’ rich identities and cultural beliefs to prepare them to be successful and fluent in English. The Dual Language strand offers monolingual English, multilingual English, and Spanish proficient students the opportunity to become bilingual and biliterate in English and Spanish. The CTE program allows students the chance to gain skills-based experience and knowledge in the realm of Culinary Arts. The ENL, Dual Language, and CTE programs can be taken independently or together.

We offer a range of ELL programs, including Dual Language English-Spanish program as well as a traditional free standing ENL program. CTE in Culinary Arts is focused on hands on instruction and demonstrations for the training and skill development involved with Culinary Arts. Students are selected through survey and demonstration of intent to complete the required credits.									

SCHOOL OVERVIEW

The mission of Holcombe L. Rucker School of Community Research is to foster a collaborative community that produces confident young adults with a commitment to creative learning and academic excellence. We promote high expectations for students in all areas: academic, artistic, physical, health, citizenship, and service. We commit the resources necessary to establish and maintain a respectful and caring environment that offers student-centered instruction based on research and data-driven decision making. Our challenging curriculum emphasizes community research and collaboration with outside partners to enhance student learning.

SCHOOL OVERVIEW

We are a community of English Language Learners from all parts of the world, learning and working together in teams. Our school and classes are small. Students receive personal attention from teachers and school staff. All classes are taught in English and students can use their native language skills to acquire more understanding and prepare assignments and projects. Everyone learns English while learning math, science, and social studies. Students are given a college preparatory experience, with internship opportunities in preparation for life after high school. We are part of a growing network of international schools with over 20 years of successful experiences working with recent immigrant youth and their families.

 Performance Assessment School

 School for New Arrivals

 10th Grade Seats Also Offered

Eligibility: Students eligible for these programs are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging, or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Students receive support for language development in every class: small academic classes that incorporate English and Native Languages
- Advisory, Senior Mentoring, CUNY College Now, Drama, Studio Art, College Summit, Full-Time College Counselor
- Students present and defend their work to committees twice a year through our portfolio roundtable presentations
- Students complete Performance-based Assessment Tasks (PBATs) in all subjects, PBATs replace math, science, and history Regents Exams for graduation

English Language Learner Programs: English as a New Language

Language Courses: Arabic, French, Spanish

ACTIVITIES

Students will participate in NYU Mini-Meds on Saturdays at NYU and Mentoring in Medicine programs, including the Science Pathfinders In School and After School Programs. These programs facilitate community relationships with doctors and mentors and provide increased student access to internships and scholarships.									

SCHOOL OVERVIEW

Leadership Institute is a small community-based high school founded by youth and educators at Sistas and Brothas United, the youth affiliate of the Northwest Bronx Community and Clergy Coalition. Through partnerships with our leading community based organizations: Phipps Neighborhood, The Leadership Program-21st Century Grant, The Future Project, and the YMCA-Rowes Scholar program, the school trains youth to be leaders who take charge of their schools and communities. A focus on Leadership, Community Action, and Social Justice encourages our students to take ownership of their community and gain an understanding of their rights in a fair, democratic society. The teaching of all three pillars would place our students in a college and career path.

SCHOOL OVERVIEW

Our school sets a high academic bar that challenges students to expand their personal and academic visions of themselves. Through partnerships with outside organizations students learn by connecting with professionals. Students pick an academic focus in either finance, technology, or language studies. We have a one-to-one Chromebook program, enabling all students to access technology in the classroom and at home. As a Consortium school, all courses place emphasis on research and writing, culminating in Performance Based Assessment Tasks. In addition, through a partnership with Blue Engine, all students receive individualized support in their ninth and tenth grade English and Math courses.

 Performance Assessment School

ACADEMICS

- Students complete Performance-based Assessment Tasks (PBATs) as a replacement for some Regents Exams.
- Technology, languages, finance, professional certification and/or college credit, college trips, internships, research, college application
- New auditorium, fitness center, and library on campus.

SCHOOL OVERVIEW

The curriculum of Marble Hill High School for International Studies focuses on international studies, global awareness, and world languages. Our goal is to promote understanding and knowledge of other cultures as we prepare students for the future. The school provides opportunities for international exchange programs to various countries for students in grades ten through twelve. We have an international community representing more than 49 countries and our students speak over 40 different languages. All ninth graders are matched with a mentor that will remain with them for four years through the iMentor Program.

SCHOOL OVERVIEW

Our goal is to inspire students to learn as much as they can about health to prepare them for life experiences and future careers in health-related professions. Students will master skills in literacy, technology, and community responsibility. Graduates will succeed as a result of advanced level courses in math, science, and our interdisciplinary health curriculum. Courses are infused with various themes, skills, and contemporary issues prominent in the field of health. Students receive classroom visits from health care professionals and may take trips to observe them in the workplace. Our partnerships provide students with academic support, mentoring, and extended learning opportunities.

ACADEMICS

- CUNY College Now, College Center, Internships
- Experiential learning opportunities in local Bronx hospitals and other health-related settings
- Health Career Awareness, Mentoring In Medicine, Mini-Meds Program.

SCHOOL OVERVIEW

The Millennium Art Academy is a small, award-winning art and intergenerational high school. The school's exceptional visual art and intergenerational programs with the elderly and blind help students to develop creatively, emotionally, and intellectually. Students learn by doing, exploring, discovering, connecting, creating, discussing, debating, writing, revising, and sharing. Faculty and visiting artists work together, along with our school's nurturing support team, to provide students with the tools needed to become confident, morally responsible adults. Emphasis is placed on teaching students to be accountable for their learning, choices, and actions. Our staff goes beyond the call of duty on a daily basis.

SCHOOL OVERVIEW

At Morris Academy for Collaborative Studies our students learn by doing. Our staff connects with students, parents, and community partners to build and refine a framework that supports the whole student as we put students first. Our students work collaboratively and take charge of their learning while developing into creative problem-solvers who will lead by example and thrive in college, career, and community endeavors. The most effective way to achieve our vision is through projects-based learning, a series of data-informed, student-centered initiatives that meet student needs, and socio-emotional support for students. Projects increase academic rigor for students and provides opportunities for instruction to be relevant to students’ lives.

ACADEMICS

SCHOOL OVERVIEW

Mott Hall Bronx High School offers open access to the prestigious International Baccalaureate (IB) Diploma. The IB Programme provides a demanding, internationally-recognized high school curriculum that prepares students for college-level work. Students engage in learning experiences beyond the typical high school curriculum, including community service, an independent research project, and an introductory philosophy course that investigates ways of knowing. Students who earn certificates or the full diploma in the program can earn up to one year of college credit. The school provides a family-like atmosphere where students are challenged and enriched by activities that address their development.

ACADEMICS

- Authorized by the International Baccalaureate (IB) Organization to offer the Diploma Programme
- International Baccalaureate (IB) Programme, College 101-401 (targeted college readiness support courses)
- International travel opportunities through partnerships with buildOn and Summer Search
- SAT Prep Classes, After-School Tutoring
- College Planning beginning in Ninth Grade; Small group instruction, Blue Engine, College Bound Initiative (CBI)

Program Description: A challenging college readiness program that prepares students for varied career choices									

SCHOOL OVERVIEW

New Directions students love our small class sizes and the individualized support they receive in every class. Our course design, which includes access to our school's online learning portal, gives students the opportunity to accelerate their progress through middle school and high school classes. Course programs feature daily opportunities to catch up, receive focused learning support sessions, and help from a team of teachers and mentors. We offer arts instruction in visual arts, music, and dance. Physical Education is offered three times a week and we participate in all CHAMPS and PSAL teams. We also provide daily student advisory sessions, after-school activities with Global Kids and The Leadership Program, as well as paid internships.

Transfer School

Eligibility: Open only to New York City students who have a record of being held back one or more times in elementary and/or middle school.

ACADEMICS

- Ed Video Center projects; Spoken word projects with The CWP; Virtual Exchange Student programs with Mercy Corps and Youth For Understanding
- Mastery-based learning system
- Students have the opportunity to accelerate their progress through middle and high school grades using our online learning portal
- Visual and Performing arts classes are offered on each grade level and after school.

SCHOOL OVERVIEW

Our school focuses on the language acquisition needs of all students in all subjects. We engage all students in acquiring and developing the skills necessary for success by integrating English as a New Language (ENL) and technology into all content areas of instruction. Our classes are small and our academic program is challenging. We expect our students to transition out of the ENL program and graduate in four years. Students share their native cultures and languages and learn to become active citizens in their new country and use the English language. Our staff works closely with students to ensure progress throughout the high school years and into higher education and the world of work.

 School for New Arrivals

Eligibility: Students eligible for these programs are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging, or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

ACADEMICS

- Advisory, Student Support Services, Career Interest and Self Assessment, College Visits, SAT and Regents Preparation, Trips, Cultural Events
- Internet After-School, Arts and Music Enrichment, Journalism; Opportunities to take college courses, Online courses, Scientific Webinars
- Trips to cultural, historic, and recreational sites in and out of New York City
- Extra classes required based on academic needs and post-secondary goals; Focus on learning English and preparedness for college

English Language Learner Programs: English as a New Language

Language Courses: Spanish

SCHOOL OVERVIEW

We are a small learning community of recently-immigrated English language learners. Our primary focus is on English language development while providing opportunities to enrich Spanish language skills. Math, science, social studies, technology, arts, portfolio assessment, social service, and internships are elements of the program that help students develop their English language proficiency, gain real-world experiences, and enrich their native language capabilities. Our students graduate with the skills necessary for success in college and beyond.

Eligibility: Students eligible for these programs are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging, or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

SCHOOL OVERVIEW

At Pelham Lab High School, we encourage you to ask questions such as, “What keeps an electron spinning?” and, “How do we know the difference between right and wrong?” As a student of Pelham Lab, it is not enough to simply say that electrons travel around an atomic nucleus or that something is correct. Asking the right questions is equally as important as knowing the right answers. We believe that by encouraging you to ask deep questions, by engaging you in creative experiences outside of the classroom, and by ensuring that your social, academic, and emotional needs are met, you will set and achieve challenging but worthwhile goals in your future life.

SCHOOL OVERVIEW

Our students participate in civic and interactive educational fieldwork in order to gain academic, social, and cultural experiences. We provide multicultural curricula that integrate the arts in academic classes, extended periods, small classes, computers, SMART Boards, advisory support, and an extended-day program. We use traditional assessments as well as portfolio assessments to prepare students for Regents Exams. We prepare students for college starting in 9th grade with counseling and overnight trips to colleges. Our students are prepared for higher education and careers and are ready to assume their roles as citizens of our country and the world.

SCHOOL OVERVIEW

Our students are prepared for success in college and careers through a series of learning experiences in an environment where each student is known well by our faculty and staff. Work-based learning experiences including college and job-site visits, job shadowing, and industry based internships help our students develop the academic and business skills needed in today's competitive job market. In addition to our focus on the Hotel/Lodging sector of the Hospitality Industry, 2017 brings the opening of our brand new learning kitchen offering students the opportunity to pursue a career in the Culinary Industry. Combined with a rigorous academic program and a robust sports program our students have a rich school experience helping them become industry leaders.

ACADEMICS

- Advisory, College & Career Counseling, Specialized Tutoring, Job Shadowing/Internship Experiences
- Technology-Driven Instruction/Blended Learning
- As the school expands, we plan to offer Mandarin Chinese, French, and Advanced Placement English.

SCHOOL OVERVIEW

At Schuylerville Preparatory High School, our aspiration is to graduate disciplined individuals with integrity. Our students leave school with the goal of continuing their education in the service of others and contributing to the common good. Our approach is to take our students through increasingly rigorous phases of learning. In addition to developing our students into college-ready thinkers, our Dream Real Advisory is dedicated to the development of students' professional interests. We assign students to Success Development Coaches who help to identify concrete steps that students must take to realize their goals. This personalized approach offers support to our students with mentorships, internships, and college-level courses.

SCHOOL OVERVIEW

In collaboration with the College Board, our school assists students in mastering a challenging curriculum, guiding them to college entrance, and preparing them for success. Through exposure to state-of-the-art instruction and support, in a respectful and welcoming environment, students are inspired to set the highest academic standards and career goals for themselves. Our students learn to think critically, communicate effectively, and be open to new experiences. They are trained to become lifelong learners who are receptive to a wide range of ideas and beliefs. In turn, a strong school community—families, teachers, and staff equally committed to these high ideals—supports our students and provides a solid foundation for their success.

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Knowledge for College, SAT Readiness—Pathways, Academic Support Services, Advisory, CUNY College Now, College Visits, Workshops at Lehman College

SCHOOL OVERVIEW

Our students graduate with the skills necessary for success in the 21st century. In September 2015, The New York Post recognized TAPCo as one of the top NYC high schools for art and performance. We are also a STEAM school, which means we learn through exploring the connections between Science, Technology, Engineering, the Arts, and Math. Our freshmen students major in Theater, Dance, Music, or Visual Studies with the opportunity for internships at world-class arts organizations during their senior year. Our senior class typically achieves a 99% college acceptance rate and are offered over \$1 million in scholarships and grants (not loans).

10 10th Grade Seats Also Offered

ACADEMICS

- Before- and After-School Tutoring, Saturday Academy, SAT Prep, Lehman College NOW.
- Drama, Dance, and Visual Studies are our primary art tracks.

SCHOOL OVERVIEW

Our school feels like college. We provide a rich and authentic learning environment that is rigorous, college and career focused, family oriented and dedicated to cultivating successive generations of citizens prepared to constructively participate in the society of their time. Students can earn up to 18 college credits through our partnership with CUNY and choose from advanced placement courses and STEM electives. Liberal arts and humanities electives include theater, photojournalism, media and broadcasting, band, business, and entrepreneurship. Students also gain real world experience through our executive internship program. Our curriculum fosters independence, critical thinking, and social responsibility.

SCHOOL OVERVIEW

Our school was founded on the idea that students who can express themselves in writing can succeed in any path. In addition to the challenging academic work offered, we are committed to providing learning opportunities outside of the classroom. Our students participate in a rigorous inquiry-based college preparatory curriculum, regular field trips to arts institutions, overnight trips to universities, SAT prep, and enriching community-building activities. Our student services team connects students to jobs, internships, and programs that allow them to travel all over the world. We celebrate hard work, curiosity, self-expression, and service. Our graduates are critical readers and writers, fully prepared to maximize their learning and growth.

SCHOOL OVERVIEW

The Urban Assembly School for Applied Math and Science strives to develop and prepare all of our students to become compassionate, critical thinkers capable of successful pursuits after high school. We expect that all of our students will be prepared for college-level study and will be equipped with the skills to make solid career choices. We operate on the premise that as critical thinkers attempt to make sense of the world around them, they tend naturally to engage deeply with mathematics, and that applied mathematics can be a powerful unifying force in the school experience. As a result, the mathematical sciences are celebrated at this school.

SCHOOL OVERVIEW

At the Urban Assembly School for Careers in Sports we are preparing our students to interact with the larger world effectively. Aside from the academic skills that students need in order to be successful in life, we also focus on their social/emotional development. We believe that in order to prepare our students for the world at large, we must develop them into resilient leaders who are able to solve problems and communicate effectively. We offer a rigorous college-preparatory curriculum that includes opportunities to explore careers in sports-related fields. Interested students have the opportunity to become involved in extracurricular college-level classes, mentoring programs, clubs, community service projects, and internships.

SCHOOL OVERVIEW

Validus Preparatory Academy is a small, NYC DOE public high school, serving students in grades 9–12. Our mission is to provide students with an education that empowers them academically, socially, and economically, with an emphasis on careers in the healthcare profession. Validus offers a rigorous curriculum, leading to New York State Regents and Local diplomas. Some of the colleges and universities our graduates attend include Vanderbilt, Syracuse, NYU, Boston College, UMass, SUNY Binghamton, Brandeis, and Borough of Manhattan Community College. We serve a diverse student body, supported by a safe, inclusive, character-building environment. Parents are engaged as well, participating in active forums for input on substantive issues.

ACADEMICS

- Validus holds a mock Regents to prepare students for the January and June exams. Results determine strengths and areas for improvement.
- All juniors and seniors are enrolled in our College and Career, PSAT, and SAT prep classes.
- Credit Recovery for students to make up for shortfalls in required courses.
- Saturday Academy for credit recovery and Regents prep.

SCHOOL OVERVIEW

The West Bronx Academy for the Future (WBA) is a high-tech school that prepares its graduates to participate fully in the social, civic, and economic life of their city. Students learn in integrated classes and are supported by a guidance system featuring small numbers of students with long-term teacher involvement. Our program is enhanced by real-world, project-based learning and the thorough integration of technology. Students are able to use two computer labs (Mac and HP) while working on integrated curriculum.

ACADEMICS

- Integrated curriculum, Technology is used to enhance teaching and learning
- Access to computers equipped with software to enrich school-based curricula

■ SCHOOL OVERVIEW

Our mission is to develop confident readers, writers, and speakers who are connected to and supported by the school community. We prepare students for college with a liberal arts curriculum focused on writing, critical thinking, and peer discussion. We give them the opportunity to connect with their passions through elective coursework in the arts, sciences, and humanities. Our nurturing school culture encourages reflection, collaboration, and experiential learning. Regardless of entry program, students have a common 9th grade experience and opt-in to honors coursework starting their sophomore year.

10 10th Grade Seats Also Offered

■ ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Socratic Seminars, International Travel Opportunities, College Prep Course
- Mentorship Program with 15:1 Student to Mentor Ratio, Freshman Orientation Trip
- We currently offer pre-Advanced Placement (AP) classes for 10th grade students

SCHOOL OVERVIEW

In September 1994, the New York City Department of Education, the Center for Collaborative Education, and the Coalition of Essential Schools sponsored the first systemic effort to redesign a large high school in the Bronx. Wings Academy was one of five pioneering small schools resulting from that effort, founded on the premise of helping young people use their minds well. Our primary goal is to develop students' habits of mind, which will encourage respect for lifelong learning, purposefulness, and success.

SCHOOL OVERVIEW

The Women's Academy of Excellence is an all-girls public high school, serving grades 9-12. Our mission is to create a community of lifelong learners, to nurture the intellectual curiosity and creativity of young women and to address their developmental needs. The school community cultivates dynamic, participatory learning, enabling students to achieve academic success at many levels, especially in the fields of math, science, and civic responsibility. Our scholars are exposed to a challenging curriculum that encourages them to achieve their goals while being empowered to become young women and leaders. Our Philosophy is GIRLS MATTER!

SCHOOL OVERVIEW

World View High School (WVHS) is a rigorous college preparatory school with a primary focus on mathematics and the sciences. WVHS utilizes project-based learning to prepare students for college and careers. As members of our community, students are expected to present their research projects in every discipline twice every school year and maintain a college and career-ready profile. Students build rigorous research and evidence based skills while fostering their social and emotional growth as a member of an increasingly global community. WVHS teachers guide students through our mentoring program and advisory classes to ensure academic and personal success on their path towards becoming leaders in the school community and world beyond.

10th Grade Seats Also Offered

ACADEMICS

- WVHS students have the opportunity to start taking college courses in the 10th grade through the College Now Program at Lehman College.
- Environment, Chemistry, Physics; Mathematics: Algebra 1, Geometry, Algebra 2/ Trigonometry, Pre-Calculus

Program Description: World View High School’s Spanish transitional bilingual program focuses on English acquisition with a special interest in math and science. The program is designed for Spanish speaking immigrant students who have less than four years in the United States.									

SCHOOL OVERVIEW

Our school community consists of confident and compassionate young women. We specialize in mathematics, science and technology. Personal and academic growth is supported in a strong advisory program. We focus on female adolescent development, positive self-image, effective communication, leadership development, and college awareness. Learning is dynamic and our small class-sizes enable students to experience great success on many levels. The educational experience is enhanced only through strong partnerships with The Young Women's Network and the College Bound Initiative. With their support, we are able to replicate the best practices of a private and independent girl's school and provide a quality education.

SCHOOL OVERVIEW

At ACORN Community High school we prepare our students to become leaders of the 21st Century. We believe that through real-world, rigorous, and collaborative educational experiences our students are prepared to embark on their college and career journey. ACHS believes in educating the whole child, by providing small nurturing learning communities that are specific to our students' needs. Our students' lives matter and we work tirelessly to facilitate their progress even beyond graduating from ACHS. As we empower our scholars to transform, "Success is the only option!"

SCHOOL OVERVIEW

For nearly a century, we have been a leader in NYC education. Lincoln alumni have gone on to great success. Through our partnership with Johns Hopkins University, we offer Small Learning Communities (SLCs) such that students get individualized attention with access to the resources and facilities of a large comprehensive high school. The first two years are dedicated to socio-emotional development and meeting high school graduation requirements while 11th and 12th grades are devoted to college and career readiness. Our extensive elective course offerings, including Advanced Placement (AP) and CUNY College Now classes, empower our academic achievers to complete up to a year of college credit before graduation.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Academy for College Preparation and Career Exploration: A College Board School is a small secondary school with an exciting program. Students are exposed to a wide range of internships, mentor programs, and extracurricular activities that help them discover their true talents. With the help of their advisors, guidance counselors, parents, and college/community-based mentors, students develop the path best suited for their talents and potential. Our internships and mentor programs provide opportunities for students to work with professionals in the career field of their choice.

ACADEMICS

- Academic portfolio for assessment
- Internships and Mentor Programs at local colleges, community-based organizations, and businesses

SCHOOL OVERVIEW

This is a small school with a supportive culture. We prepare students with knowledge, skills, confidence, and motivation. We prepare students for college by developing critical thinking, problem solving, collaboration, and real world applications. Through our partnerships with Cornell University and Brooklyn College, we provide a rigorous curriculum emphasizing the sciences and the environment, internship opportunities, and numerous Advanced Placement (AP) courses. Through environmental field experiences, engaging course work, and a small, supportive school culture our students are empowered to succeed in their future endeavors.

SCHOOL OVERVIEW

We are a small, innovative learning community with a collaborative approach to teaching and learning that seeks to empower students to become responsible leaders. We strive to make students part of a global response to preserving our environment. Every student is held to the highest standards and has constant opportunities for intellectual engagement. All students are expected to be college- and career-ready prior to graduation. We welcome parental involvement, which is essential to the success of our school. Our instructional focus is on reading and writing across all content areas. All students are expected to take a math and science course each semester. Our teachers use technology to engage our students and apply learning to the world.

