## Section I — How to Use This Guide

This guide is designed to help students and families prepare for the audition process. Through this guide you will:

- **Learn about drama or theater.** What do drama programs entail? What can you expect as a drama student? See the description below for more information.
- **Understand the audition process.** The overview on page two will let you know what to expect at a high school audition.
- **Review the Common Audition Components.** High schools that participate in Common Audition Components share the same audition guidelines. This guide includes the common audition components for participating drama programs.
- **Prepare for the auditions.** Learn about audition components and tips for doing your best during an audition.
- **Build a list of drama or theater programs that interest you.** Browse this guide for a complete list of New York City high schools that offer programs to cultivate artistic talent. Use Section 6 to list the programs that look like a good fit for you and start creating your fall audition schedule.
- **Create your audition schedule.** Review the audition information and schedules for each program to plan your own audition calendar. For each program, there is a list of what to prepare for the audition, and what you will do at the audition.

### What is Drama or Theater?

Theater is a form of art that uses live performers to present the experience of a real or imagined event before a live audience. Drama and theater arts (including musical theater) students often learn acting techniques, scene study, voice and diction, movement, singing, theater history, and audition preparation. Students may have numerous opportunities to perform in scenes or productions throughout their four years of high school.

## Section 2 — High School Audition Process Overview

### **Some high schools host auditions**

An audition is a type of admissions method. To gain admission to certain high school arts programs, students must exhibit artistic skills at an audition. Auditions are also a great opportunity for students to meet school staff and ask questions about programs.

### **Students are expected to prepare and perform at an audition**

Audition expectations will vary by high school program. Students should review the audition criteria that is published by schools in the High School Directory. If a student is auditioning for multiple programs focusing on the same art form, many audition components will be similar across the auditions (see program details in this guide for audition information). Students should note that they may not get to present everything that they have prepared for the audition.

### **Auditions are run by high schools**

Typically auditions are run by school administrators and teachers. Some high schools have their current students assist with welcoming auditioning students and their families.

### **Audition dates, arrival times and locations may vary**

Auditions are usually held at high schools from October to January. See program details in this guide for audition schedules.

### **Audition lengths may vary**

The audition process can take 2-3 hours or longer. Students are encouraged to bring a light snack and water to auditions. Families should not register for auditions at multiple schools on the same day.

### **Families can wait nearby**

There is often a designated waiting area for parents/guardians, as they are not allowed in the audition areas. Parents/guardians may choose to leave and re-enter the school building at any time. Communication between the student and their families should be made prior to the beginning of the audition process.

### **Acceptance to audition programs**

In order to be considered for audition programs, students must also list the program on their High School Admissions Round I Application, which is due to their school counselor on December 1, 2017. Students will receive the results of the Round I Application the following March.

### **Questions about the audition process**

This guide should answer most of your questions about the audition process. If you have specific questions about a school's audition, it's best to call or email the school directly for more information or visit the school website.

### **Audition accommodations**

Students with individualized education programs (IEPs), approved 504 plans, and English Language Learners, may receive accommodations. Students should speak with their school counselor to arrange accommodations for auditions.

### Section 3 — Audition Pre-registration and Common Audition Components

Below is some vocabulary about the audition process that families will need to learn as they prepare for auditions. These terms will also be found throughout the table in section five of this guide.

#### **Pre-registration for Auditions**

Certain audition programs require students to pre-register through the DOE's enrollment system. By pre-registering, students let school administrators know that they are attending the audition, and what program they are auditioning for. Students interested in auditioning for these programs may pre-register from September 7, 2017 to October 12, 2017. School counselors provide students with pre-registration surveys and complete pre-registration in the DOE enrollment system.

When pre-registration is not required for an audition, students are encouraged to check the school's website for an opportunity to register online. Otherwise students simply attend the audition for the on the date and time listed by the school in the High School Directory.

#### **Programs with Common Audition Components**

A select group of schools have programs that offer common audition components, which are indicated by the ★ icon next to the school name in section five of this document. These programs all share the same audition components so if students prepare for one they may be ready to audition at another participating program.

#### **Common Audition Components – Drama or Theater Programs**

*You can also find this information on Page 27 of the 2018 New York City High School Directory*

Perform two contrasting monologues (one minute each). Perform an on-demand dramatic or movement activity (e.g. impromptu reading from provided script or improvisation). Wear attire that allows free movement.

Programs may have different “tests” that they offer on-site, including an interview, or on-demand writing sample, which may impact your preparation. Please read each school's audition information in this document. Also, be sure to visit the school webpage, or contact the school directly for the most up-to-date details.

## Section 4 — How To Prepare for a Drama or Theater Arts Audition

**Requirements:** Students may be required to do any of the following:

1. *Recite two prepared monologues.* The two monologues should differ in style (for example, one comic and one dramatic) and meet the following requirements:
  - All monologues should be published. Original student writing or internet monologue material is not appropriate.
  - All monologues should be one to two minutes in length.
  - Monologue characters should be age-appropriate.
  - Classical theater or verse such as Shakespeare is discouraged.
2. *Participate in theater games or improvisations* in order for auditioners to judge students' ability to collaborate in a group and to be spontaneously creative.
3. *Verbally answer questions* about reasons for wanting to be in a drama or theater program and why you would like to attend that school. Auditioners will want to know that students are committed to this particular school and the demands of a drama or theater program.
4. *Sing a musical selection from a Broadway show* (for students applying to musical theater programs only). Check with individual schools about their musical theater audition requirements.

**Monologue Criteria:** Schools evaluate monologue performances differently. However, auditioners often look for the following features:

- Dramatic understanding
- Characterization
- Diction
- Clarity of communication
- No costumes or prop pieces

**Preparing a Monologue:** You may choose either an independent monologue or a monologue taken directly from a play and edited for your purposes. If you select a monologue from a play, please be aware of the entire play from which the monologue is taken. You should read the play and be familiar with the character you are portraying.

If you have a theater teacher at your middle school, ask for assistance with your monologue preparation. An English teacher may also be able to help you prepare.