ACADEMICS

- Sustainable Urban Farming Class as a tool in supporting the health of social, economic, ecological, and environmental systems
- Grow, process, and distribute food within a whole-systems framework
- Preparation of soil, composting, producing seedlings in our greenhouse, and selling products to local merchants
- Plant taxonomy, plant structures & functions, nutritional values of plants, medicinal properties of plants, culinary uses of plants, vertical farming

SCHOOL OVERVIEW

We are a small learning community where excellent teaching, close relationships, and high expectations lead students to college and careers. We create a calm, respectful learning environment. We ensure that all students learn to be members of our school community. Classes are student-centered and project-based, with a heavy focus on building skills in the following areas of communication: writing, presentation, and self-expression through the arts. Participation in an Advisory program allows students to develop close relationships with peers and teachers, undergo personal growth, and embark on college trips starting in the ninth grade. We seek parents and students who are interested in belonging to and shaping a close-knit school community.

ACADEMICS

- Academic Portfolio for Assessment
- Advisory with community service trips, Writing in each class, Partnership with Urban Word NYC (students write and publish a book yearly)
- Creative Writing, Journalism, Art Electives, Senior Internships, CUNY College Now, Partnership with East Brooklyn Congregations
- Exhibition-Based Academic program (grades primarily based on student exhibitions/projects), Career and College Exploration

SCHOOL OVERVIEW

Students at the Academy of Urban Planning use their leadership abilities to achieve academic success. We forge a lasting spirit of community where students, parents, and guardians are welcome, teachers and staff work collaboratively, and all are engaged as partners to provide an exemplary education for our students. We provide students with the academic and social tools they need to pursue goals by stimulating their interests in learning, discovery, and self-expression. The urban planning theme-based curriculum takes students out of the classroom and into their communities to develop skills that will move them toward higher education and careers, while at the same time tapping into their innate curiosity towards the world around them.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

We are an innovative small high school that prepares students to be active citizens, lifelong independent learners, and confident, cooperative, and creative thinkers. Our school is not just a place for visual artists, but for students who want to showcase their ideas to the world. Our focus on literacy, the arts, media, and research will help students to think critically about their world and prepare them for future life challenges. At our school, students will learn the value of hard work and perseverance while figuring out new and innovative ways of making the world run more smoothly.

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Advisories, Group and Independent Projects, Online Access to Curriculum and Progress Reports, Service Learning, Advanced Art
- Media courses, CUNY College Now, Asynchronous Learning with iZone, Technology embedded into all courses, Project Based Learning opportunities

SCHOOL OVERVIEW

Our school strongly believes that student choice leads to student success. As such, students have an opportunity to choose from four pathways that lead to graduation: Engineering, Law Enforcement, Automotive Applied Science, or Business Entrepreneurship. Our motto, 'Experience teaches – so that we may fly by our own wings,' speaks to our dedication to empowering students in creating and following the academic and social paths that will lead them to success.

SCHOOL OVERVIEW

Our mission is to provide a comprehensive course of study that will actively engage students in acquiring the knowledge and skills necessary to adapt to a multicultural, scientific, and technological society. Students draw upon community resources in preparation for the world of higher education and work. Our graduates will be socially responsible, lifelong learners prepared to promote all aspects of community development as they meet the challenges of the future.

SCHOOL OVERVIEW

We are The Pride and Joy of Bed-Stuy! With effective instruction, along with a welcoming learning environment, we are committed to developing young citizens who are prepared socially and academically for the 21st century. We are organized into four Small Learning Communities – Law, Business & Technology, Entertainment Arts, and Freshman Prep. Our Small Learning Communities are aligned with our belief that children enjoy learning with curricula that are relevant, differentiated, and speak directly to their interests. A CARE Center was created to provide wrap-around services to meet our students' needs. Students are also provided with CTE opportunities.

10th Grade Seats Also Offered

Eligibility: Open only to Brooklyn students or residents.

ACADEMICS

- CTE program(s) in: Law and Public Safety
- iLearnNYC: Program for expanded online coursework and self-paced learning
- Smart Scholars Program through Long Island University, CUNY College Now, Work-study Internships
- Naviance (college search and tracking system to research and apply online to college), Music Production, Art, Dance, Instrumental Music, Vocal Music
- iCourse (online credit recovery program)

English Language Learner Programs: English as a New Language

Language Courses: Spanish

Diploma Endorsements: Science

SCHOOL OVERVIEW

The mission of The Brooklyn Academy of Global Finance (BAGF) is to prepare students, both for post-secondary education and to compete in the global economy through academic rigor, financial literacy, awareness of global economic and cultural diversity, and exposure to the corporate world. Students gain knowledge of the financial industry through field trips, job shadowing and internships. BAGF provides an academically challenging environment in which students experience real-world applications of their learning through internships and interactions with partners in business and financial services industries.

ACADEMICS

- CTE program(s) in: Business, Management & Administration
- National Academy of Finance: industry-approved curriculum which includes job-shadowing, guest speakers, internships, and career planning
- Deloitte Consulting provides a Career-Readiness Program for our Ninth-Grade Class
- Label X Educational Initiative: music professionals introduce students to the industry to create viral marketing, a mixed song, and edited music video

SCHOOL OVERVIEW

Brooklyn Academy of Science and the Environment (BASE) is a small Brooklyn New Century High School. Our mission is to create an active learning community that addresses the needs of young people while embracing environmental science, environmental justice, urban ecology, and scientific research. We use the resources of three campuses (Prospect Park, Brooklyn Botanic Garden, and the Prospect Heights Educational Campus) to create a school that is engaging, academically challenging, and personally meaningful to our students, their parents, faculty and administration, collaborating organizations, and the wider community.

10 10th Grade Seats Also Offered

ACADEMICS

- Field Studies for ninth graders allows students to leave the classroom once per week to conduct science research at the Brooklyn Botanic Garden.
- After-School tutoring on Tues. and Thurs., Saturday Regents Prep, and credit recovery once per month on Wednesday afternoons offer additional support.
- Electives include: Computer Science, Science Research, Earth Science, Geology and Animal Behavior. AP Computer Science will begin in 2016-2017.
- Students can enroll in college courses through CUNY College Now at nearby Medgar Evers College. College trips and SAT Prep classes are offered.
- Internships and paid positions available at Brooklyn Botanic Garden, Prospect Park, Nature Conservancy, and the Brooklyn Museum.

SCHOOL OVERVIEW

As an Early College High School, our unique, successful collaboration with Brooklyn College enables highly motivated students with diverse backgrounds and interests to move from ninth to twelfth grade within a challenging academic atmosphere. We encourage our students to function independently in educational settings outside the school building and in a college campus environment. We are a collaborative community of leaders and learners whose learning environment is characterized by equity and excellence.

SCHOOL OVERVIEW

Our staff mentors students before, during, and after school. Students have a voice here and become lifelong learners. A strong school community equally committed to these ideals supports our students. BC is committed to developing well-rounded individuals. We offer college courses and specialize in college tours; a typical BC student will have visited 12-15 colleges by senior year. We have an outstanding after-school program with varied activities including AA basketball programs for girls and boys. Many of our students have earned academic or athletic scholarships to college. BC is a place where friends are made for life and where graduates know they will always be welcomed back home. We are “The Home of Urban Scholars.”

SCHOOL OVERVIEW

Our motto is ‘academic, artistic, and professional preparation for the 21st Century.’ Students achieve best when learning is applied to research, experimentation, creativity, and projects. Students participate in a four-year college preparatory academic curriculum, AP courses, many college partnerships, and present a college preparatory portfolio at the end of each school year. Students study visual arts and filmmaking and complete 4 years of special arts topics seminars. Many enroll in BCAM visual, performing, and media arts. Our Advisory-Family program provides support and creates a strong peer community. Through student-centered learning and strong relationships, we nurture students’ development and help them reach their potential.

Admissions Priorities: 1 Open to New York City residents

SCHOOL OVERVIEW

Brooklyn Frontiers High School serves entering ninth grade students who have fallen behind their peers by two or more years. We offer a personalized educational experience for students, recognizing the unique strengths and needs of each individual. The academic program is designed to challenge each learner and is implemented in a supportive environment that emphasizes the value of critical thinking skills, personal relationships, and student self-advocacy. We are committed to ensuring that students stretch their goals beyond graduation and gain the skills and self-confidence to successfully transition to college and careers.

Eligibility: Open only to 15-16 year-old New York City residents entering high school for the first time. Students must have a record of being held back two times in elementary and/or middle school.

Transfer School

				SWD	30	N/A	65	2	
Eligibility: Open only to 15-16 year-old New York City residents entering high school for the first time. Students must have a record of being held back two times in elementary and/or middle school.									
Selection Criteria: Students must attend an Open House and personalized intake meeting.									

SCHOOL OVERVIEW

This school invites students and families to a four-year conversation to ensure they graduate with competence and confidence. Our students receive intensive, small group instruction on a daily basis and complete projects that connect learning to life. Brooklyn Generation School students benefit from our month-long College and Career Intensives, with dedicated time to focus on the college process and career exploration. Our teachers continually monitor and assess each student’s progress and keep parents informed of their child’s academic strengths and challenges. Our liberal arts curriculum provides students with the skills, knowledge, and experience needed to become active and productive members of their community.

10 10th Grade Seats Also Offered

ACADEMICS

- Foundation courses prepare students for state-mandated Regents and success beyond high school
- Studio courses provide a range of academic, remedial and enrichment opportunities
- Students prepare for college entrance exams with CUNY At Home in College Classes and earn college credit

SCHOOL OVERVIEW

The Brooklyn Institute for Liberal Arts (BILA) is an ideal school for students who want the best academic foundation to prepare them for college. We have challenging interactive classes, online classes, and the opportunity for students to succeed in a supportive, friendly, and energetic community. We encourage and celebrate student voice, mentor students who then mentor others, and develop student leaders. Monthly trips are part of a curriculum that allows students to see, learn about, and truly participate in this ever-changing world. Students with a love for technology will flourish in this Mac-based iZone school, with a variety of electives to suit individual student choice. At BILA, we “Believe, Inquire, Learn and Achieve” every day.

SCHOOL OVERVIEW

Brooklyn International helps English Language Learners develop language, intellectual, and collaborative abilities so that they may become active participants in today's world. Students work collaboratively on interdisciplinary projects that they present to community members. To ensure our goal of college and career readiness, students complete internships in 11th grade, gaining real-world work experience, and exploring career paths. With access to a computer lab, digital fabrication lab, and one-to-one laptop program, graduates leave with the skills necessary to succeed in our rapidly evolving world. Finally, students' native languages and cultures are an asset to our school; we are proud to honor them, and to learn from and about them.

 Performance Assessment School

 School for New Arrivals

SCHOOL OVERVIEW

We are a small learning community that believes all students can learn to design their lives, build the dreams that are within them, be passionate lifelong learners, and more positively affect the world around them. We are committed to designing and building meaningful, challenging classes and projects that are framed by small class size, close relationships, and high expectations. Our students will be well-known throughout their time in our school and supported by our advisory program. We believe that with the right supports, expectations, and culture, all students can succeed.

SCHOOL OVERVIEW

Modeled after the prestigious Boston Latin school and founded in 2006, The Brooklyn Latin School provides a liberal arts curriculum, with an emphasis on the Classics and Latin language instruction. Early instruction emphasizes the acquisition of core knowledge of the key academic disciplines which students use as a foundation for deeper exploration in the upper grades. Widely regarded around the world as the most rigorous and comprehensive course of study at the high school level, the International Baccalaureate (IB) Programme is integral to our curriculum. In all classes, students experience a strong and consistent emphasis on analytical thinking, and structured writing, and public speaking, preparing them for the challenges of college work.

 Specialized High School

ACADEMICS

- IB Programme: extended independent essay, on a subject of choice, the completion of which correlates closely to college-level research writing
- 150 hours of Creativity, Action, and Service (CAS), which may include volunteering or engaging meaningfully with the community outside of TBLS

English Language Learner Programs: English as a New Language

Language Courses: Greek, Latin, Spanish

ACTIVITIES

The Latineer School Newspaper, Garden Club, Certamen (Latin Competition), Saltare (Dance), Drama, Global Awareness, Law Club, Legati, Math Team, Model UN, Moot Court, Muslim Student Association, National Honor Society, Outdoors Club, Peer Mediation, Photography, Public Declamation, Science Olympiad, Stoked Skateboarding, Student Senate, Studio Art, Viajeros, Yearbook

Admissions Priorities: ❶ Open to New York City residents								
Program Description: Admission to this Specialized High School is based solely on the score obtained on the Specialized High Schools Admissions Test (SHSAT). Students should speak to their guidance counselors in the Fall to register for the SHSAT.								

SCHOOL OVERVIEW

We are a small, college preparatory learning environment where academic rigor is accompanied by academic and affective support. Our mission is to ensure that all students develop the knowledge, skills, and habits of mind and work to succeed in a challenging college program and a rewarding career. Our math and science classes focus on real-world themes and problems that expand students' understanding of the world around them; the English and social studies curriculum emphasizes articulating complex ideas and arguments in writing and speaking. Our arts program integrates traditional art practices with technology while connecting students to the artistic community in Williamsburg.

10 10th Grade Seats Also Offered

ACADEMICS

- Academic Portfolio for assessment
- Intensive college and career planning beginning in the ninth grade, including partnerships with external organizations
- Small-group Advisories; CUNY College Now; Electives such as Psychology, Drama, Creative Writing, Web Design, 3-D Art, and SAT Prep
- Students also prepare and present a portfolio each semester highlighting and reflecting on some of their best work
- We build community and relationships through restorative justice practices, small class sizes, and various leadership opportunities.

SCHOOL OVERVIEW

Brooklyn School for Math and Research wants each of its graduates to make significant contributions to the world. To make that happen, we provide our students with the support and training they need to master mathematics and research. We use math to develop a framework for understanding the world around us and we use research to validate our theories about how the world works. Every student develops competence, confidence, and critical thinking skills—tools that drive their success in college, university, and careers.

10 10th Grade Seats Also Offered

ACADEMICS

- Advisory, three periods of math
- Financial research paper capstone project aligned to college-level research writing
- Special programs include SAT prep courses, free college credit courses at CUNY City Tech through CUNY College Now, College Summit

SCHOOL OVERVIEW

Bushwick Leaders High School for Academic Excellence is a collaboration between East Brooklyn Congregations, the Department of Education, and community educators and leaders. It provides a quality education to students in the Bushwick community by building relationships among parents, teachers, and students in a nurturing environment where students learn by doing. Students explore career opportunities through community service, college trips, a corporate mentoring program, and an integrated arts program. With a focus on a challenging academic curriculum, all students are prepared for work and college. As a result of our programming, students receive maximum instructional time as well as the opportunity for extra help in all subject areas.

Program Description: A challenging program with emphasis on addressing social justice issues around our community and the nation.									

SCHOOL OVERVIEW

Each member of our community accepts responsibility for the learning, academic achievement, and social and cultural development of all students. We are a CTE Early College school under the 9–14 P-Tech model that prepares our students for college and careers in Construction Management, Civil Engineering Technology, and Architectural Technology. Students take courses that are developed and co-taught by college professors at CUNY's New York City College of Technology (City Tech) and participate in internship opportunities. After meeting college-ready benchmarks, our students attend City Tech at no cost to earn an Associate Degree in Construction Management, Civil Engineering Technology, or Architectural Technology.

SCHOOL OVERVIEW

The primary focus of Clara Barton High School is to prepare students with an interest in the health professions for college and/or entry-level positions in a health career. As a CTE School, we offer students many career opportunities through a variety of special programs and courses. We also provide a challenging honors program (Gateway) for students that qualify. We test all students for proper programs and course placement.

10 10th Grade Seats Also Offered

ACADEMICS

- Students may receive CTE state endorsements in one of 6 different majors, preparing students for entry level jobs in these highly competitive fields.
- Majors: Practical Nurse (LPN), Medical Assistant/ Billing & Coding, Nurse Assistant, Dental Assistant, Dental Lab Technology, Vision Technology
- Students can also enjoy several elective courses including: Yoga, Ceramics, Drawing, Computer Science, Business & Finance
- We offer in- school paid jobs and the Intergenerational Work Study Program at a local Senior Center.
- Through Medgar Evers College we give students the opportunity to begin their Associate's Degree through the Pipeline Program.

SCHOOL OVERVIEW

CHCP is a community built on high expectations for instruction with a well-structured and adaptive curriculum to meet the social and emotional needs of scholars. Students’ voices, rigorous instruction, and collaboration with all stakeholders creates a safe, nurturing environment that fosters scholars’ civic and academic excellence. Collaboration amongst CHCP’s educators, parents, and community groups supports learning so that scholars stay engaged, stay in school longer, and enjoy their school experience. CHCP is a small learning community where scholars are known as individuals and receive a personalized education based on inquiry, problem solving, and reflection.

SCHOOL OVERVIEW

Our school has a performing and visual arts program that serves a diverse population through a comprehensive range of academic and supportive curricula. We offer a nurturing and supportive academic learning environment. Dr. Susan S. McKinney Secondary School of the Arts is a part of the first cohort recognized in New York City as a Nationally Certified Advancement Via Individual Determination (AVID) school. To ensure that students are College and Career Ready, we have implemented iLearn courses to aid under-credited students in fulfilling their credit requirements. Based on our work with School Time Labs, we have programmed a College and Career Readiness course for all high school students with goal extending to grades six through eight.

SCHOOL OVERVIEW

EBC High School for Public Service – Bushwick is a small school focused on individual excellence, high academic standards, and service to the community. We have an educational culture that instills respect, self-discipline, and strong intellectual values. At EBC, students are offered the opportunity to serve their community and are supported by our staff through an advisory program. Students, staff, and parents/guardians thrive in a school that values personalization in education and prepares students for college and life after high school while nurturing and empowering students to serve as tomorrow's leaders today!

SCHOOL OVERVIEW

We are a grade 6 through 12 school that develops young men to be critical thinkers and active citizens who embody our Five Eagle Pillars: Commitment to Excellence, Resilience, Confidence, Leadership, and Effort. Our scholars follow individual schedules. We offer a range of courses, extracurriculars, and extended learning opportunities. Our teachers understand and embrace the challenges of teaching our unique population and take strategic risks grounded in research-based practices. Eagle is more than a school: we are a family dedicated to ensuring that all of our young men reach their full potential as globally conscious and competitive Eagle Scholars.

Eligibility: Open only to male students.

Male Students Only

SCHOOL OVERVIEW

Our educational philosophy is based upon the growth of kindness, curiosity, and critical thinking, traits necessary for achievement in higher education, the professional world, and one's personal life. Ninety-minute periods, average class size of twenty one, and a dedicated group of teachers create a learning experience that motivates and challenges our students. We offer an accelerated Regents program that provides students the opportunity to complete all required Regents exams by the end of sophomore year. Many of our students choose to complete Advanced Regents diplomas, advanced coursework, and examinations that better prepare them for a college education upon graduation.

ACADEMICS

- Saturday Academy and PM School (provide students with test prep); Tutorial, Credit Recovery, Art
- Instrumental Music, Chorus, Drama, CUNY College Now
- Students have the opportunity to complete a foreign language sequence that will lead to an Advanced Regents diploma

English Language Learner Programs: English as a New Language

Language Courses: French, Spanish

Advanced Placement (AP) Courses: English, Environmental Science, Statistics, US History

ACTIVITIES

Art, Boys' Discussion Group, Cheerleading, Drama, Fitness, Girls' Discussion Group, Instrumental Music, Intramural Sports, National Honor Society, Stepping Team, Student Leadership, Studio Art, Theater Trips, Vocal Music, Yearbook

PSAL Sports—Boys: Basketball, Soccer, Volleyball

PSAL Sports—Girls: Basketball, Tennis, Volleyball

School Sports: Basketball, Fitness, Flag Football, Swimming, Soccer, Tennis, Volleyball, Weight Training; Intramural Student Tournaments, Student vs. Faculty Games

SCHOOL OVERVIEW

We are a small, innovative learning community that promotes comprehensive academic excellence for all students while inspiring and nurturing leadership for peace and justice. Our state-of-the-art facility allows for a creative and intellectually challenging environment where every student thrives. Our project-based curriculum is designed to prepare students to be active citizens and independent thinkers who share a passion for transforming their communities and the world into a better place. Our trimester system allows students to complete most of their high school credits by the 11th grade, opening opportunities for exciting internships and college courses during the school day in the 12th grade.

📄 Performance Assessment School

SCHOOL OVERVIEW

Leaders High School provides students with innovative curricula and hands-on learning experiences. Instead of high stakes tests, our students complete Performance-Based Assessment Tasks (PBATs). These in-depth, analytical papers require extensive reading, writing, research, and revision. We foster a strong college-going culture by providing a full-time counselor, offering a college/career elective to seniors, and celebrating during our annual college march. Students join a crew, a small class where they receive academic support, develop character, and reflect on growth. Through these experiences, students learn to embody our four core values of leading, learning, contributing, and exploring.

Performance Assessment School

ACADEMICS

- Performance-Based Assessment Tasks (PBATs) instead of standardized tests (except for the Common Core English exam) fulfill graduation requirements.
- Standards-based grading tracks students’ progress, and their grades reflect growth over a semester rather than a one-time, all-or-nothing score.
- Leaders provides a full-time college counselor, our college/career course for juniors and seniors, and a chance to celebrate at our College March.
- Student-led conferences (SLCs) allow students to present their strengths, growth areas, and goals and take the lead in their own learning.
- During Intensives regular classes are suspended and students sign up to explore a topic in-depth with visits from experts and fieldwork in the city.

Program Description: Interdisciplinary college and career preparatory program using hands-on, project-based learning to develop leadership and scholarship.

SCHOOL OVERVIEW

We work in collaboration with the New York City Fire Department to offer an exceptional education that introduces the benefits of the Fire and Emergency Medical Services (EMS). Upon passing the New York State EMS Certification Exam in the 12th grade, our students can roll into a full-time position with the FDNY. Students also understand the benefits of a career in civil service and are prepared to pursue a post-secondary education as they enter their young adult lives. Our students will study courses dealing with biology, life-saving skills, human anatomy, fire science, extinguishing agents and their chemical make-up, and official procedures for becoming a NYC firefighter. Our graduates go on to work as EMTs and firefighters for the FDNY.

ACADEMICS

- CTE program(s) in: Health Science
- Introduces the occupational benefits of the Fire and Emergency Medical Services (EMS)
- New York State EMS Certification Exam
- Biology, life-saving skills, human anatomy, fire science, extinguishing agents and their chemical make-up
- Students learn official procedures for becoming a NYC firefighter

SCHOOL OVERVIEW

“Democracy cannot succeed unless those who express their choice are prepared to choose wisely. The real safeguard of democracy, therefore, is education.”—Franklin Delano Roosevelt. To this end, we at Franklin Delano Roosevelt High School provide our students with an extensive range of academic courses and extracurricular activities. The introduction of grade-level communities provides the benefit, focus, and intimacy of a small school while still maintaining the choices, options, and diversity of a large comprehensive high school.

10 10th Grade Seats Also Offered

Eligibility: Open only to Brooklyn students or residents.

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Academic Honors, Business Careers, CUNY College Now, Computer Repair, Entrepreneurship
- Freshman Honors Academy, Interdisciplinary Studies, Math/Science Academy, Microsoft Office Specialist, Mentoring, Performing Arts

PROGRAM ADMISSIONS

Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
STEAM -Robotics/ Programming	K16A	Computer Science & Technology	Ed. Opt.	GE	125	Y	833	7	Yes – 20
				SWD	25	Y	193	8	
Eligibility: Open only to Brooklyn students or residents									
Program Description: Students will explore the field of robotic design using a variety of hands on activities. Students begin with an introduction to the tools used to create robotic devices. As they progress through the series of classes, computer programming becomes an essential and vital element. This culminates in a capstone design project and Teaching Assistant positions for students to mentor our incoming engineers. Our Robotics Academy offers opportunities for scholarships and research opportunities.									
STEAM—Environmental Studies	K16C	Environmental Science	Ed. Opt.	GE	57	Y	802	14	Yes – 5
				SWD	11	Y	130	12	
Eligibility: Open only to Brooklyn students or residents									
Program Description: This is an interdisciplinary program for students interested in understanding the natural and urban environment and environmental ethics through hands-on and project-based learning. Students will develop analytical and process skills that will prepare them for college and a career in environmental science and emerging green industries. In addition, students will explore the real-world use of hydroponics and the importance of green living. This culminates in a Capstone Project for Seniors.

Program Description: Theater and music preparation program with courses in acting, movement, music theory, technical theater, and theater history.									
STEAM—Multimedia Design	K16E	Visual Art & Design	Ed. Opt.	GE SWD	New Program				
Eligibility: Open only to Brooklyn students or residents									
Program Description: Our mission is to prepare students for college and career opportunities in fields such as advertising, graphic arts, publishing, journalism, television, and film/theater. Courses are centered on a learning environment comprised of state of the art facilities including Mac labs, the complete suite of Adobe Creative Suite software, 3D modeling printers, Advanced Photography Laboratories, and a Black Box Theatre. There is a Capstone Project where students finalize their portfolio.									
STEAM—Science Research	K16F	Science & Math	Ed. Opt.	GE SWD	New Program				
Eligibility: Open only to Brooklyn students or residents									
Program Description: This program will allow students to explore the natural world through hands-on and project-based learning. Students will record observations, develop questions, design and conduct experiments, collect and interpret data, and propose new ideas from their conclusions. Students will have the opportunity to use multimedia to present their research articles or findings as a Capstone Project to panels of their peers in class, science fairs, research symposiums, and competitions throughout NYC.

SCHOOL OVERVIEW

The Frederick Douglass Academy IV (FDA IV) Secondary School is a place of scholarship where students are considered scholars. We maintain an atmosphere of order, civility, maturity, and seriousness of purpose upheld by a set of core Twelve Non-Negotiable Rules. Our scholars are instilled with a Scholar's Creed, adapted from the Morehouse College Students' Creed, that reinforces the school's cohesive culture, underscores its high expectations and builds the scholars' sense of pride in their school and themselves.

SCHOOL OVERVIEW

Founded in 2004 and inspired by the life of Frederick Douglass, Frederick Douglass Academy VII (FDA VII) is located in the Brownsville area and built on Dr. Lorraine Monroe’s vision of academic and personal excellence for all students. The school mission involves the creation of a collaborative work environment which nurtures intellectual diversity, prepares scholars to attend an institution of higher learning, and to become active citizens in their larger communities. FDA VII is accredited by the New York State Board of Regents and chartered by the National Honor Society.

SCHOOL OVERVIEW

This is a small high school focused on arts and arts-related careers. Students collaborate on creative projects such as performances, art exhibits, poetry slams, and publications. Each semester begins with an interdisciplinary inquiry project. We use the city as our classroom, taking frequent field work trips to museums, cultural and community-based organizations, and workplaces. The advisory system ensures that all students receive personalized support and academic guidance. Internships in the arts industries such as Music, Fashion, Design, and Performing Arts offer real-world experience and contacts. Graduation is based on an academic portfolio of student work, the creation of which helps our students succeed in their future endeavors.

Performance Assessment School

10th Grade Seats Also Offered

ACADEMICS

- Academic Portfolio required for graduation.
- Emphasis on arts and arts-related careers throughout the curriculum; Classes designed around student discussion; Advisory program
- Annual college and career fairs to expose students to post-graduate options
- Weekly class trips to arts organizations and industries to expose students to New York City's cultural resources

				SWD	5	N	14	3	
Admissions Priorities: ❶ Open to New York City residents									
Program Description: Ninth grade students take extra English classes in preparation to score above a 75 on the ELA Regents as freshmen, qualifying them to participate in the New York College of Technology’s CUNY College Now program. From 10th through 12th grade, students have the opportunity to complete up to 18 fully-funded college credits and internship placements off-campus while participating in AP courses on the Green School campus.									
Selection Criteria (prior year ranges—learn more in the introduction):									
▪ Course Grades: English (55-100), Math (65-100), Social Studies (55-100), Science (65-100)									
▪ Standardized Test Scores: English Language Arts (1.9-4.5), Math (1.8-4.5)									
▪ Attendance and Punctuality									
Transitional Bilingual	L27C	Humanities & Interdisciplinary	Screened: Language	GE	17	N	43	3	No
				SWD	3	N	2	1	
Admissions Priorities: ❶ Open to New York City residents									
Program Description: We simultaneously develop students’ English and Spanish language skills through courses in Spanish literature, bilingual mathematics, English taught by native speakers, and through a project-based, interdisciplinary program emphasizing bilingual speaking and writing.									

SCHOOL OVERVIEW

Greenpoint Art and Technical High School (GATHS) offers a rich liberal arts curriculum motivated by the visual arts. With a low teacher-to-student ratio, students receive personalized guidance and support. The visual arts focus is interwoven into a strong academic program that prepares students for a wide range of careers. All students are offered the courses needed for the Advanced Regents Diploma and can receive college credits through CUNY College Now courses. GATHS's skilled educators deepen learning by building grit, responsibility, creativity, and leadership skills among all of our students. Lastly, students participate in internship opportunities in a number of fields through artistic and academic partnerships.

10 10th Grade Seats Also Offered

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- All students develop film or art projects with resident and guest artists showcased at an end-of-the-year celebration
- Students participate in a three year sequence of courses that include filmmaking, storytelling, oil painting, carpentry, and computer aided design
- We also offer work-based learning program, internships, independent study and CUNY College Now course at CUNY City Tech

Program Description: The Art program emphasizes drawing, painting, sculpture, printmaking, and ceramics where students develop creative problem-solving and technical skills. The Media program is designed to develop innovators in image and sound through a foundation in the culture, techniques, and processes of filmmaking. Classes will take you through all modes of film and video allowing you to shape your own artistic vision.									

SCHOOL OVERVIEW

This is a dynamic institution that provides high-quality programs that emphasize civil rights issues. Students develop skills in lyrical composition, writing, musical recording, and producing. Students perform at school functions and talent shows. Students travel to courthouses in New York and Washington DC, compete in Moot Court competitions, and serve as judges, attorneys, jurors, bailiffs, and clerks in the Academy’s Youth Court. A courtroom is also available for mock trials and law-related classes. Whether your plans are to enroll in a four-year university or enroll in a law enforcement or legal training program, the High School for Civil Rights provides students with the academic background and workplace exposure needed for success.

SCHOOL OVERVIEW

We are located in Williamsburg. Our school's partnerships with colleges, corporations, and community organizations provide students with many opportunities to work in business settings. We prepare all students to participate fully in the complex world they will enter upon graduation. School service, community service projects, and internship requirements help our students hone the skills they need to achieve excellence. We utilize a project-oriented, student-centered approach, which focuses on helping students create and reach their own goals. Using a hands-on approach, students learn to analyze information, research issues, and solve problems as productive members of society.

SCHOOL OVERVIEW

The High School for Service & Learning at Erasmus is a small New Century High School. Our mission is to provide educational experiences that meet the needs of our diverse student population. We build on the potential of our students, both as individuals and as valued members of our society, through a focus on culture, community, and civic engagement. With the help of peers, parents, partners, and teachers, students are empowered to become lifelong learners and agents of change, ready to make decisions and lead productive lives in a fast-paced, complex global environment.

SCHOOL OVERVIEW

We are a college pathway school designed to prepare all students to thrive in a four-year college and beyond. We offer a wide variety of Advanced Placement courses and have created an early college infrastructure that provides students the opportunity to graduate high school with a full year of college credits. Students can participate in community service and internship opportunities as well as PSAL sports teams, including our championship-winning football team. YCD students benefit from our partnerships with organizations like Replications, Counseling in Schools, StoryCorps U, Educational Video Foundation, Medgar Evers College and Brooklyn College, Bottom Line and TRIO at Brooklyn College.

SCHOOL OVERVIEW

At the High School of Sports Management (HSSM), students have an opportunity to engage in experiential learning opportunities, working with professionals in the areas of Sports Marketing, Sports Writing, Sports Media, Sports Medicine, and Sports Law. All students must adhere to a code of conduct spelled out in the non-negotiables and a strict uniform policy (white polo shirt, black slacks, and black shoes), both designed to continually reinforce the seriousness of purpose and mission of the school. Students are also required to participate in extensive after-school academic enrichment programs.

SCHOOL OVERVIEW

Our school is truly a school for the 21st century, enhancing rigorous academics in the liberal arts tradition with the most advanced technologies. Our small and ethnically diverse student body and our outstanding faculty work together to explore and maximize each student’s individual strengths. Through an incredibly rich array of programs, electives, teams, and clubs, we offer students the opportunity to find a niche and to develop into responsible and productive citizens. We are very proud that our graduates have demonstrated their ability to be successful in the finest universities in the nation. In addition to our challenging educational program, we are an exceptionally friendly school – one of the best-kept secrets in the city.

SCHOOL OVERVIEW

It Takes a Village Academy's (ITAVA) mission is to help students gain academic skills and knowledge, promote an understanding of and respect for diverse cultures and languages, support active and responsible citizenship, and inspire in our students a lifelong love of learning and pursuit of excellence. In keeping with our three core values—communication, character and critical thinking—all students become proficient in a foreign language, participate in an advisory group focused on character development and community building, and participate in meaningful discussions and projects that engage their critical thinking and problem-solving skills.

SCHOOL OVERVIEW

We offer an innovative form of education that empowers students to make responsible decisions. Our school is comprised of six small learning communities. Our small learning communities allow teachers to work with students for enrichment, remediation, and social engagement. Students receive the individualized attention found in a small school within the setting of a comprehensive high school. Our small learning communities prepare students for a variety of career pathways and college readiness programs in core subject areas including the arts, business, and technology.

SCHOOL OVERVIEW

We balance arts experiences with college readiness for all students. Students take talent classes of their choice; they become musicians, singers, actors, and visual artists. Partnerships with arts organizations allow students to conduct openings at professional galleries; students co-teach STEM classes with teachers in CUNY's PERC program; and students visit colleges starting in ninth grade through the College Bound Initiative. Students earn college credits through Advanced Placement (AP) and CUNY courses, take on leadership roles, participate in sports, participate in a variety of after-school activities, and are given the academic and social support they need to succeed in school. We value a diverse and richly talented school community.

10 10th Grade Seats Also Offered

ACADEMICS

- Visual Arts, Band, Chorus, Dance, or Theater courses culminate in an Arts Endorsed Regents diploma
- College readiness counseling provided by College Bound Initiative counselor; CUNY At Home In College English and math courses

SCHOOL OVERVIEW

Khalil Gibran International Academy (KGIA) is an International Baccalaureate (IB) school that offers students the opportunity to study the Arabic and French languages, and explore careers that require bilingual and multicultural skills such as international business, diplomacy, linguistics, journalism, and other related fields. In developing these skills, students will be well-prepared for college, careers, and positions as civic leaders in their community. Our students graduate with an understanding of different cultural perspectives, a love of learning, and a desire for excellence. We are committed to providing a challenging education where students can reach their full potential and become effective leaders in the world.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

At Kingsborough Early College School (KECS), all students have the opportunity to earn a tuition-free Associate Degree from Kingsborough Community College (KCC) during their time in secondary school. We offer instructional supports, small class size, and access to the KCC campus as early as sixth grade. To promote higher order thinking, students learn through inquiry, enrichment, and a challenging academic program. Our focus on youth development fosters confidence and self advocacy resulting in students becoming successful adults, prepared to continue their studies.

SCHOOL OVERVIEW

The Kurt Hahn Expeditionary Learning School is a 9-12 school working in partnership with New York City Outward Bound and Expeditionary Learning Schools to arm students with the knowledge, skills, and character necessary to serve as informed, thoughtful, and courageous civic leaders in their own communities and beyond. Students at the Kurt Hahn School will enroll in a challenging standards based curriculum that readies them for successful graduation from 4 year colleges. The Kurt Hahn School emphasizes the interdisciplinary, in-depth study of compelling topics which develop students' abilities to creatively solve problems and think critically.

 Performance Assessment School

10 10th Grade Seats Also Offered

ACADEMICS

- Students complete Performance-Based Assessment Tasks (PBATs) as a replacement for some Regents Exams.
- New York Performance Standards Consortium: students are exempt from all but the ELA Regents exams and present four graduation level PBATs
- Twice a year, students host student-led conferences to show their best work and set goals for personal growth
- This hallmark of our school builds terrific public speaking skills and self-confidence
- Adventure Course builds school culture and promotes strong individual leadership development; a trip that alumni call, "life changing."

SCHOOL OVERVIEW

The mission of Liberation Diploma Plus High School, in partnership with CAMBA, is to develop the student academically, socially, and emotionally. We will equip students with the skills needed to evaluate their options so that they can make informed and appropriate choices and create personal goals for success. Our year-round model (trimesters plus summer school) provides students the opportunity to gain credits and attain required graduation competencies at an accelerated rate. Our partners offer all students career preparation and college exposure. Students have the opportunity to earn college credit(s). In addition to fulfilling New York City graduation requirements, students are required to complete a portfolio to receive a high school diploma.

➡ Transfer School

10 10th Grade Seats Also Offered

The Learning to Work (LTW) program assists students in overcoming obstacles that impede their progress toward a high school diploma. LTW offers academic and student support, career and educational exploration, work preparation, skills development, and internships that prepare students for rewarding employment and educational experiences after graduation. These LTW supports are provided by a community-based organization (CBO) partner.

SCHOOL OVERVIEW

We prepare students for college, healthy adulthood, and lifelong learning. As an NYS Performance Standards Consortium school, students are exempt from taking all Regents exams except the ELA for graduation. Instead, students present final Performance Based Assessment Tasks (PBATs). Ninth and tenth grade students participate in roundtables where they present a final piece of work to staff, families, and visitors in small groups. Eleventh and twelfth grade students complete semester-long projects in a given content area. All students have an advisor and are offered elective classes to pursue their individual academic interests. We offer courses taught by visiting artists and a physical wellness program, including sports, fitness, and dance.

SCHOOL OVERVIEW

Our students take challenging courses that include four years of English Language Arts (ELA), mathematics, science, and technology and three years of a foreign language. Students complete at least one Advanced Placement (AP) course. Students sit for College Board examinations related to each AP course. Students also enroll in college courses and research internships at Medgar Evers College, City University of New York (CUNY) in the 11th grade and earn up to 15 college credits each semester. Student creativity, character development, and social responsibility are cultivated through individualized guidance, college advisement, athletics, clubs, fine and performing arts events, community service, and mentorships.

SCHOOL OVERVIEW

Metropolitan Diploma Plus High School is a learning community where adults are committed to supporting students’ potential as they reconnect to education and embark on paths filled with opportunity. Through collaboration with New York City Mission Society, students can participate in real-world experiences that provide challenges, knowledge, choice, and positive outcomes. Students engage in learning experiences to improve college and career readiness skills. Youth development and leadership play an important role as students re-engage in high school.

Eligibility: **Current 8th Grade Students**—open only to students who are at least 15 years of age and entering high school for the first time.
Other Students—open only to students who are at least 16 years of age and have attended another high school for at least one year.

SCHOOL OVERVIEW

Midwood High School celebrates a long tradition of academic excellence. Our school consists of three institutes. Placement in our Medical Science and Humanities Institutes is highly competitive and dependent upon strong academic performance. The Liberal Arts & Science Institute (LASI) serves students who reside in the geographical catchment area. Students are selected for one of three programs: LASI Honors Academy, College and Careers, or College Support. These programs provide students with rigorous college and career-based instruction.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Arts, A/V Technology & Communication, Law and Public Safety, Scientific Research and Engineering

■ SCHOOL OVERVIEW

The mission of Millennium Brooklyn is to create a rigorous academic program based on literacy infusion, the development of critical thinking skills, and project-based learning. We aim to prepare graduates for a college of choice and post-secondary options, empowering students through the setting and reaching of goals. In addition to a strong course sequence, our school partnerships provide students with additional opportunities for academic challenge. Partners are involved in curriculum development, extended day program, and parent support and outreach. Partnership involvement facilitates a community-centered environment and provides a range of learning experiences.

SCHOOL OVERVIEW

Our school is dedicated to helping English Language Learners (ELLs) develop their English proficiency. We believe that mastery of the English language is essential for college and work. Students are offered additional training in English as a New Language, technology, and other subjects during our extended day program and on Saturdays. Classes are designed to prepare students to meet graduation requirements and the challenges of college and career. Supportive teachers will assist students as they meet their academic potential and become well-rounded, productive members of society. Newcomers are welcome.

Eligibility: Open only to New York City residents who have lived in the United States three years or fewer, whose home language is Spanish and who are of limited English proficiency.

SCHOOL OVERVIEW

The mission of the Nelson Mandela School for Social Justice is to create life-long, socially conscious leaders who use education as a powerful tool to change the world. All work within our community is guided by our core values: service, perseverance, leadership, respect, and reflection. We explore social justice themes through a challenging and engaging academic curriculum as students develop critical thinking, analytic, and problem solving skills. Service learning, collaborative projects, travel abroad, and internships will prepare our students for the demands of college and careers, and define their purpose and responsibility as global citizens.

ACADEMICS

- Culturally relevant practices; Blended instruction with both teacher-led classes and use of digital resources
- Real-world problem-based learning; Student choice on elective courses; CORE advisory program focused on personal and social development
- Mentoring; Rites of passage experiences; College and career counseling starting in ninth grade; Internships; College-level courses in upper grades

SCHOOL OVERVIEW

New Utrecht High School is committed to educating its students to their maximum potential. To reach this end, we offer a full academic program designed to meet and exceed state standards. The main goal of our staff is to support our students in mastering the challenging curriculum and preparing for success. We offer an ever-expanding range of extracurricular activities and programs that enhance students' high school experience. We are a school steeped in tradition where parents are welcomed and encouraged to be partners in their child's success.

SCHOOL OVERVIEW

Origins High School prepares students for success in college by building on strengths and being attentive to individual needs. We make it a priority to know our students and their families through our advisory program. Our inquiry-based curriculum asks students to develop questions, conduct research, and prepare in-depth projects that exhibit their learning. Origins’ challenging liberal arts education is grounded in small group work, reading analysis, and an emphasis on writing. Students present portfolios of work to panels of teachers and community members twice a year. At Origins, our students graduate as active, confident learners, and problem-solvers.

10 10th Grade Seats Also Offered

ACADEMICS

- Academic Portfolio for assessment
- Technology-Integrated Curriculum; Individualized College, Academic and Career Counseling
- Internship Program; Advisory Program; Performance-Based Assessment Tasks (PBATs); Twice Yearly Portfolio & Exhibition Presentations

SCHOOL OVERVIEW

We believe that students learn best in a diverse and integrated environment where they can compare what they think with the knowledge of adults and their classmates. Students learn to read, write and think critically, debate, and develop new knowledge and ideas. Through CUNY's PERC program, peer tutors work alongside teachers in algebra, living environment, and chemistry classes. Students in every grade can participate in writing and theater workshops with the Atlantic Theater Company teaching artists. Social studies teachers engage students in projects and seminars culminating in our Senior Brooklyn History exhibit. Weekly Circles of 10-15 students and one faculty create the community and camaraderie essential to a truly integrated school.

ACADEMICS

- Eleventh and Twelfth Grade Physics, Chemistry, Computer Programming, Calculus, Brooklyn History, Guitar Ensemble, Studio Art, Spanish Film, College Advisory
- Four years of Science and Math
- Senior English and Brooklyn History have both received the DOE designation as college preparatory courses
- Full-time college counselor who guarantees that all students apply to a variety of colleges and receive support with financial aid applications

SCHOOL OVERVIEW

At Pathways in Technology Early College High School (P-TECH), students drawn to future careers in information technology (IT), computers, engineering, math, and science receive individualized support in preparing for and securing an entry-level position in the highly competitive IT industry. As a founding partner of the school, IBM (and other corporations) will provide all students with internship and training opportunities, exposing them to real-world technology careers. In addition, P-TECH students are able to earn an Associate degree or up to two years of college credit from CUNY's New York City College of Technology – at no cost – while still in high school.

SCHOOL OVERVIEW

Students are provided with a comprehensive education that includes performing arts, technology, and Advanced Placement (AP) courses. Our school supports and develops the talents of students through dance, drama, and instrumental and vocal music. We offer graphic and webpage design and CISCO Certification Training. We build partnerships with the professional performing arts community, institutions of higher learning and other organizations to provide opportunities for internships or college-level study: Brooklyn College, Medgar Evers College, Syracuse University, SAGA Innovations, the Step Up program, the Leadership Organization, and Hip Hop 4 Life. Our clubs and teams develop leadership capacity in all members of our school community.

SCHOOL OVERVIEW

In partnership with CAMBA, Professional Pathways High School is a small school dedicated to educating and motivating students in an alternative setting through a personalized approach to learning and development. The school's mission is to support the academic and social needs of students through strong partnerships between all members of the school community, re-engaging students academically through Project-Based Learning with an emphasis on post-secondary readiness and literacy, and building college/career readiness through computer literacy and career exposure. We will ensure that each student graduates with clearly articulated goals and a plan for postsecondary success.

➡ Transfer School

10 10th Grade Seats Also Offered

Eligibility: Current 8th Grade Students—open only to students who are at least 15 years of age and entering high school for the first time. Other Students—open only to students who are at least 16 years of age and have attended another high school for at least one year.

ACADEMICS

- Professional Pathways offers Learning to Work (LTW) services, including Internships, Computer Skills Courses, Career Development Courses, College Trips, Museum and Theater Visits, Group and Individual Counseling, and College Preparation Counseling
- The LTW program assists students in overcoming obstacles that impede their progress toward a high school diploma. LTW offers academic and student support, career and educational exploration, work preparation, skills development, and internships that prepare students for rewarding employment and educational experiences after graduation. These LTW supports are provided by a community-based organization (CBO) partner.
- The LTW partner for Professional Pathways High School is CAMBA.

SCHOOL OVERVIEW

We offer a challenging academic curriculum that emphasizes classical literature, academic writing, technology, and self-expression through the performing arts. Our students have the opportunity to master all aspects of performing arts production, including acting, public speaking, stage production, costume design, set design, lighting, production management, and marketing. SMART Boards and student laptops are used in daily instruction. The bi-weekly advisory/college readiness program allows students to work collaboratively and develop strong communication skills. Students attend classes in our fully equipped, state-of-the-art science, and computer labs, which they can also access after school.

10th Grade Seats Also Offered

ACADEMICS

- Performance major: Acting-movement and voice; Students explore theatrical literature and work on ensemble building and public speaking skills
- Production major: Technical theater design and management
- Dance major: Training, history, and techniques of dance culminating in a dance portfolio
- Science Research, Music, Common Core English, Storytelling, Honors English, Honors History, Health, Survey of African-American Literature, Advisory
- Students participate in theatrical productions throughout the school year.

Admissions Priorities: ❶ Priority to New York City residents who attend an information session—11% of offers went to this group ❷ Then to New York City residents									
Program Description: Students gain artistic confidence by engaging in and learning about technical theater, stagecraft, designing and creating scenery, costume design, lighting, make-up, special effects, and basic drafting skills. Students actively participate in preparing the school’s main stage productions.									

SCHOOL OVERVIEW

This is a sixth through twelfth grade school that cultivates strong leaders and learners in our world. Our students have opportunities for internships, mentorships, college exploration, and student governance, supported by various partnerships. We emphasize student choice, parent and community participation, and the development of personal potential through student government. At Town Hall meetings and Change Projects, students work toward transforming a part of their community. Students take what they learn far beyond the school's halls – to college, their communities, the city, and their future careers. They will be a positive force in the world, capable of influencing change and contributing constructively to democracy in our society.

SCHOOL OVERVIEW

Our school serves 500 students in grades six to twelve. With the implementation of the International Baccalaureate (IB) philosophy and framework, we support learning for all students. We are a community of enthusiastic educators with tight-knit grade level and department teaching teams. Our small class size (usually 22-25 students) helps students master their coursework. They graduate as socially conscious leaders, equipped with the intellectual tools and academic and critical thinking skills necessary to make meaningful change in today’s dynamic, interdependent world. Our full-time college advisor and our guidance counselors assist all students in planning for college and the world of work.

10 10th Grade Seats Also Offered

ACADEMICS

- Four years of Math and Science: Course offerings include Pre-Cal, Calculus, Advanced Chemistry, Biochemistry. Three years of second language required.
- Personal Project: dissertation/research paper required during 10th grade. Co-Op Tech Opportunities for juniors and seniors (internships/jobs).
- College-Now: college level courses (offered on weekends). Full-time college adviser ensures all students apply to multiple colleges & universities.
- CTE program(s) in: Hospitality and Tourism. Scholarships available to students that actively pursue a career in culinary arts.
- Partnerships: Creative Connections, College Confident, NYCChess, Violin, Visual/ Computer Design, & Drama provide an enriched program (8am-6pm).

SCHOOL OVERVIEW

Our mission is to guide students to become critical thinkers, independent learners, and productive citizens. Founded in 1996, we are a school in which students' voices are heard, character is developed, excellence prevails, and parents are our partners. Using critical thinking skills, technology, and reading and writing skills, our students investigate and explore educational and career opportunities in the legal field. The families of our students are actively engaged in our culture and are encouraged to chaperone our students on overnight and weekend trips such as college tours and historical sites of interest.

SCHOOL OVERVIEW

Science, Technology and Research Early College High School at Erasmus (STAR) is a small Early College Network school. Our dynamic team of high school teachers and Brooklyn College professors are eager to prepare students interested in science, mathematics, and technology for college and the world of work. With our partners, we offer a range of challenging academic courses that give students first-hand exposure to the demands of high school and college by using field-based and hands-on methods of instruction. Students use the rich resources on the Brooklyn College and other City University of New York (CUNY) campuses as their learning laboratories. In addition to their high school diploma, students may earn 30 or more college credits.

SCHOOL OVERVIEW

Students at Secondary School for Journalism (SSJ) recognize that 21st century learning must reflect the technological innovations of our time. We are striving, as critical consumers of media and technology, to generate thoughtful and responsible written communication on all digital platforms. Through productive dialogue, we engage in authentic problem-solving and project-based learning, utilizing reading, writing, and technology to build the skills and knowledge necessary to ensure a competitive edge as we apply to college, enter the work force, and become responsible members of our society.

SCHOOL OVERVIEW

As a community of committed learners, Secondary School for Law cultivates a spirit of excellence in our students through rigorous academic and extracurricular activities, preparing them to engage in challenging post-secondary experiences. Through the integration of demanding support programming such as academic tutoring, personalized mentoring, and one-on-one college guidance, our goal is to help students develop their own voices by teaching them the ability to solve complex problems, think critically, and advocate persuasively for themselves and their communities.

SCHOOL OVERVIEW

This is a small 6th through 12th grade school where student focus on their academic and creative work. We offer project-based learning that challenges students to question, discuss, collaborate, and solve problems. We incorporate the arts, critical literacy, and technology in all subjects. Every classroom is equipped with Smartboards, Document Cameras, and multiple computers so our students are developing 21st century technology skills in every class. We believe that the key to achievement is to not only involve our students, but also their families—parents appreciate our focus on collaboration and communication and they can expect regular contact with our school.

SCHOOL OVERVIEW

Sunset Park High School is a diverse and inclusive school that prepares all students for post-secondary options and the challenging demands of a changing world. Our school is divided into three small learning communities for grades 9-11 that use teams of teachers to provide personal attention, including advisory, to each student. Daily instruction builds foundational skills while focusing on the habits of critical thinking necessary for success in college and beyond. Our school is committed to college readiness, parent engagement, and community involvement.

SCHOOL OVERVIEW

We create, promote, and foster a learning environment that enables students to reach their full potential. We focus on individual growth, enabling students to develop a solid academic background required for post secondary education as well as the background in career and technical skills essential to succeed. We provide the necessary resources for students to achieve these goals while remaining accountable to all constituents for excellent educational practice. We accomplish this by partnering with students, parents, community members, and staff into a binding educational contract which acknowledges a collaborative effort by all.

Students are prepared to obtain an entry level IT Helpdesk position at the completion of the course. At the completion of the program students are offered multiple industry-recognized certifications.									

SCHOOL OVERVIEW

All students graduate equipped with the knowledge, skills, and personal choices to pursue college and professional careers in public service. Our graduates serve as public ambassadors who take action in their community, city, and nation. We are a proud AVID school that offers a variety of college level classes beginning in ninth grade. Students enjoy our partnerships with the Justice Resource Center (JRC), Momentum Teens, and several colleges. Students in all grades attend CUNY College Now and Smart Scholars classes after school and on weekends. Students in all grades participate in moot court and mock trial at Fordham University. Our goal is to extend these offerings to 80 to 110 students annually by 2017.

ACADEMICS

- CTE program(s) in: Law and Public Service
- Intro to Law, Criminology, Constitutional Law, Criminal Justice, Mock Trial, Legal Research & Writing, Alvin Ailey Dance, Music & Visual Arts Program.

SCHOOL OVERVIEW

The Urban Assembly School of Music and Art prepares students for college and the world of work. Our program integrates literacy and the arts into all aspects of our instructional program. Students learn to be critical thinkers and creative communicators. They learn to process and analyze complex information, view information in context, connect it to prior learning, and convey their ideas in a purposeful and convincing manner. Our program capitalizes upon our students’ love of the arts and their desire to engage in self-expression. We create an environment where students understand the practical relevance of their learning to be able to fulfill their visions for the future.

SCHOOL OVERVIEW

Through a single-sex environment, our school leverages our nurturing atmosphere to foster achievement in math, science, and technology. Our college-preparatory curriculum simultaneously develops students' social-emotional learning skills while providing intellectual challenges. Our rich network of partners have internship opportunities that connect our students with role models and mentors who inspire them to challenge their self-perceptions and counter cultural stereotypes of women in math and science. Our after-school programs provide unique opportunities for students to explore their interests in fields involving math and science. UAI graduates possess the required skills and knowledge leading to college graduation and STEM careers

SCHOOL OVERVIEW

As a CTE school, we prepare students for college and careers with a broad and deep focus on unique pathways. Coursework is as challenging as it is supportive, with a strong emphasis on cross-curricular and project-based learning, including community action projects focused on health issues in New York City. As a member of the highly successful Urban Assembly network of schools, UASCH features strong partnerships with top-tier healthcare facilities that work closely with staff to bring timely healthcare topics into the classroom and expose students to modern healthcare facilities. Graduates will be ready to serve any number of critical roles in the increasingly collaborative field of healthcare.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Health Science
- CTE healthcare focus with three career pathways: Business of Healthcare, Clinical Healthcare, Public Health
- Regents prep curricula; Rigorous project-based instruction

SCHOOL OVERVIEW

The Urban Assembly School for Criminal Justice (UASCI) is an all-girls school that prepares students for college and the world of work, teaching them the content and skills necessary for future success. We help develop the work habits and study skills that promote academic achievement. Students are also encouraged to participate in the many after-school and extracurricular activities we offer as they are integral to future educational and work success. As an all-girls school, our students are part of a tight-knit, diverse community and they benefit greatly from our small size and unique personal attention.

SCHOOL OVERVIEW

The Urban Assembly School for Law and Justice (SLJ) offers a challenging academic program with an emphasis on law and justice. We offer a nationally recognized college and career readiness curriculum. Through integrated partnerships, supportive relationships, and rigorous course-work, students develop strong communication skills and an understanding of the role law plays in society. SLJ students participate in the democratic process through Student Council, Town Hall meetings and Youth Court. SLJ graduates are strong readers and writers who think critically, work cooperatively, and question constantly. Families and community members stay involved through an open door policy, frequent home contact by advisors, and monthly family events.

SCHOOL OVERVIEW

We provide a challenging academic program that fosters self-awareness and strong work habits. Our graduates are prepared for higher education and careers. We provide opportunities for students to share ideas with each other, the staff, and the community. Our students participate in project-based learning and demonstrate mastery through academic portfolio assessment. The advisory program offers students an opportunity for personal development and academic growth while building close relationships within the school community. Our staff makes every effort to know each student and family well through small class sizes and a personalized approach to education which provides a structure for success.

SCHOOL OVERVIEW

Williamsburg High School for Architecture and Design (WHSAD) offers a unique four-year sequence focusing on architectural drafting, computer-aided design (AutoCAD), and design principles. Our hands-on approach to architecture, design, and the visual arts integrates college prep, internship experiences, and skills training throughout core academic disciplines, providing students with the requisite education to succeed in the 21st century workplace. Partnerships with local businesses and apprenticeships provide students with opportunities and interactions with professionals. Students can earn a CTE-endorsed diploma in Architectural Drafting and CAD, and up to six college credits, upon graduation.

ACADEMICS

CTE program(s) in: Architecture and Design

As part of our studio and portfolio requirement, students are challenged to create working prototypes of their designs

This course of study has made our students highly desirable for paid internship positions with industry partners

Opportunities to participate in ACE mentoring, SkillsUSA, and CUNY College Now

SCHOOL OVERVIEW

Williamsburg Preparatory High School is a small school with a big mission. We take ordinary kids and get extraordinary results. We provide a college preparatory education that focuses on supporting the whole child. Our school is built on 4 SHIPS: relationship, citizenship, leadership, and scholarship, and students are given individual attention to meet the expectations of these SHIPS. During 9th and 10th grade, students learn the skills necessary to be successful in high school, and take a majority of their Regents exams while being regularly exposed to a Common Core aligned curriculum. 11th and 12th grade students concentrate on college preparatory courses to prepare them for the next stage of their life.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

World Academy for Total Community Health High School (WATCH) prepares students for careers in the health or athletic management industries through a challenging program leading to an Advanced Regents Diploma or Nursing Assistant state certification. WATCH creates a socially supportive learning environment that ensures student success through access to internships and community service opportunities within the health care and athletic management industries. Students are not only prepared to enter institutions of higher education, but also learn how to make healthy choices in their lives and advocate for the total health of their families, community, nation, and world.

10 10th Grade Seats Also Offered

The goal is to acquire the knowledge to address concerns within the physical environment, research and investigate risk factors, providing motivations for changes in lifestyles, and develop services for the maintenance of healthy lifestyles. Students will engage in service learning opportunities to further their interest in careers such as public health administration and health care.									

SCHOOL OVERVIEW

The Young Women's Leadership Schools (TYWLS) were established to nurture the intellectual curiosity and creativity of young women by supporting the "whole girl" in order to maximize academic achievement, social and emotional well-being, and post-secondary success. TYWLS is supported by Young Women's Leadership Network and its CollegeBound Initiative in order to replicate the best practices of private and independent girls schools. TYWLS of Brooklyn opened in 2008 as the fifth school in the network. TYWLS strives to instill in students a sense of self-efficacy and community responsibility, characteristics which will support them as they become the leaders of the next generation.

♀ Female Students Only

Eligibility: Open only to female students.

ACADEMICS

- College Bound; Small interdisciplinary learning environment
- Collaborative groupwork and project-based instruction
- Advisory classes focusing on female adolescent development and positive self-image
- Early college awareness

English Language Learner Programs: English as a New Language

Language Courses: Spanish

MANHATTAN BY THE NUMBERS

Listing 12 Choices Matters!

Of Manhattan students who listed 12 choices on their application

97% received an offer in Round 1

What High School Programs Are Available in Manhattan?

- 107 district high schools
- 144 programs, plus eight Specialized High School programs
- Over 19,000 seats for 9th grade students
- 76 schools offer 10th grade seats

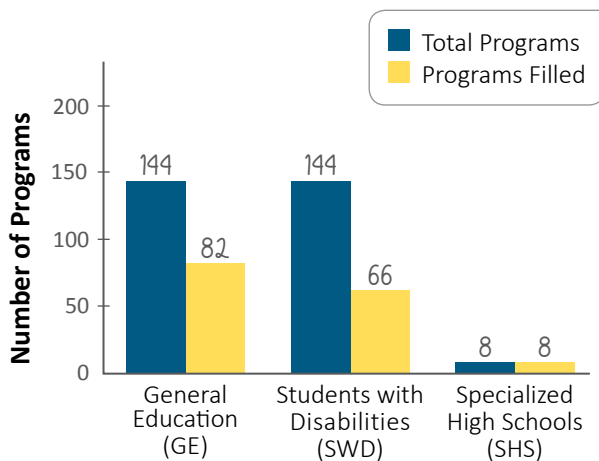

What Is the Performance of a Typical Manhattan High School?

71%	of students graduate in four years	56%	of students enroll in college or career programs
89%	student attendance	88%	of students feel safe in the hallways, bathrooms, locker room, and cafeteria
76%	of students feel that their school offers a wide enough variety of programs, classes, and activities to keep them interested in school		

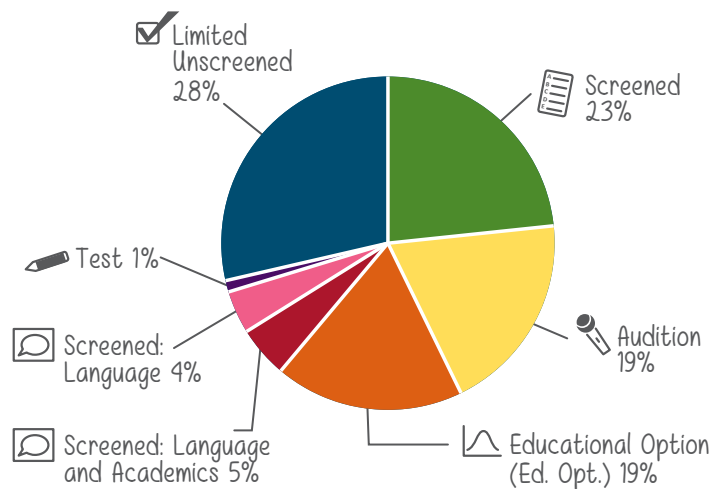

Interest Area	Programs
Humanities & Interdisciplinary	59
Performing Arts	22
Science & Math	17
Business	9
Visual Art & Design	9
Computer Science & Technology	8
Health Professions	7
Engineering	4
Law & Government	4
Architecture	3
Communications	3
Environmental Science	2
Culinary Arts	1
Film/Video	1
Hospitality, Travel and Tourism	1
Performing Arts/Visual Art & Design	1
Teaching	1

What Are My Chances of Getting In?

In Manhattan, pay attention to the demand of programs. Remember – a high number of applicants per seat decreases your chances of receiving an offer.

SCHOOL OVERVIEW

We provide students with the opportunity to take in advanced courses in medicine, engineering, and humanities. Students who distinguish themselves in their coursework have the opportunity to enroll in free college courses through The City College of New York (CUNY) and Touro Colleges, participate in special programs such as the Gateway Pre-Med Honor Society, and apply for internships. We offer a wide range of extracurricular and athletic activities to broaden and engage our students outside of the classroom. Our after-school activities range from activities such as musical and arts productions to exciting Science, Technology, Engineering, and Mathematics (STEM) activities, such as the FIRST Robotics Competition.

SCHOOL OVERVIEW

Our CTE school prepares students to design and create the next generation of software and applications. Partnering directly with NYC's technology and entrepreneurial community, students learn advanced computing skills to foster innovations in the arts, sciences, and business. Academically challenging classes coupled with individualized academic support, problem-solving learning experiences, and career mentoring ensure every student's personalized pathway to college, career, and life. Our students represent tomorrow's inquisitive problem-solvers, collaborative leaders, and innovative entrepreneurs—the young people who dare to dream that anything is possible through software, design, technology, and the human spirit.

ACADEMICS

SCHOOL OVERVIEW

For nearly 80 years, our school has nurtured talented students to become accomplished professionals. Our state-of-the-art facilities enable students to excel in digital media. We are a CTE high school located in New York City’s design center. Our art teachers are also professional artists and our industry partners collaborate to ensure that students learn software programs for their field of study. Our community of scholars fosters our students’ creative and academic talents. We are nationally renowned for our wide range of design programs. Our graduates are well prepared to attend the college of their choice and become leaders in the arts and the community.

SCHOOL OVERVIEW

Bard High School Early College Manhattan (BHSEC Manhattan) was founded on the belief that many students are ready to do serious college work at age 16. Bard College partnered with the NYC Department of Education to create an innovative program that enables high school students to move, in four years, from ninth grade through the first two years of college, earning a high school diploma, up to sixty college credits, and an Associate of Arts (AA) degree upon graduation.

Early College School

10th Grade Seats Also Offered

ACADEMICS

- First two years at BHSEC: courses for grounding in mathematics, science, history, English, and a foreign language, arts classes, PE, and Health
- Work in the college program builds on high school studies and offers a variety of college courses, as well as independent study opportunities
- Students must complete sixty college credits to receive the Bard College AA degree
- Our curriculum is designed to enable students to transfer to colleges and universities with up to two years of college credit

English Language Learner Programs: English as a New Language

Language Courses: Chinese (Mandarin), French, Greek, Japanese, Latin, Russian, Spanish

■ 2016-2017 ASSESSMENT INFORMATION

- To be considered for admission to BHSEC (Manhattan and/or Queens Campus), student report cards should reflect a cumulative average of an 85 or above in English, math, science, and social studies.
- Students may apply to both schools. They must, however, indicate each one as a separate choice on the Department of Education High School Application.
- Students only need to take one assessment in order to apply to either or both schools. The assessment may be taken in either our Manhattan or Queens location.
- All students wishing to be considered for admission to BHSEC (Manhattan and/or Queens Campus) must register online via the school's website at www.bard.edu/bhsec. Registration for the assessment begins September 8, 2016.
- Students who demonstrate strong abilities in their grades and the assessment will be invited to an interview at BHSEC. Students receive an email invitation for an interview.
- When evaluating applicants, BHSEC seeks to build an incoming ninth grade class that is representative of the entire City of New York.

SCHOOL OVERVIEW

Baruch College Campus High School (BCCHS) collaborates with Baruch College to create a challenging, interdisciplinary, liberal arts high school. This intensive four-year program asks students to explore the philosophical, ethical, and aesthetic dimensions of the human experience. We expect our students to become socially conscious, responsible leaders in our transforming world. BCCHS is committed to our Core Values for developing life-long learners: Rigor, Community, Real World Connections, and Global Citizenship.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Central Park East HS embodies New York City, a cultural Mecca. Students come together in clubs like Poetry, Chemistry, Digi, Running, Improv, and many more. Academic excellence is deeply rooted in the culture of the school community and students are also expected to give back. We offer many programs during and after school, all of which include activities that support and enrich students' lives academically and socially. Eleventh graders support ninth graders in the Peer Group Connections mentoring program. Our school's staff takes time to get know students individually and personally. They are deeply committed to education and care about each student's social and emotional well being.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

The City College Academy of the Arts (CCAA) is an early college school. CCAA focuses on providing academic support that will allow our students to begin taking college courses in the ninth grade so they can graduate high school with 60 college credits from The City College of New York (CCNY). Arts are used to support instruction across subject areas. Instruction is supported by tutors from CCNY and enriched by visits to a variety of cultural sites within New York City.

■ SCHOOL OVERVIEW

Students who are prepared for college must have an education that encourages them to take risks as they produce and perform. Our college preparatory curriculum develops writers and has built a tight-knit community. Our school develops students who can think analytically and write creatively. Our arts programming builds on our 25 years of experience in visual, performing arts and music on a middle school level. We partner with New Audience and the Whitney Museum as cultural partners. We are a International Baccalaureate (IB) candidate school that offers opportunities to take college courses at neighboring universities.

SCHOOL OVERVIEW

Columbia Secondary School (CSS) is a school serving grades six through twelve which specializes in academically talented students who have an interest in a selective and demanding program focusing on math, science, and engineering. CSS immerses students in science and math as a way of making sense of the world. Learning experiences focus on active exploration of major concepts, ideas, and theories that respond to life's big questions. Our students become aware of their responsibilities to their communities and to the world. At CSS, students engage in their own explorations so that they may experience the excitement of discovery.

ACADEMICS

- CTE program(s) in: Scientific Research and Engineering
- Students take Philosophy, Engineering, Spanish, Creative Arts and an Elective; Math, Science and Engineering program
- Humanities sequence includes Philosophy coursework; Electives in the Sciences and Creative arts
- Focus on sustainability and community service; Access to Columbia University facilities and may participate in early college study on campus

English Language Learner Programs: English as a New Language

Language Courses: Bengali, German, Italian, Latin, Spanish

Advanced Placement (AP) Courses: Biology, English, Environmental Science, Physics, Spanish, US History

Diploma Endorsements: Math, Science

SCHOOL OVERVIEW

We provide a small school setting in which students learn about health-related issues facing our community. Our goal is that each student will understand and internalize the physical, emotional, and academic qualities of health that are developmentally appropriate to his or her age. We prepare our graduates for careers in healthcare through our use of a health-themed curriculum and mentoring programs supported by community partnerships, with health professionals. These opportunities promote awareness of healthy lifestyles and ensure that our students become agents of change within the community.

ACADEMICS

- Advisory, Remediation, Enrichment, Research Courses, Writing Electives, Integrated Health Curriculum, Grade-Level Projects, AVID
- Problem-Based Learning (PBL), College Awareness, Career Awareness, SAT Prep (11th grade), Intro to Community Health, Concepts in Wellness
- Support Services, Community Health-Related Service Learning and Internship Opportunities

SCHOOL OVERVIEW

Excellence, both in character and scholarship, opens doors and provides a bridge to equality. Our scholars complete a challenging curriculum and work hard to develop their critical thinking, problem solving, and questioning skills. Our young men give back to their communities through service opportunities. We prepare our young men for life after middle and high school. We believe that young men are best developed when being supported through uniting the work of dedicated educators, supportive parents, and actively engaged mentors. We are focused and committed to the school's guiding principles of Academic Excellence, Mentoring, Leadership, Integrity, Character Development, and Community Service.

♂ Male Students Only

Eligibility: Open only to male students.

ACADEMICS

Academic Portfolio for assessment

SCHOOL OVERVIEW

We are a small college preparatory school that takes pride in our engaging and challenging curriculum. In all classes, our students creatively apply what they learn to complete interesting and rigorous projects. Our teachers know our students well and provide the support they need to succeed. Because we believe that it is important for students to discover and develop their passions, we offer our students an amazing amount of extra curricular activities and travel opportunities that they enjoy tremendously. East Side is a great setting for students who are interested in being part of a vibrant and diverse community that focuses on academic, social, and emotional growth.

📋 Performance Assessment School

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Esperanza Preparatory Academy (EPA) is a dual-language college preparation school. Students master Spanish as a native or second language, as well as academic, social, and communication skills. We offer students Spanish courses with the goal that they will be able to take college and Advanced Placement (AP) courses in Spanish Literature, and become proficient in both Spanish and English. We prepare students for college by providing them with internship opportunities and a mentor that will expose them to college life/academics. Students work collaboratively with their mentors to arrange college tours and develop college portfolios, and have the opportunity to take college courses.

Eligibility: Open only to heritage Spanish speakers and students who attended Transitional Bilingual Education or Dual Language middle school programs.

ACADEMICS

- Dual Language Program, Career and College Counseling and Advisory, CUNY College Now Courses

SCHOOL OVERVIEW

Essex Street Academy (ESA) prepares all students for success in college and careers by treating them as individuals with specific strengths and needs and appealing to their intellectual curiosity. We offer elective courses that challenge students to develop their own ideas and push them to learn by doing. Students design and conduct experiments, develop historical theses, analyze works of literature, and develop solutions and proofs for mathematical problems. Small class size makes a personalized approach to education possible, enabling teachers to develop an individual relationship with each student. At ESA, our students are active learners and graduate from our school confident in their ability to tackle any problem they encounter.

SCHOOL OVERVIEW

Our school graduates lifelong learners who are leaders in their communities. We are a small school with teachers who care deeply for our students and work their hardest to nurture them for the opportunities that await them after graduation. We prepare our students academically, socially, and emotionally through project based learning, art integration with studio classes, a College 101 course, and a four-year advisory program. We foster a college-going culture and provide a great deal of support to our students for college and career readiness. In choosing FHS, you are choosing to join a dynamic learning community, to think deeply about yesterday, today, and tomorrow, and to envision how to make a positive difference in the world.

SCHOOL OVERVIEW

We enjoy an international reputation as the first and foremost high school committed to nurturing students dedicated to the arts. Our dual mission provides a uniquely balanced educational experience that includes both demanding conservatory-style training and a rigorous, comprehensive academic program. Our building features world-class facilities including a concert hall; art, dance, music, recording and theater studios, science and computer labs, and an art gallery. Almost all of our graduates continue their studies, gaining admission to highly selective schools. Our graduates have distinguished themselves in virtually every field, including the arts and sciences, medicine, law, business, education, and public service.

- Specialized High School
- 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Arts, A/V Technology & Communication

Attire should allow free movement since applicants may be asked to demonstrate how well they move physically.								
Fine Art	NO CODE	Visual Art & Design	Audition ★	211	Y	2,429	12	Yes – 5
Admissions Priorities: ❶ Open to New York City residents Program Description: Two years training in traditional skills and disciplines, which include drawing, painting in water-based media, graphic design, and painting in oils and acrylics. After taking the core art courses, students take advanced courses in the subjects listed and with other elective offerings such as architecture, art history, ceramics, computer graphics, mural painting, photography, print making, and sculpture. Selection Criteria (prior year ranges—learn more in the introduction): Academic information will be considered for students who successfully auditioned <ul style="list-style-type: none"> ▪ Course Grades: English (85-100), Math (85-100), Social Studies (85-100), Science (85-100) ▪ Standardized Test Scores: English Language Arts (2.9-4.5), Math (3.1-4.5) ▪ Attendance and Punctuality ▪ Written Response (On-Site) ▪ Audition Audition Information: Applicants must bring a portfolio of 8-15 pieces of original artwork done in a variety of media. The artwork should be from observation, imagination, and memory, and labeled appropriately. Photographs—not originals—of three-dimensional (3D) works may be included. For the audition, applicants will be given three drawing assignments, including drawing the human figure from observation, drawing a still life from memory, and creating a drawing in color, based on imagination. All drawing materials for auditions will be supplied by the school at the audition.								

2016-2017 AUDITION INFORMATION

Please note that one or more programs at this school allow students to utilize common audition components. Please refer to the program information above for more details.

SCHOOL OVERVIEW

We offer an academically challenging CTE program focusing on the culinary arts and finance. Since we believe that food is fundamental to personal, social, economic, and ecological health, the themes of food and finance are integrated into our curriculum and school environment. Cornell University, our lead partner, brings expertise in science, sustainable food production, nutrition, and other topics. Students develop critical thinking skills while engaged in projects, portfolio development, internships, and entrepreneurial ventures. In addition to the state endorsed CTE diploma, students are expected to take a series of industry-recognized certification examinations.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Hospitality and Tourism
- Students may receive CTE endorsement in Culinary Arts
- Cooking, Baking, Food and Culture, Food-Related Financial Management, Computer Technology, Internships, ServSafe

SCHOOL OVERVIEW

At Frank McCourt High School (FMHS), we prepare our students to be articulate and effective communicators in every medium. In particular, we will develop students’ communication skills through their writing, presentations, classroom discussions, and peer dialogue. In developing these skills, students will also sharpen their critical and analytical thinking. Every student will graduate from FMHS armed with the curiosity and intellect of a true lifelong learner. We are committed to helping our students become engaged citizens and thoughtful civic leaders who can communicate their vision with clarity and eloquence.

- Standardized Test Scores: English Language Arts (1.5-4.5), Math (1.5-4.5)
- Attendance and Punctuality
- Interview
- Test (on-site)

SCHOOL OVERVIEW

The Harvest Collegiate School offers a rich and challenging intellectual education that engages students in the natural process of experience, questioning, the pursuit of precision, and reflection—how people really learn. We believe in cultivating students’ power to produce and reflect, rather than simply consume, as a fundamental way of being in the world. We aspire to being and contributing creatively to a ‘sane society,’ one of peace, growth, and joy. We believe all young people flourish in conditions that challenge and support. We prepare students for success in college and for participatory leadership that promotes values of active responsibility for mankind and our world.

 Performance Assessment School

 10th Grade Seats Also Offered

ACADEMICS

- Students complete Performance-Based Assessment Tasks (PBATs) as a replacement for some Regents Exams.
- Two-year Institutes to develop our core habits of mind: curiosity, evidence, perspective, connection, and voice
- Half-Day Harvest: City Exploration, Service Learning, College Exploration, Career Internship
- Dedicated Daily Reading Time; All students learn a musical instrument in partnership with Third Street Music School
- Seed-to-plate experience with the Stone Barns Center for Agriculture; Advisory; Affirmative Whole School Morning Meeting starts each day

SCHOOL OVERVIEW

Founded by the Asia Society, our school helps students acquire the knowledge and skills needed to prepare for college and/or careers while in pursuit of knowledge of the histories, economies, and languages of world regions. Teachers and other adults who make up the learning community forge supportive relationships with students and parents while providing challenging and engaging learning experiences. Our school partners with various community, arts, and business organizations to help students achieve success. Our theme of international studies extends beyond the classroom, where students participate in ongoing 'Advisory Day Out' excursions where the multiculturalism of NYC becomes the classroom.

ACADEMICS

- Global/International Studies in core subjects; Literacy block schedule; Personalized instruction in small classes
- Student Advisories; International travel opportunities
- After-school program focused on youth leadership

SCHOOL OVERVIEW

The Heritage School, founded in 1996, is a partnership between the New York City Department of Education and Teachers College, Columbia University. We are a small learning community that fosters the development of respectful citizens and leaders who possess the academic and social skills as well as the habits of mind to be successful in higher education and the world beyond. In addition to our comprehensive curriculum, The Heritage School is fortunate to be in a building and neighborhood that is immersed in culture, community, and pride.

SCHOOL OVERVIEW

At our school, Chinese (Mandarin) speaking English Language Learners and English proficient students learn both languages while preparing for college and careers. We have a challenging curriculum that includes enriched math and science courses and opportunities to participate in a variety of Advanced Placement (AP) classes by eleventh grade. Asia-related topics are woven into all subject areas. Dual Language students are expected to exceed city and state standards and demonstrate cross-cultural behavior. English proficient students and English Language Learners learn together in both languages. All students are expected to comprehend, speak, read, and write in English and Chinese by the time they graduate.

SCHOOL OVERVIEW

Our mission is to provide a unique and challenging curriculum so that our students achieve high standards of excellence. We provide applied learning experiences and hands-on programs that focus on the environment. It is the further mission of our school for families, students, administration, and staff to collaborate to identify issues, define goals, formulate policies, and implement activities. Our Environmental Seminar provides all ninth graders with individualized attention and helps students to develop their skills in an environment that fosters risk-taking and independent growth. Everyone in the HSES community is committed to excel, as all learners are challenged, motivated, and provided with an open avenue of communication.

SCHOOL OVERVIEW

At the High School for Excellence and Innovation, we empower our students by providing an abundance of opportunities for them to exercise student voice and choice during their high school experience. By building students’ capacity to fully participate as community members of their school, we help them become agents of change who positively affect their homes, communities, and the world. Our belief is that regardless of previous challenges, every student can earn a high school diploma and be prepared to transition to post-secondary training or college to embark on their 21st century career paths.

Eligibility: Open only to 15-16-year-old New York City residents entering high school for the first time. Students must have a record of being held back two times in elementary and/or middle school and students must attend an Open House and personalized intake meeting.

SCHOOL OVERVIEW

Our school community is dedicated to providing our students with a comprehensive academic education. Upon graduation, our students are prepared to succeed in college level and workplace level skills. They are supported academically, socially, and emotionally by the entire school community with on-site support through various on-site community-based programs. We focus on developing self-esteem and respect for others. We offer a full time College Counseling Staff. Students are an integral part of the school community. They serve on the Student Government Committee and other school committees. Our after-school programs offer many extra-curricular activities. We are proud of a very safe school environment for learning and teaching.

SCHOOL OVERVIEW

Our mission is to create a climate that promotes excellence in learning. Our students develop into intelligent, critical thinkers who are supportive members of their communities. We accomplish this through collaboration and a personal learning atmosphere. Our culture celebrates success with high expectations for students as well as adults. The students will be immersed in the study, inquiry, and advocacy of law, with required involvement in community service, thus enabling them to realize their individual potential throughout the greater community. Our hope is that students will view themselves as pioneers of the new millennium, and we expect them to be counted among the great success stories of tomorrow.

Admissions Priorities: ❶ Open to New York City residents									
Program Description: Students take law courses in their 11th and 12th grade years in addition to their social studies courses. A college preparatory focus is incorporated into the curriculum.									

SCHOOL OVERVIEW

We believe that education is not a solitary endeavor; students and teachers must be active learners. We strive for excellence through a challenging, innovative, student-centered curriculum where students develop analytical skills to become critical, independent thinkers and lifelong learners. Students gain knowledge about the public sector, law, and their ability to make positive changes in the community. Parents, caregivers, and staff work together to provide students with opportunities to become invested in their communities through service learning, internships, mentoring programs, and partnerships. Their experiences allow them to apply their academic knowledge to real-life settings.

ACADEMICS

SCHOOL OVERVIEW

HSMSE at City College provides a unique and unparalleled collaborative educational experience. The school's mission is to encourage students to develop the habits of inquiry, written and verbal expression, and critical thinking. Students are drawn from all five boroughs, making it one of the most ethnically diverse schools in New York City. The academically rigorous learning environment focuses on mathematics, science, and engineering, while emphasizing civic responsibility and the value of acquiring knowledge for its own intrinsic reward. The deep professional and personal experiences of the faculty enrich the learning community; many faculty members have earned doctorates and distinguished themselves in business, engineering, and other fields.

SCHOOL OVERVIEW

The High School of Hospitality Management (HSHM) is a New York City public high school established in 2004. HSHM is located in the heart of the resurgent Clinton area of Manhattan, where there is the highest concentration of hotel and hospitality establishments in New York City. We provide traditional academic courses as well as career and technical courses. The curriculum enables students to develop problem-solving skills that prepare them for post-secondary education, as well as exciting careers in hospitality management and the culinary arts. Our professional staff, parents, and students are equal stakeholders in the creation of an invigorating and supportive learning environment.

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- College Preparatory workshops, Academic Support and Enrichment Programs, Health/Advisory Program, Honors Course Offerings
- Technology integrated throughout School Curriculum, Project and Inquiry-based Learning, SAT Prep Courses, Digital Learning
- Industry Certification Opportunities, CUNY College Now, Specialization in Culinary Arts and Business Management
- Hunter College Teaching Assistant Program

SCHOOL OVERVIEW

We are a designated NYC DOE Innovation Zone (iZone) high school and a Google Apps for Education school. We partner with Institute for Student Achievement (ISA). Our 1:1 laptop environment sustains our blended learning model, which combines inquiry-based, face-to-face, and student-centered practices. Our school resources are digital and always accessible to students and parents. Our school offers an academically challenging learning environment that helps students develop college-level and workplace-level skills with academic, social, and emotional support from our team of teachers, counselors, and administrators.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Independence High School is a high school which embraces teaching and learning in a small, caring environment with high academic standards. We offer multicultural, interdisciplinary curriculum with an infusion of the arts and technology. Through enhanced guidance services, an advisor works with each student and parent to achieve academic goals and set post-secondary plans. We envision our high school community, which encompasses students, staff, and parents to be actively engaged in maintaining academic excellence, to help foster self-esteem, and to develop healthier decision-making skills so that students may develop and work up to their full potential. We nurture a passion for learning and problem-solving skills using Restorative Practices in an environment built on high accountability and high support. Families will be encouraged to maintain a high level of engagement with the school. College visits, career fairs, and guest speakers from local and distant colleges are frequently set throughout the year. Our students explore entry-level careers via collaboration with a successful community-based organization.

SCHOOL OVERVIEW

The Institute for Collaborative Education (ICE) is founded on the principles of the Coalition of Essential Schools and is a member of the New York State Performance Standards Consortium. As a progressive school, our courses and units of study are inquiry-based and designed to develop students' critical thinking skills. Students engage in academically challenging performance-based assessment tasks (PBATs) that demonstrate their understanding of course material. ICE provides students advanced learning opportunities through our collaborations and partnerships with local universities, colleges, and community-based organizations.

SCHOOL OVERVIEW

IEC is a career and technical education school partnered with Microsoft, NY Presbyterian Hospital, and Guttman Community College. Through project-based learning, students earn a CTE high school diploma with technical certifications, an Associate's Degree— at no cost — and work-based experience preparing them for technology related careers. Our students are future engineers, game and device designers, finance and business leaders, medical professionals, artists, and entrepreneurs. Students have up to six years to earn either their associate's degree in information technology or in business management before deciding to move directly into the job market or continue their education through the Bachelor's Degree level and beyond.

SCHOOL OVERVIEW

We are a small high school that offers a challenging academic curriculum with a strong emphasis on writing, research, and project-based inquiry learning across subjects. Students are expected to be highly motivated, active learners with strong communication and research skills. Students and teachers work together to create a learning community that fosters critical thinking and analytical skills in preparation for college and beyond. Students present and defend six portfolios before a committee in order to graduate. Our Advisory ensures that all students have strong relationships with adults that support a positive learning culture.

SCHOOL OVERVIEW

At the Leadership and Public Service High School, we believe that education is a portal to developing tomorrow's leaders. It is the school's mission to have families, students, administration, and staff collaborate to identify issues, define goals, and reach academic success. Our curriculum includes athletic, civic, and social programs, and connects learning to life beyond the classroom. We offer a strong advisory course that allows our students to form close relationships with our faculty members. Our students learn through innovative teaching practices which help them develop a deeper understanding of themselves, others, and our world.

SCHOOL OVERVIEW

LoMA is a small, multicultural school that focuses on academic excellence through the arts. We support each student's intellectual, emotional, and cultural growth with the goal of success in a four-year college or career. Our students take additional math, science, reading, internship, and arts classes. Students work with artists during academic classes to create high quality, standards-based learning performances. We partner with many Lower East Side arts organizations so that every student takes part in an Extended Day Program at least twice a week. To support our students' success at meeting these higher standards, we maintain an intimate, nurturing community with a large number of adults watching over and taking care of our students.

10 10th Grade Seats Also Offered

ACADEMICS

- Internships for all seniors; artists-in-residence; project-based learning in academic classes; daily advisory; daily reading period
- College classes at NYU and John Jay College; extensive daily after-school tutoring; 40 school trips per year to museums and performances
- After completing a ninth grade rotation of all of the arts, students select a major in art, music, dance or drama

English Language Learner Programs: English as a New Language

Language Courses: Spanish

ACTIVITIES

LoMA students are required to participate in two days of extracurricular activities or tutoring a week: Chorus, Swimming, LoMA CoLab Dance, LoMA Theatre Ensemble, LoMA Cares Volunteer Group, Student Council, After-School of Rock/Pop/Rap, Cheerleading, Theater Tech and Stage Crew, Yoga, Weight Room.

SCHOOL OVERVIEW

We are a small learning community committed to preparing students for college and career success through varied academic course offerings and a comprehensive Work-Based Learning Program. Our school boasts a comprehensive business program as well as a strong advisory program that allows students to form close relationships with our faculty members. Students demonstrate their understanding of subject material through writing portfolios and presentations at the end of unit. After four years of academic instruction, Advisory, and work-based learning experiences, our students graduate well-prepared to succeed in college and in their career paths.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Business, Management & Administration

SCHOOL OVERVIEW

We are a college preparatory high school. Course offerings and high standards enable students to succeed after graduation at the nation's most selective colleges. Our teachers provide each student with personalized attention and guidance. We provide four years of science and math with extensive liberal arts. Every freshman will take a year long writing intensive small class-size English course to prepare them for college. Most students take Advanced Placement (AP) courses. Many of our students take college courses through Columbia University DDC and CUNY College Now program. Our students participate in scientific research with university mentors, some resulting in publication. A new SAT/ACT initiative helps students' competitive standings.

SCHOOL OVERVIEW

Through close partnerships with the Borough of Manhattan Community College (BMCC) and with the advertising and media industry, our school prepares students for success at four-year colleges and competitive careers. Students have the option to remain at our school for up to six years and can earn an Associate Degree at no cost in addition to their CTE-endorsed high school Regents diploma. In the first four years, students participate in job shadowing, field trips, training seminars, and summer internships. All of our community members are accountable for our five pillars: Scholarship, Creativity, Character, Responsibility, and Empathy. Students are held to high standards and expected to participate in the development of our community.

SCHOOL OVERVIEW

We serve recent immigrant students who are new learners of English. Our staff creates challenging academic curricula designed to teach our students English and provide them with the academic skills and knowledge necessary for success in careers and higher education. Our small community of learners works collaboratively on a wide variety of hands-on projects in all content areas in order to support one another's linguistic and academic growth.

 Performance Assessment School

 School for New Arrivals

Eligibility: Open only to New York City residents living in the United States four years or fewer who are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

ACADEMICS

- Students complete Performance-Based Assessment Tasks (PBATs) as a replacement for some Regents Exams.
- Small learning clusters; Collaborative group work and project-based instruction; Performance-Based Assessment including portfolios
- Wide array of elective course offerings; Technology, College courses, Mentoring

English Language Learner Programs: English as a New Language

SCHOOL OVERVIEW

Marta Valle High School offers academic and character development in the tradition of our namesake Marta Valle, a social worker, youth advocate, and community organizer. The mission of MVHS is to support the development of our students’ intellectual curiosity, creative minds, healthy bodies, leadership capacity, and the ethical spirit needed to thrive in college and beyond. We provide an academically rigorous program where students are inspired by experiences in the visual, performing, and culinary arts. We are committed to sustaining a school in which individuals representing diverse cultures and experiences support one another, and understand the value of community, leadership, innovation, and the joy and importance of lifelong learning.

SCHOOL OVERVIEW

The Maxine Greene High School for Imaginative Inquiry is a learning community in which deep engagement with works of art integrated across the curriculum enhances the intellectual rigor expected of all students. This work is based on the philosophy of Maxine Greene, the former Philosopher-in-Residence at Lincoln Center Education (LCE) and the exploration of the LCE Capacities for Imaginative Learning which comprise our academic language used to support student success. Through our Restorative Practices, we work to foster the sense of self-worth, empathy, and agency necessary for students to become participatory citizens who will create a more just, humane, and vibrant world.

■ SCHOOL OVERVIEW

Our mission is to provide a challenging academic program. Students take core curriculum courses in grades nine and ten that includes a two-year sequence of biology, chemistry, English, math, and global studies. They choose their courses in grades 11 and 12. Every entering ninth grader is assigned an advisor and an advisory group of 15 to 20 students for all four years. We offer a comprehensive college counseling program, which includes direct instruction and individualized support in the college application process from our college counselors. An 18-week college process curriculum, spanning 11th and 12th grades, is delivered to advisory groups during dedicated sessions throughout the school day.

SCHOOL OVERVIEW

Our school was founded in September 2004 with the help of Replications, Inc., a nonprofit organization dedicated to the creation of new, small, successful schools. Our school is based on the same concepts of the nationally renowned Mott Hall Middle Schools. Utilizing a challenging curriculum, we focus on academics, college, and career preparation. Students use laptops and engage in cutting edge technology in the classroom as active participants, sharing their learning and education. Experiential, hands-on learning is an important part of the school’s curriculum. We are committed to helping students develop into leaders, independent thinkers, and enthusiastic lifelong learners.

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Online Grading System for parents and students; Before- and after-school tutoring; Saturday Academy, Tutoring with City College
- CUNY College Now, College for Every Student (CFES), College Prep with Columbia University, Regents Prep Program
- iZone, Credit Recovery Electives

English Language Learner Programs: English as a New Language

Language Courses: American Sign Language, French, Spanish

ACTIVITIES

Knitting & Crochet, Community Service (Helping-Hands), Song/Writing Guitar, Yoga, Drama, College and Scholarship, Ballroom Dancing, Music Band

PSAL Sports—Boys: Baseball, Basketball

PSAL Sports—Girls: Basketball, Volleyball

PERFORMANCE

69% of students graduate in four years

SCHOOL OVERVIEW

Murray Hill Academy has a unique admissions model: 80% of the students are admitted through the High School Admissions process and 20% are admitted as transfer students throughout the year. Our school offers students a challenging curriculum with blended learning. We learn inside and outside the traditional classroom, including online courses with in-school mentors and internships. We are committed to academic progress, as well as the social and emotional growth of our students. Our goal is to have our students graduate prepared for college and careers and ready to become successful and productive citizens. Every child can fulfill his/her potential, one successful step at a time.

➡ Transfer School

10 10th Grade Seats Also Offered

ACADEMICS

- We offer a Challenging Curriculum with blended learning.
- We learn inside and outside the traditional classroom, including online courses with in-school mentors and internships.
- Each major subject area offers Honors-level work to all students. Honors courses are infused in everyday classes.
- College Now Program with the CUNY campuses of Borough of Manhattan Community College and Baruch College.
- Cooperative Technology High School: 11th and 12th graders can enroll in the career courses and internships.

English Language Learner Programs: English as a New Language

Language Courses: Spanish

Diploma Endorsements: Science

Program Description: 80% of students are admitted through the high school admissions process as 8th graders, and another 20% of students are admitted as transfer students who are 15-16 years of age, have fewer than eight credits at the time of admission and have attended another high school for only one year. We also welcome and admit on-grade level 10th grade students to our Murray Hill Academy learning community.

SCHOOL OVERVIEW

The mission of Murry Bergtraum (MBHS) is to equip our students with the skills and knowledge to enter and succeed in post-secondary institutions. The Ninth Grade Academy provides the academic support, skills, and resources in a small nurturing environment needed for students to graduate in four years. As students progress, internships and mentoring opportunities support our academic goals with real-world experiences. The Blazer Early College Preparatory Academy, a STEM program, emphasizes analytical and critical thinking skills through an early reinforcement of college learning across a rigorous curriculum. Relationships established with our corporate and academic partners are at the foundation of our program.

- Standardized Test Scores: English Language Arts (2.7-4.5), Math (2.9-4.5)

SCHOOL OVERVIEW

We offer a unique program that uses the city's museums to enrich the curriculum. We currently partner with the Metropolitan Museum of Art, the Museum of the City of New York, Japan Society, and the Rubin Museum of Art, who each become extensions of our classrooms, affording the hands-on experience needed to make learning deep, challenging, and engaging. By studying in class, museums, and other institutions, students learn to emulate the work of scholars in the fields of science, history, technology and the arts. Classroom instruction draws upon learning that takes place in the field, and deepens it with content that compels questioning, reflection, and insight.

10 10th Grade Seats Also Offered

ACADEMICS

- Museum-based study (modules projects) culminates in student presentations in the study of World Religions, Evolution, and Imperialism

SCHOOL OVERVIEW

NEST+m is a Citywide G&T K-12 school. Our academically rigorous program has made us one of the finest schools in the city. We are committed to developing each student’s capacity for academic and intellectual achievement through individual and collaborative learning.. We provide a range of services for students with disabilities including a full-inclusion program. NEST+m students blossom into practitioners: scientists, mathematicians, engineers, artists, writers, historians, musicians, painters, and linguists who approach their studies with passion and purpose. Multiple opportunities exist for students to have internships at local universities in the sciences and the arts.

SCHOOL OVERVIEW

Our motto is “Purpose, Preparation, Pride.” Our mission is to educate all students to be critical thinkers who research, solve problems, express ideas in writing, provide evidence to support arguments, and read challenging texts. Our students graduate prepared for college. Our classes and highly structured four-year advisory system help students develop individual and social responsibility by setting the highest personal and academic standards. Our students acquire a set of values and a sense of kinship that allows them to reach ambitious goals. We develop rich, caring, and warm relationships with our students through our bustling sports and after-school programs. Our students are welcomed and valued members for our school community.

1010th Grade Seats Also Offered

SCHOOL OVERVIEW

Located in the heart of Manhattan’s theater district, this small, personalized school partners with top-rated New York City Arts organizations to provide professional-level training in the performing arts and a competitive academic program. Recognized for our unique arts instruction, we attract master performers and industry players that help guide our students toward the most competitive colleges and conservatories. Our special relationships with local organizations provide access to some of the most modern training facilities in New York City. Our alumni have gone on to prestigious conservatories and appeared in many Broadway productions, box office films, and hit television shows.

■ PROGRAM ADMISSIONS				Prior Year Admissions					
Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Musical Theatre	M81H	Performing Arts	Audition	GE SWD	23 4	Y N	239 23	10 6	Yes – 5
Admissions Priorities: ❶ Priority to continuing 8th graders—34% of offers went to this group ❷ Then to New York City residents									
Program Description: Students receive pre-conservatory training in vocal music, dance, and acting. All first and second year students participate in an annual musical theater concert. All third and fourth year students perform in an end-of-year main-stage musical production.									
Selection Criteria (prior year ranges—learn more in the introduction):									
<ul style="list-style-type: none">▪ Course Grades: English (85-100), Math (83-100), Social Studies (85-100), Science (85-100)▪ Standardized Test Scores: English Language Arts (2.2-4.5), Math (2.6-4.5)▪ Attendance▪ Audition									
Audition Information: Each applicant will be required to act, sing, and dance at this audition. Please prepare the following: Acting: Present a one-minute memorized monologue (comedic or dramatic) from a published play. Singing: Present 32 bars of a memorized Broadway song (age-appropriate)—an accompanist will be provided, so bring sheet music in the appropriate key. Dancing: Be prepared to learn a short theater dance combination—please wear clothing that allows for freedom of movement, as well as jazz shoes or sneakers.									
Drama	M81J	Performing Arts	Audition	GE SWD	23 4	Y N	321 29	14 7	Yes – 5
Admissions Priorities: ❶ Priority to continuing 8th graders—23% of offers went to this group ❷ Then to New York City residents									
Program Description: Built around the core values: excellence, engagement and empathy. Students take two hours of conservatory-style class daily in acting, movement/devising, voice & speech, and theater studies. Each grade also participates in supplementary performance projects including classics, new play commissions, and student-created work. The goal is to develop exemplary artists who are equally engaged citizens.									
Selection Criteria (prior year ranges—learn more in the introduction):									
<ul style="list-style-type: none">▪ Course Grades: English (80-100), Math (70-100), Social Studies (73-100), Science (74-100)▪ Standardized Test Scores: English Language Arts (2.3-4.5), Math (2.0-4.5)▪ Attendance▪ Audition									
Audition Information: Prepare two contrasting monologues (one minute each), for example: dramatic/comedic, classical/contemporary, published/original, or theater/film. Choose characters close to your age or life experience, decide who your characters are talking to and why, and completely memorize both pieces.									
Classical Vocal Music	M81K	Performing Arts	Audition	GE SWD	23 4	Y N	181 23	8 6	Yes – 5
Admissions Priorities: ❶ Priority to continuing 8th graders—9% of offers went to this group ❷ Then to New York City residents									
Program Description: Classical Vocal Music students attend conservatory classes in vocal technique, sight reading, musicianship, ear training, and ensemble singing. Students study an extensive vocal repertory, music history, theory, performance technique, and movement for singers. Students participate in ensemble and solo performances throughout the year.									
Selection Criteria (prior year ranges—learn more in the introduction):									
<ul style="list-style-type: none">▪ Course Grades: English (74-100), Math (68-100), Social Studies (67-100), Science (73-100)▪ Standardized Test Scores: English Language Arts (1.8-4.5), Math (2.0-4.5)▪ Attendance▪ Audition									
Audition Information: Present a memorized classical music selection. The song must demonstrate vocal skills and ability. Classical selections can be found in either “Twenty-Four Italian Songs and Arias” or “The Art Song Anthology.” Do not present rock, pop, gospel, country, musical theater, Disney, or contemporary music. You must bring sheet music for your song to the audition—an accompanist will be provided. Vocal musicianship (the ability to sing scales, sing a cappella, etc.) will be tested at the audition.									
Dance	M81N	Performing Arts	Audition	GE SWD	38 7	Y N	363 18	10 3	Yes – 5
Admissions Priorities: ❶ Priority to continuing 8th graders—6% of offers went to this group ❷ Then to New York City residents									
Program Description: In partnership with The Ailey School, students follow a course of study with a foundation in ballet and classes in Horton technique, modern (Graham-based), jazz, and West African dance.									
Selection Criteria (prior year ranges—learn more in the introduction):									
<ul style="list-style-type: none">▪ Course Grades: English (77-100), Math (79-100), Social Studies (76-100), Science (73-100)▪ Standardized Test Scores: English Language Arts (2.0-4.5), Math (2.1-4.5)▪ Attendance▪ Audition									
Audition Information: Participate in an Ailey School master class that includes ballet, modern, and jazz techniques. Female applicants must wear a leotard, footless, or convertible tights and ballet shoes. Males should wear a fitted t-shirt, black leggings or black tights, a dance belt, and ballet shoes. No prepared solo is necessary.

SCHOOL OVERVIEW

We offer a college preparatory program and New York City's only comprehensive three-part theater arts sequence, where students hone their skills in music, dance, and acting. Students completing our program graduate with an Advanced Regents diploma with Arts Endorsement in Theatre. Our location in Times Square supports our school's focus. Our small size offers students an intimate environment to explore all aspects of theater from production to performance. Students participate in many student productions and a school-wide musical production each year. Our students maintain high academic standards and possess the willingness to explore all the imagination and creativity of theater arts.

SCHOOL OVERVIEW

The School of the Future is a student-centered and challenging school with the goal of preparing all graduates to enter the college or profession of their choice. Our students learn to think critically and solve problems in a supportive environment. We challenge our students to exceed the expectations set by the New York State Board of Regents by preparing them for research-based exhibition presentations in order to graduate.

Performance Assessment School

10th Grade Seats Also Offered

ACADEMICS

- Students complete Performance-Based Assessment Tasks (PBATs) as a replacement for some Regents Exams.
- Four years of Math and Science; Technology and Laptop Project; Annual school trips, past trips include Paris, Costa Rica, Egypt, and China
- Free college classes; Honors Classes; Electives in documentary film making, BEATs music production, Pre-Med class
- Theater and Set design; SAT Prep; Computer Science; Studio Art

To arrange for an interview, please go to School of the Future's website at www.sof.edu, click on Admissions, then on Entering 9th Grade; Download the interview request form and follow the directions carefully on the form.

- Course Grades: English (75-100), Math (72-100), Social Studies (80-100), Science (76-100)
- Standardized Test Scores: English Language Arts (2.0-4.5), Math (2.0-4.5)
- Attendance and Punctuality
- Interview

SCHOOL OVERVIEW

Our mission is to develop students who have the skills, competencies, and knowledge necessary for successful 21st century music careers. The 21st century musician can analyze, compose, and perform music at the highest level, has a strong sense of his/her own artistic 'voice,' and is fluent in current music technologies. He/she possesses strong academic knowledge, skills, and habits, and is also community-minded, inventive, and resourceful. Our school provides private music instruction, accelerated academics, courses in music technology, and opportunities to perform.

10 10th Grade Seats Also Offered

ACADEMICS

- Students major in Instrumental Music, Voice, or Composition; Two-year sequence in music technology
- Participation in collaborative ensembles and solo and ensemble performing opportunities
- Interaction with professional musicians and composers through residencies
- Graduating seniors create collaborative interdisciplinary projects to present in the community.

English Language Learner Programs: English as a New Language

SCHOOL OVERVIEW

Are you hoping four years of high school will lead you to college, a challenging career, or both? Do you like projects, working with your hands, and learning by doing? How about field trips and exploring outdoors all year? Are you creative, inquisitive, action-oriented, responsible, a positive risk-taker, collaborative, and conscientious? At our school you will prepare for college and beyond through hands-on/minds-on learning and skills training. Partnered with the National Park Service (NPS), our school offers CTE pathways in the specialized building arts or landscape stewardship, all through the lens of historic preservation. You will build a strong academic foundation and learn solid trade skills, opening doors to a successful future.

10 10th Grade Seats Also Offered

ACADEMICS

- College classes are offered through Syracuse University Project Advance (SUPA) with college credits that are awarded on Syracuse transcripts.
- Incoming freshmen attend "Freshman Kickoff", an overnight trip where peers develop relationships in a team building setting (such as rope climbing!)
- All ninth graders take an Introduction to Historic Preservation course with six work based learning field trips.
- In 10th grade, students choose one of the CTE pathways in the Building Arts (Carpentry, Masonry, Decorative Finishing) or Landscape Management.
- Juniors and seniors complete paid internships with the National Park Service, National Parks of NY Harbor, and Prospect Park.

SCHOOL OVERVIEW

We are a small, screened-by-audition school whose students come from culturally diverse backgrounds in all five boroughs. We are a caring, tight-knit school community located on the Upper East Side. Students must audition to demonstrate exceptional talent in the performing arts and be prepared to meet high academic standards. We offer a student-centered, interdisciplinary approach to instruction. Our vision is to cultivate and nurture a community of compassionate, college-ready artists dedicated to lifelong learning and collaboration. Our mission is to empower our collective school community to achieve artistic and academic excellence through arts integration, while actively contributing to a creative and caring learning ensemble.

Social Change and Community Service	M47A	Humanities & Interdisciplinary	Screened	GE	90	Y	509	6	Yes – 5
				SWD	18	Y	93	5	

Admissions Priorities: ❶ Priority to continuing 8th graders—34% of offers went to this group ❷ Then to District 5 students or residents ❸ Then to Manhattan students or residents ❹ Then to New York City residents

Program Description: College preparatory program that prepares students to be lifelong learners and good citizens while gaining cultural awareness and leading social change.

Selection Criteria (prior year ranges—learn more in the introduction):

- Course Grades: English (63-100), Math (60-100), Social Studies (65-100), Science (60-100)
- Standardized Test Scores: English Language Arts (1.8-4.5), Math (1.8-4.5)
- Attendance and Punctuality

SCHOOL OVERVIEW

This is a small CTE high school with big dreams of helping students prepare for health careers not only in pharmacy and dentistry, but also in many other Science, Technology, Engineering and Math (STEM) areas. The focus on STEM helps students market their skills in the growing job industries. Our unique project-based instructional approach uses activities that engage students' interest and motivation as they solve problems using an inquiry approach. These activities are designed to answer a question or solve a problem and generally reflect the types of learning and work people do in the everyday world outside the classroom.

ACADEMICS

- CTE program(s) in: Health Science
- Project-Based Assessments, Elective Advisory Course called Rounds using Peer Group Connection curricula for ninth graders transitioning to high school
- Community Internships, SAT Saturday Academy in grades 11 and twelve; Senior Internships for dental and pharmacy students
- College Trips; Naviance to track steps in preparation for college and careers; assemblies by grades; Awards ceremonies each trimester
- Dances; school spirit weeks; New York City Mentorship program

English Language Learner Programs: English as a New Language

Language Courses: Spanish

Advanced Placement (AP) Courses: Biology, English, US History

ACTIVITIES

More than twenty campus clubs offered, including Cooking, Gaming, and Basketball

PSAL Sports—Boys: Baseball, Basketball, Handball, Soccer, Volleyball

PSAL Sports—Girls: Basketball, Softball, Volleyball

School Sports: Baseball, Basketball, Soccer, Softball, Step Team, Volleyball

PERFORMANCE

N/A of students graduate in four years

N/A of students enroll in college or career programs

91% student attendance

84% of students feel safe in the hallways, bathrooms, locker room, and cafeteria

71% of students feel that this school offers a wide enough variety of programs, classes, and activities to keep them interested in school

SCHOOL OVERVIEW

We take pride in our nurturing environment where all students can reach their fullest potential. We stress student-teacher connection to provide guidance and support to all of our students. Our young people develop and enhance their skills at their own pace. Students are engaged in a challenging Common Core Learning Standards-aligned academic program that prepares them for higher education programs and achieving their career goals. We examine all assessment data in order to develop alternative academic programs to strengthen student performance. We utilize differentiated instruction and technology to deliver a diversified curriculum, as well as to offer enrichment programs that promote creativity and student engagement.

Admissions Priorities: 1 Open to New York City residents

SCHOOL OVERVIEW

We are a small, inclusive school guided by 4 pillars: Honor, Excellence, Curiosity, and Celebration. 98% of our students go to college. Students engage in a college-bound academic program of Regents, AP, College Now courses, and study Chinese, Korean, or Japanese. We offer a robust after-school club culture supported by our student government. We encourage acts of kindness through Rachel's Challenge, an anti-bullying program. Our Parent Coordinator keeps parents informed through biweekly postcards, a newsletter, and First Fridays. Grades and progress reports are available online. Seniors attend college prep classes; juniors can take onsite Kaplan SAT prep courses. Our NEST program provides significant individual support for students with autism.

10 10th Grade Seats Also Offered

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Earn up to 24 tuition-free college credits taking CUNY College Now classes at the Baruch College, UNHS, LaGuardia College, BMCC or St. John's Univ.
- Business, Speech Communication, Psychology, and Personal Finance. Variety of innovative technology courses such as Microsoft Office Suite
- Computer Programming, Computer Coding, Gaming, Web Design, Adobe Suite, and Film Production, Two Sigma for developing IT skills
- We offer ESL classes to ELLs, former ELL and their families before school, after school, and on Saturdays.

English Language Learner Programs: English as a New Language

SCHOOL OVERVIEW

At The Urban Assembly Academy of Government and Law (AGL), we are preparing students to be successful in life beyond high school. As a college and career readiness high school, and a school that promotes social justice, we are committed to ensuring that all students are matched with a post graduation opportunity. Through our law and government theme, we provide students with real-life and hands-on experiences that equip them with the academic and social skills needed for their next step in life. At AGL, we are planting the seeds for future success.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Our mission is to engage students through inventive problem-solving that integrates new technology. Graduates will be both college and career-ready, prepared in Digital Animation and Design, Information Technology & Systems, or Software Engineering. Students will engage in other fun and innovative technologies, including filmmaking and editing, audio production, engineering, gaming, software design, and robotics. Creative and connected teaching and learning with our award-winning staff takes place in a technology-rich environment with fully operational technology labs, and laptops available during and after school. Our campus also has a new Media Center/Library that includes additional technology resources.

ACADEMICS

- CTE program(s) in: Arts, A/V Technology & Communication, Information Technology, Scientific Research and Engineering

SCHOOL OVERVIEW

UA Maker prepares students to find and solve challenges and create positive change. You will take risks and develop resilience to tackle new ideas with excitement and creativity. Our school uses design thinking and mastery-based grading to support all students for college and career success. As a student at UA Maker, you will explore the design industry through both academic programs and work-based internships. You will use a laptop to support your studies in school and at home as you develop the technology skills essential to a 21st century world. Your classes will challenge you to explore new ideas and technologies. UA Maker is a community of learners dedicated to growth mindset, self-awareness, and mastery.

SCHOOL OVERVIEW

Urban Assembly New York Harbor School focuses on Marine Science, Marine Technology, and Marine Policy. We believe in learning by doing. Students should expect to spend time outdoors in sites all over New York Harbor in all seasons. With our partners, we work to develop authentic activities on, around, and related-to the water that create a sense of responsibility to New York Harbor and develop a new generation of maritime advocates, enthusiasts, workers, and decision-makers. New York Harbor School’s location on Governors Island is easily accessible from Lower Manhattan, Brooklyn, and Staten Island.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Agriculture, Food and Natural Resources, Manufacturing Production, Transportation, Distribution & Logistics
- All ninth graders take a year-long field class called Introduction to New York Harbor.
- At the end of ninth grade, each student chooses a CTE program of study in marine science and marine technology.
- Each program of study concludes with a senior internship at a relevant maritime or marine-related business in the New York City area.

SCHOOL OVERVIEW

The Urban Assembly School for Emergency Management (UASEM) provides students with real-world learning opportunities. Students at UASEM have the unique opportunity to participate in career-related courses, internships, and emergency simulations with our partners Federal Emergency Management Agency (FEMA), American Red Cross, Department of Homeland Security, and more. With our partners, we develop curricula and activities in Emergency Management that create a sense of personal responsibility and empowerment among our students, parents, and staff. Students will develop leadership skills, learn how to use mapping and emergency response software as well as CPR, and learn how to recognize and respond to hazardous materials, among other abilities.

ACADEMICS

- CTE program(s) in: Information Technology, Law and Public Safety
- Emergency Management, Response and Recovery and Emergency Technology and Communications
- Students choose a pathway in 11th and 12th grade. Students participate in at least one major emergency simulation
- Students who successfully complete residency will receive a special industry certification and/or college-approved credentials

SCHOOL OVERVIEW

UASGC provides students with a career-centered, college preparatory education focused on business and engineering pathways in the field of Global Commerce. Our small size ensures that all students are known well and strongly supported by their teachers in and out of the classroom. Industry partners provide students with paid internships starting as early as 10th Grade. Students go on frequent field trips to industry sites to learn about different career pathways. Class sizes are small, with a focus on collaborative learning through rigorous coursework. AP Courses are offered starting in 10th Grade, along with two language programs in Spanish and Mandarin (Chinese). 11th Graders can attend Hostos Community College for college coursework.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Scientific Research and Engineering, Transportation, Distribution & Logistics
- Career-focused, college preparatory education; small class size; field trips; authentic career courses; full-time apprenticeship
- Work-based learning program; industry certifications
- Regents diploma

English Language Learner Programs: English as a New Language

SCHOOL OVERVIEW

We engage students in a college-preparatory curriculum that includes performing arts in all aspects of the academic experience. By using the arts as a teaching tool and allowing students to express themselves, our school breathes creativity into all subjects and builds confidence in all students. Students do not audition to enter our school. Students who may not have had access to artistic study come to our school from all five boroughs. We partner with the Tony Bennett Foundation/Exploring the Arts, the Martha Graham Dance Company, EPIC Theatre Ensemble, and The Collegiate Chorale.

10 10th Grade Seats Also Offered

ACADEMICS

- A full performing arts conservatory education with college preparatory course work in English, Social Studies, Math, Science
- After introducing ninth grade students to dance, vocal music, and theater programs, students audition for a major of their choosing
- At the end of their four years of study, students take the Arts Exit Exam allowing them to earn an Arts Endorsed Diploma.

SCHOOL OVERVIEW

We provide a high-quality education to young women with an interest in business. We offer a Regents-based and business-themed curriculum in a supportive small school environment. We foster the development of socially conscious young women who will think independently and embrace diversity. Our students are exposed to all areas of business and career options through our Career Exploration classes and Partnership programs, such as the Power Luncheon Series, Career Days, and Mentoring. We prepare our young women to become future business leaders and to succeed in a diverse and ever-changing business environment.

SCHOOL OVERVIEW

The Urban Assembly School of Design and Construction (SDC) prepares students for college and beyond through a challenging academic program with an emphasis on Architecture, Engineering, and Design. Students take a biweekly Design Seminar and visit architectural sites throughout New York City. SDC is committed to involving students and families along the path to college through a challenging academic program, frequent communication, college advisory, and extracurricular activities. These elements, in addition to our design program, create a supportive and challenging educational environment.

ACADEMICS

- Four years of English, Math, Science and Social Studies
- Minimum study of two years of Design Studio, which includes Introduction to Concepts of Architecture, Design, and Engineering
- Electives such as Music, Drama, Creative Writing and College Writing
- Internships at firms in the Architecture, Engineering and Construction Management fields
- Participation in the Sponsors for Educational Opportunity (SEO) Program and Architecture, Construction and Engineering (ACE) Mentor Program

SCHOOL OVERVIEW

Our school community is committed to helping our students become articulate, analytical, reflective, and empathetic citizens. Respect for self and others is central to achieving our goals. Our advisory system maintains close ties with our students and their families. As a member of the Coalition of Essential Schools, we adhere to the principles of small class sizes, longer block scheduling, shared planning and instruction, cooperative learning, project-based curriculum, and portfolio-based assessment in classes and graduation. Class discussions and assignments adhere to the Coalition Habits of Mind: using evidence, investigating points of view, making connections, and seeking relevance.

SCHOOL OVERVIEW

Wadleigh Secondary School for the Performing and Visual Arts is composed of six art studios and one academic program: Dance, Drama, Vocal Music, Instrumental Music, Visual Arts, and Wadleigh Secondary. All visual and performing arts students wishing to attend Wadleigh must audition for one of these studios. Students may be programmed for an Extended Day, as necessary, to fulfill both their academic and studio requirements. Our studios provide opportunities for our students to develop their talents in the arts as they pursue academic excellence. They will graduate from Wadleigh with a New York State Regents diploma.

SCHOOL OVERVIEW

We provide a small, nurturing environment for adolescents, a place where high expectations, excellent academic practices, and dedicated faculty provide differentiated instruction to students. Our mission is to work with families to prepare each student academically, emotionally, intellectually, and socially to succeed in college and beyond. Our unique internship program allows students to take advantage of partnerships with New York City organizations and businesses. Consider our school if you strive to become a skilled problem-solver and effective communicator, adventurous and willing to take intellectual risks, and an active and positive contributor to the school and local community.

ACADEMICS

- Academic Portfolio for assessment
- Expeditionary Learning Curriculum, Work-study Internships
- Intensive mini-courses to explore student's area of interest
- Internship participation encouraged
- Crew Advisory: 12-15 students work with a staff member to receive leadership development college prep, and community building

SCHOOL OVERVIEW

The Young Women’s Leadership School of East Harlem opened in 1996 as the first in a national network of all-girls college prep schools. TYWLS nurtures the intellectual curiosity and creativity of young women by supporting the whole girl in order to maximize academic achievement, social and emotional well-being, and post-secondary success. Our support structures include daily advisory, after-school academic tutoring, and regular contact with parents. The Young Women’s Leadership Network supports our school with a wide range of leadership programs. The CollegeBound Initiative (CBI) provides college access support with a full-time CBI college counselor on our staff who guides each of our students through the college application process.

Eligibility: Open only to female students.

Female Students Only

10th Grade Seats Also Offered

ACADEMICS

- All students engage in an academically rigorous college prep course of study, with the opportunity to take upper level science and math courses.
- Through the College Now program TYWLS students can take courses for college credit at Hunter College.
- ELA classes partner with the Open Doors, Stage Doors, and Manhattan Theater Club programs to bring students to numerous theatrical performances.
- Students have the opportunity to participate in a scientific fieldwork program with Columbia University and Lamont-Doherty Observatory.
- Electives include a film class taught in conjunction with Metropolis studios, art, music, and computer coding.

SCHOOL OVERVIEW

Our school prepares students for careers in movie and television production. As a small school, we provide individualized academic support and extensive career mentoring. Students learn by working alongside industry professionals with state-of-the-art equipment. Our career programs are complemented by academic classes which prepare students for competitive colleges and careers. Teachers use films in classes to enhance lessons and our school is a leader in using technology in innovative ways to support learning.

ACADEMICS

- CTE program(s) in: Arts, A/V Technology & Communication
- CTE endorsement in Film/Video; comprehensive sequence of production courses; opportunity to select area of production specialization in 11th grade
- Work-based learning and industry internship opportunities; extracurricular production activities
- Advanced Placement (AP) course selections in 11th and 12th grade; CUNY College Now partnership with LaGuardia Community College
- Four-year advisory system; College Advisement; SAT prep; National Honor Society

■ SCHOOL OVERVIEW

Our college preparatory school focuses on American history and its interdisciplinary connections. Students learn in a supportive environment, allowing them to grow socially, emotionally, and academically. As the flagship high school of the Gilder Lehrman Institute of American History, we provide insights into America's history through a rigorous curriculum that includes study in art, music (with a focus on opera), theater, and journalism. Our Advanced Placement (AP) program and partnerships with CUNY and St. John's University allow students to earn college credits. Our curriculum is enriched with trips to historical sites, the theater, and the opera, as well as community service, sports, and additional activities.

10 10th Grade Seats Also Offered

■ SCHOOL OVERVIEW

We provide students with a rich education through the lens of the healthcare professions. We fulfill the need for quality clinicians, nurses, and doctors. Students gain the skills necessary to become members of a healthcare team. We stress a hands-on approach to the sciences and STEM education. Our “Medical Scholars” program is in partnership with Plaza College where students receive free college credits. Additionally, our clinical internship program through St. John’s Hospital provides real-world career experiences for students in a healthcare setting. Here at AMT we help all students learn, grow, and become our future.

10 10th Grade Seats Also Offered

■ ACADEMICS

- We offer many opportunities to accelerate and earn college credit while still in high school through our Medical Scholars Program through Plaza College
- Our clinical internships prepare students for academic challenges as well as future career goals.
- STEM education is the backbone of future success. Our science instruction stresses hands-on problem solving and deep understanding of science content.

Medical Scholars	Q11B	Health Professions	Limited Unscreened	GE SWD	New Program				
Admissions Priorities: ❶ Priority to continuing eighth graders ❷ Then to New York City residents who attend an information session ❸ Then to New York City residents									
Program Description: This program is a partnership with Plaza College where our best and brightest students are offered the opportunity to pursue credit at the college level. The program is geared toward dedicated students with a desire to succeed. The course work is rigorous and requires students to commit to an advanced course of study in the field of medicine. Students are challenged but provided with the skills to be college- and career-ready.									

SCHOOL OVERVIEW

At our school, where dreams take flight, scholars learn through engaging inquiry, problem-solving, performance-based instruction, and assessment. Our interdisciplinary focus allows our scholars to be college, career, and life ready. Our students engage in authentic interdisciplinary learning experiences which prepare them for all their future academic endeavors. The Culinary and Aviation Career pathways provide academic and technical preparation for pursuing high-demand and high-skill careers in related and growing industries. It is our mission to graduate lifelong learners who will be change agents within their communities, chosen professions and the world.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Law and Public Safety
- Beginner, intermediate, and Advance ELL services. Students can integrate into all general education courses. Need-based push-in and pull-out services.
- Advanced courses in aviation allow students to sit for the Federal Aviation Administration (FAA) exams toward the Private Pilot License
- Law Scholars Academy offers partnerships with various law firms across the city, Lincoln-Douglas Debates, Mock Trials, and Moot Court
- Communication Arts Academy offers Career Development and Arts Administration Workshops, Internships, and Summer College Bridge Program

SCHOOL OVERVIEW

Bard High School Early College Queens (BHSEC Queens) was founded on the belief that many students are ready to do serious college work at age 16. Bard College, in partnership with the New York City Department of Education, has created an innovative program that enables high school students to move, in four years, from ninth grade through the first two years of college. During this time, students will earn a high school diploma, up to 60 college credits, and an Associate of Arts (AA) degree upon graduation. We have a very welcoming environment for all students with over 30 different home languages, a gender neutral bathroom, and a variety of clubs to celebrate the strength and unity of our differences.

Early College School

10th Grade Seats Also Offered

ACADEMICS

- Please visit bhsec.bard.edu/queens/academics/courses-past/ to view and download past college course guides.
- In their first two years, students receive a solid foundation in mathematics, science, history, English, a foreign language, and the arts
- In the final two years, the college program balances core requirements with opportunities for students to pursue their individual interests
- We offer a variety of college courses and opportunities for students to engage in independent studies of their own design
- Students completing 60 college credits will receive the Bard College AA degree and may transfer these credits to colleges and universities.

■ 2016-2017 ASSESSMENT INFORMATION

- To be considered for admission to BHSEC (Manhattan and/or Queens Campus), student report cards should reflect a cumulative average of an 85 or above in English, math, science, and social studies.
- Students may apply to both schools. They must, however, indicate each one as a separate choice on the Department of Education High School Application.
- Students only need to take one assessment in order to apply to either or both schools. The assessment may be taken in either our Manhattan or Queens location.
- All students wishing to be considered for admission to BHSEC (Manhattan and/or Queens Campus) must register online via the school's website at www.bard.edu/bhsec. Registration for the assessment begins September 8, 2016.
- Students who demonstrate strong abilities in their grades and the assessment will be invited to an interview at BHSEC. Students receive an email invitation for an interview.
- When evaluating applicants, BHSEC seeks to build an incoming ninth grade class that is representative of the entire City of New York.

SCHOOL OVERVIEW

A New Visions School combining college-focused academics; professional learning experiences & internships; engaging clubs, teams, and events with personalized support designed to ensure success in college and beyond. Focus on postsecondary achievement begins at orientation and continues beyond graduation through our alumni network. Since 1936, Bayside has striven to ensure students are prepared for college and meaningful careers in a school of choice and vibrant community center.

SCHOOL OVERVIEW

Students attending Business Technology Early College High School (B-TECH) use technology to solve everyday problems. Our students become expert readers, writers, and critical thinkers with the technical skills to be successful in our modern, information-based global economy. Students have up to six years to earn a high school diploma and an Associate's degree – free of cost – from Queensborough Community College. Students also receive hands-on job training and apprenticeship with SAP (an international enterprise software development company). Upon graduation, our students have the knowledge, skills, CTE certifications, and work experience to make them highly competitive for employment and/or four-year colleges.

- ♥ Early College School

SCHOOL OVERVIEW

As an Expeditionary Learning school, our approach to curriculum connects learning to real-world issues. Our Learning Expeditions and field visits get students out of the classroom and into the practice of investigating solutions to real-world problems. Our Expeditionary Learning emphasis invests students in their community, teaches them the value of leadership and service, and establishes a solid academic base from which students can launch careers in fields such as science, government, medicine, law, and education. Character development is our foundation; students' habits of work and learning are service, trust, accountability, and respect (STAR).

ACADEMICS

SCHOOL OVERVIEW

Civic Leadership Academy is a small school offering a challenging academic program with the goal of every student going to college. Our high expectations and focus on strong work habits, combined with an emphasis on critical reading, writing, and thinking skills, promote college and career readiness. The learning environment is highly personalized and supported by a dedicated and caring staff. Our curriculum is enhanced by a focus on community service, which gives students opportunities to discover their place in the world and their capacity to make a difference in their communities. We encourage parents to take an active role in helping us reach the goal of every student going to college.

■ SCHOOL OVERVIEW

Eagle Academy III is an all-male college preparatory school (grades 6-12) that educates and develops young men into future leaders. This is done through strategic partnerships between our scholars, administrators, teachers, parents, mentors, and community supporters. Through Eagle Academy's mission to cultivate integrity, students learn team-building and engage in community service while working in a nurturing and academically rigorous environment. Eagle Academy's young men develop core values of academic excellence, leadership, and character, supported by the following initiatives: Mentoring, Saturday Institute, Summer Programs, Community Service, Parental Engagement and Extended Learning Opportunities.

SCHOOL OVERVIEW

Located a block away from the Queens Botanical Garden, this school prepares students for college and careers. Our four pillars are Honor, Excellence, Curiosity, and Celebration. Students take Regents, Advanced Placement (AP), and CUNY College Now courses. Our students become proficient in Chinese, Korean, or Japanese. We offer many after-school clubs and an active student government. We encourage acts of kindness through a nationwide anti-bullying program. We cultivate parent partnerships through monthly PTA meetings on evenings or weekends. Grades, transcripts, and progress reports are readily available to parents online through PupilPath. All seniors attend daily college preparatory courses, and can take onsite Kaplan SAT prep courses.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

At Energy Tech, students interested in engineering, science, math, and technology follow a unique pathway to high-demand careers in a fast-growing industry. To prepare for these competitive engineering careers, we provide extensive academic support and mentoring. Our students learn through hands-on problem solving in and out of the classroom through partnerships with LaGuardia Community College, Con Edison, and National Grid. Students can remain at our school for up to six years, earning a high school diploma and an Associate's degree – free of cost – while participating in training and internships. Students leave ready to go directly into careers or as strong candidates for four-year colleges.

SCHOOL OVERVIEW

We serve recent immigrants who are both new to the United States and new learners of English. Teachers and students work in teams and teachers know their students well. Teams of teachers integrate interdisciplinary curriculum in which students work on projects that connect ideas from different classes. Both native language and English language development are supported across content areas. Students present graduation-level portfolio tasks as a requirement for graduation. Our program is designed to help immigrant students succeed in college and the world of work.

 Performance Assessment School

 School for New Arrivals

Eligibility: Students eligible for these programs are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging, or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

SCHOOL OVERVIEW

It is the policy of Frank Sinatra School of the Arts (FSSA) High School that every student receives the most challenging academic and arts program possible. We offer every student the opportunity to take four years of science and math in addition to four years of English and social studies. The studio arts program provides students an intensive sequential study of an art form that includes the chance to explore the history, cultural significance, and aesthetics of their selected art form. Students will be introduced to all of the disciplines offered at FSSA through a curriculum that enables students to make connections with all art forms, fostering a true artistic community.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Arts, A/V Technology & Communication

PROGRAM ADMISSIONS

Program Name	Code	Interest Area	Admissions Method	Prior Year Admissions					
				Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Film and Media Arts	Q40F	Film/Video	Audition	GE	26	Y	207	8	Yes – 5
				SWD	2	Y	34	17	

Admissions Priorities: 1 Open to New York City residents

Program Description: Study includes text analysis, film as a cultural and historical document, analysis of artist work; courses in video production, film theory and history, industry practices, and legal issues. Students have access to state-of-the-art digital technology.

Selection Criteria (prior year ranges—learn more in the introduction):

- Course Grades: English (84-100), Math (71-100), Social Studies (83-100), Science (80-100)
- Standardized Test Scores: English Language Arts (2.1-4.5), Math (2.1-4.5)
- Attendance and Punctuality
- Audition

Audition Information: During the audition, students will submit for review 10 original drawings or photographs on 18" x 24" poster board that tells a sequential story without words. Images should demonstrate the applicant's knowledge of visual composition and storytelling. Students will be shown four images and asked to develop an original story that could be the basis for a film. Three questions should be considered while writing: Who are the characters? What problems do they face? What do they do to resolve them?

SCHOOL OVERVIEW

Frederick Douglass Academy (FDA) VI High School is a high school built on Dr. Lorraine Monroe's vision of academic and personal excellence for all students. The emphasis on college preparation is supported by a challenging academic program and cultural enrichment. A set of core rules visible at every Frederick Douglass Academy signals the seriousness of purpose for the school, its students, and teachers. All students must adhere to a code of student conduct, the Scholar's Creed and a strict uniform code. Students are also required to participate in extensive after-school academic enrichment programs.

SCHOOL OVERVIEW

The mission of our school is to provide students with an in-depth, well-rounded education that emphasizes science and mathematics. Classroom teaching and learning are complemented with authentic, inquiry-based research experiences. The combination of research and teaching experience prepares students to become critical thinkers and problem solvers who pursue careers in biological sciences, physical sciences, mathematics, engineering, and veterinary sciences. The physical, emotional, and social well-being of our student body is nurtured through advisories, community service, and a small and personalized learning community.

SCHOOL OVERVIEW

This is a CTE school that prepares students for college, technical school, and apprenticeships in construction trades, engineering, and architecture. We have state-of-the art facilities that support computer-aided design, mechanical drafting, technical drawing, model building, construction technology, electrical installation, digital electronics, and engineering. We partner with construction, architecture, and engineering firms and non-profits. We allow students to explore their talents and interests while receiving a solid academic foundation that prepares them for college and careers. Our learning environment promotes academic achievement through the integration of career interests and making connections between learning and the world.

SCHOOL OVERVIEW

Hillcrest is a STEAM (Science, Technology, Engineering, Arts, and Mathematics) school that proudly offers its students a world-class education with a dynamic faculty and challenging curriculum. Our students get the benefits of a small school setting with our seven Small Learning Communities (SLC) in a large comprehensive high school. Every SLC is run by one teacher-leader, one school counselor, and teachers who use rigorous instruction to ensure student success. Each SLC has connections to the professional world with various partnerships and internships with elite organizations in New York City. Hillcrest offers its students programs such as Virtual Enterprise, Model United Nations, Moot Court, Junior Achievement, HOSA, Journalism, and Theatre.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Humanities & the Arts challenges students to dream big and accomplish even more. Our strong academic focus is coupled with an equally strong sequence in the Visual Arts that culminates in AP Studio Art in senior year. Performance Arts includes theater, music, and dance. Our college-going culture is fostered by a continuing partnership with Queensborough Community College with the Pathways to Nursing Program, Connect to College Program, as part of the high school day program, and Project Prize. Students can earn as many as 21 credits towards an Associate's degree free of cost, beginning in ninth grade. CUNY College Now classes are also available at Queens College for eligible students. All seniors attend College Summit classes. Effort matters.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

The Institute for Health Professions at Cambria Heights prepares students for college and careers in medicine. The school strives to meet individual learning needs by creating goals for all members of its community. Students will take their learning beyond the classroom by collaboratively solving problems, completing labs based on the realities of emergency medicine and hospital care, and attending Health Occupation Students of America (HOSA) conferences. Students will participate in training exercises at North Shore Long Island Jewish's (LIJ) Center for Learning and Innovation, complete rotations on an ambulance or in a hospital, and earn CTE certification in either Emergency Medical Services or Nurse Assisting.

SCHOOL OVERVIEW

We are a small, multicultural high school on the campus of LaGuardia Community College. All of our students are new to the country. We focus on English language development. Our teachers collaborate on interdisciplinary teams. We prepare English Language Learners for success in college and careers. Students develop their academic and English skills by completing individual and group projects. Students present portfolios for graduation and are able to stay for a free year of college as part of our Early College Program after they complete their high school graduation requirements within four years. While in the Early College Program, we provide students with academic support classes to ensure their success in college.

- ♥ Early College School
- 📄 Performance Assessment School
- 🌐 School for New Arrivals
- 10 10th Grade Seats Also Offered

Eligibility: Students eligible for these programs are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging, or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

ACADEMICS

- Students complete Performance-Based Assessment Tasks (PBATs) as a replacement for some Regents Exams.
- English instruction in all content classes with native language support; students grouped in small interdisciplinary learning communities
- Early College Program option to remain a fifth year and earn a free Associate's degree from LaGuardia Community College
- Tuition-free college courses including Math, Science, English, History, Psychology, Sociology, Art, Music, native language classes and more
- Internship program in the 11th and 12th grades

English Language Learner Programs: English as a New Language

Language Courses: American Sign Language, Arabic, Bengali, Chinese (Mandarin), French, German, Haitian Creole, Hindi, Korean, Polish, Portuguese, Punjabi, Russian, Spanish, Urdu

ACTIVITIES

LaGuardia Community College Classes and Gym Facilities, YMCA for After-School Sports (Badminton, Volleyball, Soccer, Basketball), After-School Tutoring, Art, Chorus, Computer Lab, Garden Club, Music Club, Knitting, Student Government, Saturday Literacy Explorers Program, Cultural Clubs, International Food Festival, Theater Program, Newspaper, Liberty Partnership, SAT, Dance, Photography Classes

PSAL Sports—Boys: Baseball, Basketball, Soccer, Volleyball, Wrestling

PSAL Sports—Girls: Basketball, Golf, Soccer, Softball, Tennis, Volleyball

PSAL Sports—Coed: Golf

School Sports: International High School athletes join with students from Robert F. Wagner, Jr. Secondary School for Arts and Technology and Middle College High School at La Guardia Community College as the Panthers, to compete in the Public Schools Athletic League (PSAL).

International High School at LaGuardia Community College	Q27J	Humanities & Interdisciplinary	Screened: Language	GE	93	Y	568	6	Yes – 14
				SWD	17	N	39	2	

Eligibility: Students eligible for these programs are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging, or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

Program Description: English taught in all classes, interdisciplinary instruction, reduced class size (25 students), access to college classes, and facilities

SCHOOL OVERVIEW

We offer English Language Learners who are new to the country an opportunity to develop skills necessary to pursue college and careers in medicine. Classes focus on reading, writing, and communicating in English while also providing opportunities to maintain students' native languages. We give our students experiences in local healthcare settings before they graduate. Students gain practical skills including CPR and first aid, explore careers through 11th grade internships at local medical centers, and take early college coursework with our university partners. These hands-on opportunities both provide a context for language acquisition and allow students to use their native language as an asset in their service to the community.

Eligibility: Open only to New York City residents living in the United States four years or fewer who are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

SCHOOL OVERVIEW

As a large school, students can choose from a broad array of Advanced Placement (AP) and CUNY College Now classes, numerous electives in expanding technology, science, writing, art, and music programs, more than thirty athletic teams, clubs, and extracurricular activities. We have eight Small Learning Communities, each with its own area of focus led by staff who work with the same group of students for all four years. We prepare all students for college and career, supported by partners such as CEI-PEA, York College, and New York City College of Technology. We have upcoming partnerships with SUNY Albany and are a candidate for the International Baccalaureate Program. We have adopted a PBIS Framework to promote a positive school culture.

SCHOOL OVERVIEW

All of our students graduate as literate, committed, inquisitive learners. We provide students with a challenging learning community that prepares them for college and careers. We seek to strengthen our community so that parents are involved in our academic vision. It is our goal to develop strategies which engage in rigorous academics, enhance relations, and improve communication among students of different backgrounds, foster positive attitudes towards school and learning, strengthen community feeling, and propel students into their future aspirations. Each student is motivated to meet the Common Core Learning Standards, to respect and appreciate individuals of different cultures, and to be a contributing citizen to their community.

SCHOOL OVERVIEW

Maspeth High School was founded in September 2011. We operate under the classical philosophy that all knowledge is interrelated. We expect all of our students to graduate with an Arts Endorsed, Advanced Regents Diploma in four years and attend top four-year colleges and universities. A graduate of Maspeth High School will have taken four years of Classical Language, Latin or Mandarin, and be fully prepared for college, career, and productive citizenship.

ACADEMICS

- Classical liberal arts curriculum. Students are required to read and write on a daily basis using technical speech and critical thinking skills.
- Four years of History, Mathematics, Science, English, and Classical Language are required.
- Maspeth High School offers an extensive fully-integrated fine arts program featuring Visual Arts, Orchestra, Dance, Theater, and Choir.

SCHOOL OVERVIEW

Our mission is to offer students opportunities to achieve success by providing a small personalized environment on a college campus. We provide tangible experiences that help students connect to the next stages of their academic and social lives as well as their careers. There is open access to the campus of LaGuardia Community College and students may enroll in college classes as part of their high school instructional program. All students are expected to graduate with a minimum of 24 college hours.

- ♥ Early College School

SCHOOL OVERVIEW

Newcomers is internationally recognized for the exceptional quality of teaching, learning, and support services for English Language Learners offered at the school. The outstanding educational program provides a pathway for new immigrants to pursue their academic dreams. Recognizing that students initially face challenges when transitioning to a new educational, social, linguistic, and cultural setting, one essential component of the school is an orientation program that begins on the first day. The program eases the transition to a new school and assists students in acquiring necessary survival skills, from learning about the subway system to adopting key phrases to help them function in their daily lives.

Eligibility: Open only to Queens students or residents who have lived in the United States one year or less at the time of admission to high school and require English as a New Language (ENL) or Bilingual instruction.

■ SCHOOL OVERVIEW

The Pan American International High School is a diverse learning community of recently-immigrated English Language Learners (ELLs). Our primary focus is English language development, while providing opportunities for students to enhance their Spanish language skills. Our partnerships with organizations such as Urban Arts cultivate the leadership of students in their communities through service, learning projects, internships, and the arts. We are committed to creating an environment that celebrates students' individual identities while preparing them to be successful in college and become productive members of the global community.

 Performance Assessment School

 School for New Arrivals

■ SCHOOL OVERVIEW

We provide a challenging academic program to students of diverse backgrounds, achievement levels, and interests in a small, student-centered learning community. As a Community School, we partner with community-based organizations to help our students physically, mentally, and academically. Our students participate in scientific research, field-based learning, web-based communication, and problem-solving projects. We help each child become college-ready through rigorous coursework, Advanced Placement (AP) classes, and CUNY College Now courses. Our goal is for each student to acquire the ability to access, interpret, and use information and technology to communicate effectively, and prepare to meet the challenges in this ever-changing world.

SCHOOL OVERVIEW

The Queens HS for Language Studies is a committed, caring community of learners. Located in Flushing, Queens, we are a small, close-knit high school with the opportunities of a large campus. In addition to taking a challenging core curriculum, every student at QHSLS is learning language. Fifty percent of our students are native-Chinese speakers learning English as a new language, and fifty percent are English-speakers learning Chinese as a foreign language throughout all four years of high school. All students are expected to achieve an Advanced Regents diploma, and with the support of dedicated teachers, counselors, and fellow classmates, our students are prepared for the next stage confident in their academic skills and ready for success in college.

10 10th Grade Seats Also Offered

Eligibility: Fifty percent (50%) of the incoming ninth graders will be English Proficient students and fifty percent (50%) will be Chinese (Mandarin)-speaking English Language Learners as per New York City Department of Education guidelines.

ACADEMICS

- College Now classes at CUNY Queens: students can take enrichment classes for high school and college credit.
- iLearnNYC: Program for expanded online coursework and self-paced learning
- Our program is designed for students to work towards an Advanced Regents Diploma
- Four-year Chinese language program with extended day for language, arts and enrichment classes (advisory, theater, statistics, and film studies)
- SAT Prep, college admissions counseling, and internship opportunities in 11th and 12th grade.

English Language Learner Programs: English as a New Language; Transitional Bilingual Education: Chinese

Language Courses: Chinese (Mandarin)

Advanced Placement (AP) Courses: Chinese, Statistics, US History

ACTIVITIES

Music, Anime, Chess, Community Arts, Drama, Math Team, Computer Programming, Engineering, Green Club, Hip Hop, SAT prep, Rainbow Club, and Student Government; students are encouraged to form additional clubs. Tutoring is offered daily; Saturday Regents Prep is offered in January, May, and June.

PSAL Sports—Boys: Badminton, Baseball, Basketball, Bowling, Football, Handball, Soccer, Table Tennis, Tennis, Volleyball, Wrestling

PSAL Sports—Girls: Badminton, Basketball, Handball, Indoor Track, Soccer, Softball, Table Tennis, Volleyball, Wrestling

School Sports: Intramural: Badminton, Mixed Martial Arts, Yoga

SCHOOL OVERVIEW

Queens High School of Teaching, Liberal Arts and the Sciences is an ideal place for students who seek the skills to be college and career-ready. Our students are programmed into one of three small learning communities where they are known well by peers and teachers. We offer college level classes, a daily literacy program with an emphasis on self-selected reading, a student advisory program, and a Teaching Institute (see program description). We also have extensive community partnerships that enrich our school program.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Queens Metropolitan High School is a college preparatory school with a mission to have all its students attend and graduate from a college of their choice. In order to prepare for college, students are required to push their thinking in all content areas. They are frequently asked to write, defend their answers, and apply what they are learning to new situations. In addition to coursework, students take college trips and research college options to determine the college of their dreams.

SCHOOL OVERVIEW

Queens Preparatory Academy (QPA) offers its scholars a challenging curriculum that emphasizes math and science achievement. Our scholars engage in inquiry-based and project-based learning to develop their critical thinking and problem solving skills as they tackle real-world problems in math, science, and the humanities. Our advisory program assists scholars in developing the academic, social, and emotional skills that promote academic success. Our scholars' engagement in community service projects, social justice based humanities courses, Drop Everything and Read, and college and career research planning provides them with the necessary tools and experiences to be productive citizens and lifelong learners.

SCHOOL OVERVIEW

The Queens School of Inquiry is an early college school designed to prepare students to succeed in college. Our students have the opportunity to earn up to 62 tuition-free Queens College credits while still in high school. We help students develop academic skills in an environment that promotes inquiry-based learning and self-management. A close collaboration with Queens College, CUNY, and the Bill & Melinda Gates Foundation, along with a dedicated faculty, enables us to promote college readiness and career awareness. We are a neighborhood school that emphasizes real-life applications of academic content in our effort to educate caring and ethical citizens.

Early College School

SCHOOL OVERVIEW

Through a college preparatory curriculum, our school focuses on the crucial life skills of problem-solving, critical thinking, and literacy. Our school meets all students' educational needs, beginning with the Ninth Grade Academy and continuing with focused Small Learning Communities. Each program fosters high expectations and academic achievement in a positive and supportive learning environment. The Small Learning Community pathways include themed programs for college and career readiness. We welcome our students and parents to join us in cultivating a professional learning community.

10 10th Grade Seats Also Offered

ACADEMICS

- Through the Business Pathway, students can graduate with MOS certification, earn SUNY and CUNY college credits and intern with top NYC firms.
- The CFI program allows students to apply scientific approaches to real world scenarios and learn about careers in Forensic Science & Criminalistics
- The Health Careers Pathway prepares students for College and Career Readiness in the field of Health Sciences through hands on projects and inquiry.
- The International Academy is a dynamic community of ELL's from over 30 countries taking courses intended to prepare them to be College/Career ready.
- The Law Pathway educates students about the law and its applications while empowering them with the skills needed for careers in the legal field.

Eligibility: Open only to District 25 students or residents.

SCHOOL OVERVIEW

Our school is known for being academic, artistic, and athletic while providing a warm and welcoming community. Our teachers meet weekly in either grade teams or departments to create rich and meaningful experiences for students. All students have a CORE teacher responsible for monitoring their academic and social/emotional progress. We have a partnership with College Bound Initiatives (CBI) which provides our students and families with a full-time college counselor. Come to a place where people know you well and are dedicated to supporting your future goals. Many of our staff members have been here for more than 10 years and our graduates often come back and visit. Be a part of the Wagner family!

10 10th Grade Seats Also Offered

ACADEMICS

- Students have a myriad of academic opportunities at Wagner including but not limited to art classes which include Drawing, Drama, and Digital Arts.
- We offer Advanced Placement courses in United States History and English.
- Year-long introductory courses in Arts and Technology for ninth graders; Student Government Association
- National Honors Society, Piano, Music Composition, Visual Arts, Advanced Drawing and Painting, Theater, Advanced Theater
- CUNY College Now; Early College opportunities; Middle College National Consortium student leadership conference, monthly town hall meetings

SCHOOL OVERVIEW

Goddard High School for Communication Arts and Technology provides students with a challenging academic program to prepare them to be successful in high school and college. We foster critical thinking and creative artistic expression to give our students the skills they need to achieve their future goals. Classrooms are equipped with the most cutting-edge technology to fully immerse and engage students in the content they are learning. Our STEM science lab and digital art studio allow students to generate expressive and compelling projects through the use of a 3D printer, Apple Macbook Pros, and Photoshop. Enrichment activities include theater productions, college trips, trips to science laboratories, and visits to the MOMA and MET.

SCHOOL OVERVIEW

Rockaway Collegiate High School (RCHS) provides an enriched college preparatory program. We offer a collaborative educational experience in which talented students are challenged to expand their intellect and develop the habits of inquiry, expression, critical thinking, problem solving, research, and presentation. We ensure this with the development of consistent structures, additional time, and support when needed. Personalization is valued at RCHS where each student is known well by at least one adult through an individualized student success plan which outlines the steps each student needs to take, informed by precise data, to be academically successful. Every student is expected to complete portfolios and pass Regents exams.

ACADEMICS

- Academic Portfolio required
- iLearnNYC: Program for expanded online coursework and self-paced learning

SCHOOL OVERVIEW

The mission of Rockaway Park High School is to prepare students for college and careers through a curriculum centered on environmental sustainability. We believe learning is most dynamic when students are given hands-on experiences through an interdisciplinary curriculum that reaches a wide range of learning styles. Rockaway Park High School is a highly personalized environment in which each student is known well by the school community. Students graduate with the critical thinking skills necessary to pursue their scholarly passions and interests after high school.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Scholars' Academy is an academically accelerated high school that prepares students for college and careers of the 21st Century. Comprised of multi-talented students, our diverse student body is challenged by an ambitious curriculum in English, math, science, social studies, Spanish language, and the arts. College level or Advanced Placement (AP) courses are available starting in sophomore year. Teachers work closely with students on an individual basis within a school-wide cooperative group structure to ensure their success. High school students follow a strict dress policy and students are expected to perform at a high level academically. Students participate in educational trips and events such as March to College and Spirit Week.

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Students complete most graduation requirements by the end of grade 10
- All students take AP courses in 11th and 12th grades; Many apply for internships
- College credit at St. Francis College; Elective courses in media, visual arts, drama, technology, and music; Advanced courses in visual arts
- Online courses offered in 12th grade.

Program Name	Code	Interest Area	Admissions Method	Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
Intensive Academic Humanities	Q37J	Humanities & Interdisciplinary	Screened	GE SWD	259 47	Y N	5,899 97	23 2	Yes – 8

Admissions Priorities: ❶ Open to New York City residents

Program Description: A humanities-based approach to excellence in all subject areas, achieved through extensive literature and writing courses, advanced courses, and electives in English, social studies, modern and classical languages, math, science, social science, science research, and a required Queens College Humanities Seminar.

Selection Criteria (prior year ranges—learn more in the introduction):

- Course Grades: English (92-100), Math (93-100), Social Studies (93-100), Science (92-100)
- Standardized Test Scores: English Language Arts (3.6-4.5), Math (4.0-4.5)
- Attendance
- Please note: Townsend Harris is open to New York City residents from all five boroughs. When evaluating Queens applicants, Townsend Harris seeks to build an incoming 9th grade class that is representative of the entire borough.

SCHOOL OVERVIEW

At Veritas Academy, you will learn about the values of truth, dignity, and humanity. Dedicated staff members will help you reach your full potential by learning about your individual aspirations and strengths. Through disciplined study, you will collaborate with teachers to make connections between what you learn in the classroom and the real world. By participating in advanced-level learning opportunities, internships, and volunteer work, you will use your individuality and creativity to help others. At Veritas, we will work together so you can bring justice, respect, and equity to the human race.

SCHOOL OVERVIEW

At World Journalism Preparatory, journalism is a tool used to share learning and practice the habits of critical thinking in regard to citizenship and democracy. Student publications include a school newspaper, magazine, news broadcast program, podcasts, websites, and blogs. Opportunities to be immersed in journalism exist through fieldwork, creative projects, performances, interviews, and readings set in the community. The school has writing labs for parents as well as students. Students visit television networks, newspapers, publishers, colleges, and other post-secondary schools.

Program Description: Honors-level sequence of courses in science, technology, engineering, and math. This challenging scholastic experience includes preparation for authentic science research and writing in signature national science competitions (Intel, Westinghouse, and Siemens). Students will publish a science journal (non-print) of original science research under the mentorship of leading science teachers, scientists, and publishers.									

SCHOOL OVERVIEW

The mission of York Early College Academy is to develop the skills needed for success in college and careers. College preparation is continually communicated to our students. This goal is expressed by teachers, parents, and the surrounding, supportive community. In addition to a challenging and advanced academic curriculum, we are pleased to offer students the opportunity to graduate from our school with between 40-60 college credits. Our students have the full support of York College, the Early College Initiative, and the Department of Education. York Early College Academy is an open road to college.

SCHOOL OVERVIEW

The Young Women’s Leadership School (TYWLS) nurtures the intellectual curiosity and creativity of young women by supporting the whole girl in order to maximize academic achievement, social-emotional well-being, and postsecondary success. TYWLS-Queens is supported by Young Women’s Leadership Network and its CollegeBound Initiative to replicate the best practices of private and independent girls schools. TYWLS-Queens opened in 2005 as the third school in the network. TYWLS-Queens strives to instill in students a sense of self-efficacy and community responsibility, characteristics that will support them as they become the leaders of the next generation. TYWLS-Queens expects families to play an active role in their daughters’ education.

Eligibility: Open only to female students.

SCHOOL OVERVIEW

Our challenging and academically demanding program is designed around college preparedness and aligned with Common Core Learning Standards. High standards, rigor, and global themes are infused throughout subjects. Vigorous standards and requirements around student conduct, school tone, and academic citizenship are strictly maintained. Students present comprehensive portfolio and summer projects. Teachers work collaboratively to challenge students' thinking and prepare them for college. Students have opportunities to travel and participate in foreign exchanges, fostering cross-cultural learning.

10 10th Grade Seats Also Offered

ACADEMICS

- 4-year Advisory for all students to enrich communication skills, social proficiency, and global competence.
- College courses with CUNY College of Staten Island, and tuition waivers.
- CUNY College Now, International Journalism, Global Art, Digital Photography, Forensics, and Dual Credit Program.
- Strong academic/college preparedness with stringent expectations on timely homework, strong school tone: zero tolerance of student misconduct.
- International travel, exchange opportunities, and language immersion programs (4-year requirement of a world language expected).

SCHOOL OVERVIEW

Curtis High School is a Community School whose mission statement declares, “Curtis will be a nurturing community where all of its members will have the desire and opportunity to achieve their fullest potential.” Curtis continually seeks to provide academic, extracurricular, social-emotional, and health and wellness services that are comprehensive, coordinated, and responsive to the evolving needs of our community. Curtis consists of small learning communities (“houses”) giving students and faculty the opportunity to teach and learn with a more personalized approach. All students, supported by our faculty and a wealth of community partnerships and resources, pursue curricula that challenge and prepare them for a world beyond Curtis.

10 10th Grade Seats Also Offered

ACADEMICS

- International Baccalaureate (IB): Curtis is authorized by the IB Organization to offer the Diploma Programme.
- CTE Programs: NYS-approved Career and Technical Education (CTE) programs in Practical Nursing, Nursing Assistant, and New Media.
- Foreign Exchange: Yearly exchange programs are available between Curtis students and students from France, Israel, Italy, the Netherlands, and Spain.
- College Now: Nationally recognized high school-to-college partnership with CUNY offering rigorous college coursework without cost to students.
- Forward PASS: An extensive after-school academic program for Curtis students supported by the Heisman Trust and the AthLife Foundation.

SCHOOL OVERVIEW

McKee prepares you for college, career, and life. Here, you learn more, whether your dream is to design the most iconic building in New York City or join the Local 20. At McKee, we have small classes, committed faculty, secure grounds, and sophisticated technology. We provide you with the knowledge, study habits, resources, and guidance to attend college and shine once you do. We equip you with skills and certifications to start your career in fields like construction, drafting, electrical engineering, graphic arts, and software engineering. We teach you to think for yourself. We know you – your name, where you are from, how you learn, where you struggle – and you will never be just a number. Remember – McKee: College, Career, and Life.

Architectural Drafting	R60K	Engineering	Ed. Opt.	GE	24	N	82	3	Yes – 10
				SWD	6	Y	31	5	
Admissions Priorities: ❶ Open to New York City residents									
Program Description: Study includes structures, space, color, and form. Focus on hand drafting, architectural design, model making, and sketching. Students will learn industry standard software (AutoCAD & Revit); seniors complete projects culminating in portfolios for college entrance. Internship partners include E.B. Pritchard Architecture & Glass, Island Engineering, IMC Architecture, and Steven Savino Architect.									
Automotive Technology	R60P	Computer Science & Technology	Ed. Opt.	GE	38	N	116	3	Yes – 10
				SWD	10	Y	51	5	
Admissions Priorities: ❶ Open to New York City residents									
Program Description: Students use an industry standard curriculum (NATEF) that covers all facets of automotive repair. Students will learn Steering and Suspension, Brakes and Electricity/Electronics and Engine Performance. Students must take industry exams for certification. Internships are available for eligible students. Internship partners include Blackler Air, DANA Lincoln/Ford, Dema’s Auto, Gotham Motorcycles, Lombardi Harley Davidson, Max Fleet, Millers Tug & Barge, and MTA.									
Construction / Carpentry	R60R	Architecture	Ed. Opt.	GE	22	N	102	5	Yes – 10
				SWD	6	Y	43	7	
Admissions Priorities: ❶ Open to New York City residents									
Program Description: Integrated program that leads to industry based certification. Students are prepared for entry-level positions in construction trades. Curriculum includes carpentry and mechanical construction and CNC Router and MasterCam production. Students are prepared for college and industry positions. Internship partners include E.B. Pritchard Architecture & Glass, Millers Tug and Barge, NYC Division of School facilities, Scaran HVAC, and RGM Signs.									

SCHOOL OVERVIEW

SI Technical High School provides a robust liberal arts curriculum including courses in science, technology, engineering, arts, and mathematics (STEAM) and a cutting edge Career and Technical Education (CTE) program. All students take an Intensive Writing course and English and Language Arts curriculum to prepare them for Advanced Placement (AP) Language and AP Literature and Composition. Students take four years of mathematics, a variety of STEM and AP courses, graduate with at least two or three AP Social Studies courses, and take three years of the Russian language with an optional fourth-year of a second language via a blended learning program. All ninth grade students receive a computer to use in school and to take home.

-  Specialized High School
-  10th Grade Seats Also Offered

SCHOOL OVERVIEW

Susan E. Wagner High School offers students sixteen unique courses of study called Learning Centers. Each Learning Center has an assigned assistant principal, teacher coordinator, guidance counselor, dean, and attendance assistant, all of whom work together to provide a nurturing environment and a wide range of academic support services. In addition to our academic programs, our many extracurricular and co-curricular activities help to develop well-rounded, socially conscious, respectful citizens who are prepared to enter college and the work force.

Admissions Priorities: ❶ Priority to Staten Island students or residents—100% of offers went to this group ❷ Then to New York City residents									
Program Description: This program is designed to challenge students who are strong in math and science and are interested in pursuing careers in these or related areas. The program is rigorous and requires a serious commitment. In addition to fulfilling all high school requirements, students take a minimum of two college-level science classes and one year of college-level math. Hands-on and computer research in science is required, leading to opportunities for both supervised and independent research.									
Selection Criteria (prior year ranges—learn more in the introduction)									
<ul style="list-style-type: none">▪ Course Grades: English (92-100), Math (93-100), Social Studies (94-100), Science (93-100)▪ Course Grade: Language Other Than English▪ Standardized Test Scores: English Language Arts (3.3-4.5), Math (4.0-4.5)▪ Attendance and Punctuality

NEW YORK CITY CHARTER HIGH SCHOOLS

This is a list of New York City charter high schools that are projected to serve at least one high school grade (grades 9-12) during the 2017-2018 school year. For the most current admissions information, visit our website or contact each school directly. Every charter high school is monitored and evaluated by its authorizer to ensure it is meeting appropriate performance goals, delivering its proposed educational program, and is in compliance with all applicable laws. Each authorizer produces reports with performance information for its charter schools. Performance reports for each of the following schools can be found on the authorizer's website.

How to Enroll in a New York City Charter School	schools.nyc.gov/community/charters
NYC Department of Education Chancellor Authorized Charter Schools (DOE)	schools.nyc.gov/community/charters/information/schoolperformancereports.htm
State University of New York Trustees Authorized Charter Schools (SUNY)	www.newyorkcharters.org/progress/school-performance-reports
New York State Education Department (SED)	www.p12.nysed.gov/psc/csdirectory/CSLaunchPage.html

Please Note: Some charter high schools are located in multiple community school districts (CSD) and offer lottery preferences for students residing in them. Charter high schools marked with an asterisk (*) are located in multiple CSDs. Please contact the school directly for more information.
